Religious Pluralism And Christian Truth

Joseph S. O'Leary

Religious Pluralism And Christian Truth:

Religious Pluralism and Christian Truth Joseph S. O'Leary, 2016-02-25 This is the second of three essays in fundamental theology along with Questioning Back 1985 and Conventional and Absolute Truth 2015 which attempt to reassess the status of Christian doctrinal language within the contemporary regime of truth Reflecting on the reality of religious pluralism as the governing horizon of theology today it proposes that the very notion of religious truth needs to be rethought In a dialogue with Derrida it argues that the effects of dissemination and difference have indeed unsettled any project of pinning down truth in a definitive substantial way while at the same time it defends the objectivity of concretely situated truth judgments as more than merely an effect of the play of language The Buddhist conceptions of emptiness conventional truth and skillful means further explored in Philosophie occidentale et concepts bouddhistes 2011 allow a positive religious significance to be found in this mutation in the status of Christian truth **Christians and Religious Pluralism** Alan Race, 1993

Worldviews Anthony J. Steinbronn, 2007 Author Anthony Steinbronn examines the postmodern perspective that views the Christian church as only one of many brands in the ideological supermarket He critiques the position that Christianity no longer has ultimate truth but must take its place alongside numerous other religions How should Christians respond in this pluralistic age Steinbronn advocates that we need to know how different religions view the world humanity's reason for existence sin and its consequences and eternal life Armed with this knowledge Christians can communicate the truth of God's Word to a world searching for truth and meaning The book examines Buddhism Confucianism Hinduism Islam Tribalism Modernity Twentieth Century Christian Responses to Religious Pluralism Revd Dr David Pitman, 2014-06-28 Presenting an accessible introduction to the contemporary issues and challenges facing all those engaged in the further development of inter faith relationships dialogue and partnership between the world religions Pitman argues that the future of world peace and prosperity depends on the outcome This is accomplished with particular reference to ten key Twentieth Century theologians each of whom had significant influence in the field of inter religious studies both during their lifetime and beyond

Truth is Symphonic Hans Urs von Balthasar, 1987-01-01 Von Balthasar shows the tension between the necessary unity in Christianity and the diversity that should and must exist Today when most people talk about pluralism and really mean dissent and rebellion von Balthasar shows how genuine variety is both possible and desirable within Catholic unity

Trinity and Religious Pluralism Veli-Matti Kärkkäinen, 2017-09-29 The doctrine of the Trinity is one of the most distinguishing marks of Christian faith This is the first book to present an overview of the role of the Trinity in Christian theology in relation to religious pluralism and other religions Approaching the study of the relationship between Christianity and other religions from the perspective of the Trinity this book surveys all the major contributions to the topic by leading theologians at the international and ecumenical level Veli Matti Karkkainen points to future challenges and areas in need of development examining in detail a case study exploring how the Catholic Church has responded to Islam from the

perspective of the Trinity Students of theology and religious studies will find this an invaluable text for courses that discuss religious pluralism and Christianity's relation to other religions. Pastors, other Christian workers, and academics will also find it a handy reference tool for teaching and further study.

Dissonant Voices Harold A. Netland, 1999-04 **Religious Truth and Identity in an Age of Plurality** Peter Jonkers, Oliver J. Wiertz, 2019-08-05

This book deals with the intellectual aspects of having diverse religious expressions in proximity and the socio-political consequences. It provides a multi-disciplinary perspective on this complex subject, cross-fertilizing work on religious plurality with truth claims from theologians as well as philosophers from the continental and analytic traditions. The book includes three major parts. Part 1 explores the ideas around religious diversity and truth. Part 2 draws out the epistemic import of religious diversity, and Part 3 concludes the volume by examining the practical and social aspects of religious diversity. Bringing a transdisciplinary perspective to a topic that remains at the forefront of conversation around the religious life of the world, this book will be of great interest to scholars of Religious Studies, Theology, and the Philosophy of Religion.

Encountering Religious Pluralism Harold Netland, 2001-08-14 Harold Netland traces the emergence of the pluralistic ethos that challenges Christian faith and mission, interacting heavily with philosopher John Hick and providing a framework for developing a comprehensive evangelical theology of religions.

Manifold Witness John R. Franke, 2011-12-01 If Christians are part of the one body of Christ, how do we account theologically for the multiple expressions of our common faith? If God is ultimate truth, why is it so difficult to agree on issues related to truth? Must we sacrifice a commitment to truth in favor of a pragmatic unity in the church? Or must we hold on to our perception of the truth at the expense of fracturing the church? For John Franke, truth versus unity is a false dichotomy. In this provocative yet thoughtful book, he argues that orthodox and biblical Christian faith is inherently pluralist and that this diversity, far from being a problem that needs to be overcome, is in fact a blessing from God and part of the divine design and intention for the church. Suggesting that Christians should affirm the reality of ultimate truth but cautioning humility regarding our grasp of it, Franke sets forth a relational theology in which the many expressions of revealed truth—Christ, the Holy Spirit, and Scripture—along with a diverse church together witness to the expansiveness of the one God. John Franke asserts the plurality of truth not as a capitulation to non- or anti-Christian thought but rather as an expression of profoundly Christian thought and specifically of emergent missional and Trinitarian Christian thought. In so doing, he gently implies that the dominant alternative view that white modernist Western Christian scholars and institutions have a monopoly on truth is actually a capitulation to modes of thought and power that have betrayed the life and gospel of Jesus Christ. From the foreword by Brian McLaren: A refreshing study of plurality and diversity as something intrinsic to the nature of Christianity rather than as something extraneous to it. Lucid and lively, the book makes a valuable contribution to the ongoing discussion about the religion's emerging profile in the twenty-first century. I am entirely in agreement with John Franke that faith is embodied, that theology is rooted in practice and experience, and that the gospel shapes and is shaped by

culture *Manifold Witness* tracks the manifold trails of Christianity's impact on persons and societies. It should find welcome response in theological study and teaching. Lamin Sanneh, Professor of World Christianity and Director, World Christianity Initiative at Yale Divinity School; Professor of History at Yale University and author of *Translating the Message: The Missionary Impact on Culture* and *Disciples of All Nations: Pillars of World Christianity*. Why is there a Trinity of persons and a quartet of Gospels? Do not relation and difference, context and plurality lie at the very heart of the Christian tradition? Is not the infinite resourcefulness of love enhanced by change and alterity? These are the kinds of questions that John Franke addresses in a bold, sweeping and lucid presentation of the ongoing renewal of the life of the church. *Manifold Witness* is the fruit of a tenacious faith in the Christian tradition and a no less tenacious faith in the power of truth. John D. Caputo, Thomas J. Watson Professor of Religion and Humanities at Syracuse University and author of *What Would Jesus Deconstruct? The Good News of Postmodernism for the Church*. John Franke's *Manifold Witness* is the most Reformed book I have ever read. Why? It is the first I have read that not only believes the human mind has been impacted by the Fall but also that carries this through into how the Bible makes truth claims. We need manifold witnesses because as humans, no one author can grasp the whole Story. If it takes a village to nurture a child, it takes the manifold voices of the Bible and the church to nurture the church. Boldness braced up by humility marks every page of this book. Scot McKnight, Karl A. Olsson Professor in Religious Studies, North Park University and author of *A Community Called Atonement*. With clarity, grace and practical insight, John Franke argues convincingly that the plurality of witnesses in Christian tradition is not a hindrance but a gift that rescues us from both the rigid dogmatism that constricts God's truth and the anything goes pluralism that trivializes it. Danielle Shroyer, pastor of Journey Church in Dallas, Texas and author of *The Boundary Breaking God: An Unfolding Story of Hope and Promise*. An honest, passionate, engaging and spirit-raising book. Franke's humble, bold articulation of the crux of the emerging church conversation centered on the Bible and tradition is confessional yet inclusive. He genuinely celebrates the gifts of the plurality of the church in diverse witnesses and the unity of the reconciling love of God in Jesus' mission. Andrew Sung Park, Professor of Theology at United Theological Seminary in Dayton, Ohio. I cannot think of a more important nor relevant topic than the nature of Truth with a capital T. It shapes and influences how we think, believe and act. In a world of competing truth claims, it is easy and common to end the conversation by retreating to our own familiar tradition. John Franke wants us to do more: to think deeply and faithfully about a wonderfully provocative notion, the plurality of truth. This book will be an invaluable resource for preachers and teachers. John Buchanan, Pastor, Fourth Presbyterian Church of Chicago and Editor/Publisher of *The Christian Century*. *Manifold Witness* will truly help Christians committed to the apostolic faith understand that a plurality of views and interpretations rather than contradicting that faith stands at its very core. Justo L. González, author of *A Concise History of Christian Doctrine* and *A History of Christian Thought*.

Adopting the Tune of Term: An Psychological Symphony within **Religious Pluralism And Christian Truth**

In some sort of taken by displays and the ceaseless chatter of quick connection, the melodic beauty and mental symphony created by the prepared word frequently diminish into the background, eclipsed by the persistent noise and disruptions that permeate our lives. But, nestled within the pages of **Religious Pluralism And Christian Truth** a charming literary value brimming with fresh feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this interesting masterpiece conducts readers on a psychological trip, skillfully unraveling the concealed melodies and profound influence resonating within each carefully constructed phrase. Within the depths of this moving review, we can examine the book is key harmonies, analyze their enthralling writing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
