Religious Apartheid The Separation Of Religion From American Public Life:

Suing for America's Soul R. Jonathan Moore, 2007-06-25 When John W Whitehead founded The Rutherford Institute as a Christian legal advocacy group in 1982 he was interested primarily in the First Amendment's religion clause serving clients only when religious freedom was at stake By the mid 1990s however religious rights were but one subset of all the freedoms that he saw threatened by an invasive government In *Suing for America's Soul* R Jonathan Moore examines the foundation and subsequent practices of The Rutherford Institute helping to explain the rise of conservative Christian legal advocacy groups in recent decades Moore exposes the effects good and bad that such legal activism has had on the evangelical Protestant community Thought provoking and astute *Suing for America's Soul* opens a revealing window onto evangelical Protestantism at large in late twentieth century America

Religion and Politics in the Early Republic Daniel Dreisbach, 2021-12-14 The church state debate currently alive in our courts and legislatures is strikingly similar to that of the 1830s A secular drift in American culture and the role of religion in a pluralistic society were concerns that dominated the controversy then as now In *Religion and Politics in the Early Republic* Daniel L Dreisbach compellingly argues that the issues in our current debate were framed in earlier centuries by documents crucial to an understanding of church state relations the First Amendment and our present concern with the constitutional role of religion in American public life Reflection on this national discussion of more than 150 years ago casts light on both past and future relations between church and state in America In an 1833 sermon *The Relation of Christianity to Civil Government in the United States* the Reverend Jasper Adams of Charleston South Carolina an eminent educator and moral philosopher offered valuable insight into the social and political forces that shaped church state relations in his time Adams argued that the Christian religion is indispensable to social order and national prosperity Although he opposed the establishment of a state church he believed that a Christian ethic should inform all civil legal and political institutions Adams's remarkably prescient discourse anticipated the emergence of a dominant secular culture and its inevitable conflict with the formerly ascendant religious establishment His treatise was the first major work from the embattled religious traditionalists controverting Thomas Jefferson's vision of a secular polity and strict church state separation Eager to confirm his analysis Adams sent copies of the sermon to scores of leading intellectuals and public figures of his day In this volume Dreisbach brings together for the first time Adams's sermon a critical review of the treatise and transcripts of previously unpublished letters written in response to it by James Madison John Marshall Joseph Story and J S Richardson These letters provide a rare glimpse into the minds of several influential statesmen and jurists who were central in shaping the republic and its institutions The Story and Madison letters are among their authors' final and most perceptive pronouncements on church state relations The documents that Dreisbach has assembled in this edition provide a vivid portrait of early nineteenth century thought on the constitutional role of religion in public life Our ongoing national discussion of this topic is illuminated by the debate encapsulated in these pages

America's Christian History

Gary DeMar, 2005 From the founding of the colonies to the declaration of the Supreme Court America's heritage is built upon the principles of the Christian religion And yet the secularists are dismantling this foundation brick by brick attempting to deny the very core of our national life Gary DeMar presents well documented facts which will change your perspective about what it means to be a Christian in America the truth about America's Christian past as it relates to supreme court justices and presidents the Christian character of colonial charters state constitutions and the US Constitution the Christian foundation of colleges the Christian character of Washington D C the origin of Thanksgiving and so much more Publisher's description

America-A Purpose-Driven Nation Philip Michael Pantana, 2007-11 AMERICA A PURPOSE DRIVEN NATION ONE NATION UNITED ONE GOD JEHOVAH ONE LAW BIBLICAL Freedom of Religion The founding of America was Providential not accidental America was founded on purpose for a purpose freedom to worship as people please Christianity is the faith that gave birth to freedom of religion Because of this spiritual heritage America is known around the world for freedom the Bill of Rights ensures for all citizens beginning with religious tolerance Reversing Current Secular Trends What secularists are doing today is repressive to the First Amendment and offensive to Christians The secularist agenda to enact Hate Crimes laws designed contrary to biblical principles is a destructive form of government opposing the consent of the governed Ronald Reagan hero of conservatives said The frustrating thing is that those who are attacking religion claim they are doing it in the name of tolerance Question Isn't the real truth that they are intolerant of religion Reversing the current trend of secularization in American society involves making two essential changes 1 quashing the unfriendly secularist war on faith and 2 overturning activist Courts which limit Judeo Christian expression in the public arena Real Problems Real Solutions This book features a Contract with Conservatives that offers real solutions to the vital issues we the people must come to grips with Like German reformer Martin Luther in October of 1517 Pantana nails 95 theses of conservatism on the false walls erected by secularists which separate church from state History is too filled with examples of this pattern for it to be ignored The silent majority must let its voice be heard loud and clear at the ballot box in the 2008 election For more information on the 95 proposals in the Contract with Conservatives visit www.purposedrivennation.com

Religion of Fear Jason C Bivins, 2008-08-29 Jason C Bivins offers close examinations of several popular evangelical cultural creations including the

Left Behind novels church sponsored Halloween Hell Houses Jack Chick's sensational comic tracts and anti rock and rap rhetoric and censorship Bivins depicts these fascinating and often troubling phenomena in vivid detail and shows how they seek to shape evangelical cultural and political identity

Investigating Christian Privilege and Religious Oppression in the United States, 2019-02-11 Today the United States stands as the most religiously diverse country in the world This diversity poses great challenges as well as opportunities Christian denominations and their cultural manifestations however often function to marginalize exclude and deny members and institutions of other religions and non believers the privileges and access that accompany a Christian affiliation Christianity is the privileged religious perspective in the United States since Christian groups people and organizations often have the power to define normalcy Christian privilege comprises a large array of benefits that are often invisible unearned and unacknowledged by Christians At times overt while at other times more subtle as Christian religious practice and beliefs have entered the public square the clearly religious meanings symbolism positionality and antecedents of these practices and beliefs betray claims to mere secularism The effect of the so called secularization of Christian religious practices and beliefs not only fortifies but strengthens Christian privilege by perpetuating Christian influence in such a way as to avoid detection as religion or circumvent violating the constitutional requirements for the separation of religion and government Christian dominance therefore is maintained often by its relative invisibility With this invisibility privilege is neither analyzed nor scrutinized neither interrogated nor confronted Investigating Christian Privilege and Religious Oppression in the United States addresses Christian privilege as well as religious oppression since the two are in symbiotic relationship oppression toward non Christians gives rise to Christian privilege in the United States and Christian privilege maintains oppression toward non Christian individuals and faith communities This anthology also provides historical and contemporary cases exposing Christian privilege and religious oppression on the societal institutional and personal interpersonal levels A number of chapters include sections suggesting change strategies and in particular ways to achieve the national goal of religious pluralism in the United States

When a Nation Forgets God Erwin W. Lutzer, 2015-12-18 This excellent book is so important It clearly and powerfully explains what the parallels are between Germany's fall from grace and the beginning of our own fall Eric Metaxas author of Bonhoeffer Pastor Martyr Prophet Spy In When A Nation Forgets God Erwin Lutzer studies seven similarities between Nazi Germany and America today some of them chilling and cautions us to respond accordingly Engaging well researched and easy to understand Lutzer's writing is that of a realist one alarmed but unafraid Amidst describing the messes of our nation's government economy legal pitfalls propaganda and more Lutzer points to the God who always has a plan At the beginning of the twentieth Century Nazi Germany didn't look like a country on the brink of world shaking terrors It looked like America today When a Nation Forgets God uses history to warn us of a future that none of us wants to see It urges us to be ordinary heroes who speak up and take action

Faith, Morality, and Civil Society Dale McConkey, Peter Augustine Lawler, 2003-06-05 In this rich

collection of essays editors Dale McConkey and Peter Augustine Lawler explore the contributions that religious faith and morality can make to a civil society Though the level of religious expression has remained high in the United States the shift from traditional religious beliefs to a far more individualized style of faith has led many to contend that no faith commitment collective or personal should contribute to the vibrancy of a civil democratic society Challenging those who believe that the private realm is the only appropriate locus of religious belief the contributors to this volume believe that religion can inform and invigorate the secular institutions of society such as education economics and politics Drawn from a wide variety of religious and moral traditions these diverse essays show from many perspectives the important contribution religion has to make in the public square that is civil society

Globalizing Family Values Doris Buss, 2003 With little fanfare and profound effect family values have gone global and the influence of the Christian Right is increasingly felt internationally This is the first comprehensive study of the Christian Right's global reach and its impact on international law and politics Doris Buss and Didi Herman explore tensions contradictions victories and defeats for the Christian Right's global project particularly in the United Nations The authors consult Christian Right materials from pamphlets to novels conduct interviews with people in the movement and provide a firsthand account of the World Congress of Families II in 1999 a key event in formulating Christian Right global policy and strategy The result is a detailed look at a new global player its campaigns against women's rights population policy and gay and lesbian rights its efforts to build an alliance of orthodox faiths with non Christians and the tensions and strains as it seeks to negotiate a role for conservative Christianity in a changing global order
