The Handbook of Spiritual Development in Childhood and Adolescence is a key resource for academics researchers and students in departments of Psychology Family Studies and Religious Studies

It is particularly useful for courses in Developmental Psychology Human Development especially child and adolescent development Psychology of Religion and Sociology of Religion

It also will be invaluable for professionals working with young people including educators religious leaders and health practitioners

Radical Grace J. Harold Ellens, 2007-10-30

The esteemed editor who brought us the acclaimed set *The Destructive Power of Religion* turns his attention here to a similarly powerful yet positive side of religion how our concept of God can fuel healthy body and mind

This book contends that all health mental and physical is shaped for good or ill by our spiritual theological and psychological notions about the nature of God and by the way we form an outlook on life as a result of these notions

Across history a large percentage of people have believed that God is a threat an attitude Ellens describes as sick gods created through pathological beliefs or sick gods that make sick people

But Ellens grounds his brighter perspective in this text on God as a source of unconditional grace and goodwill then illuminates the effect this perspective has on people who have incorporated it into their minds and lives

Ellens shows that people with firm faith in God's radical grace are psychologically strong and healthy

His offering of psychology interfacing with theology is reminiscent of Carl Rogers teaching on unconditional positive regard and its ability to heal suffering persons

All readers he explains can benefit by this understanding that can inspire spiritual and psychological healing whether for ourselves family friends or clients in counseling or therapy

Lord Jesus Christ Larry W. Hurtado, 2005-09-14

This outstanding book provides an in depth historical study of the place of Jesus in the religious life beliefs and worship of Christians from the beginnings of the Christian movement down to the late second century

Lord Jesus Christ is a monumental work on earliest Christian devotion to Jesus sure to replace Wilhelm Bousset's *Kyrios Christos* 1913 as the standard work on the subject

Larry Hurtado widely respected for his previous contributions to the study of the New Testament and Christian origins offers the best view to date of how the first Christians saw and revered Jesus as divine

In assembling this compelling picture Hurtado draws on a wide body of ancient sources from Scripture and the writings of such figures as Ignatius of Antioch and Justin to apocryphal texts such as the Gospel of Thomas and the Gospel of Truth

Hurtado considers such themes as early beliefs about Jesus divine status and significance but he also explores telling devotional

practices of the time including prayer and worship the use of Jesus name in exorcism baptism and healing ritual invocation of Jesus as Lord martyrdom and lesser known phenomena such as prayer postures and the curious scribal practice known today as the nomina sacra The revealing portrait that emerges from Hurtado s comprehensive study yields definitive answers to questions like these How important was this formative period to later Christian tradition When did the divinization of Jesus first occur Was early Christianity influenced by neighboring religions How did the idea of Jesus divinity change old views of God And why did the powerful dynamics of early beliefs and practices encourage people to make the costly move of becoming a Christian Boasting an unprecedented breadth and depth of coverage the book speaks authoritatively on everything from early Christian history to themes in biblical studies to New Testament Christology Hurtado s Lord Jesus Christ is at once significant enough that a wide range of scholars will want to read it and accessible enough that general readers interested at all in Christian origins will also profit greatly from it *Religious Experience* John G. Finch Symposium on Psychology and Religion\$ (1er : 1971 : Fuller Theological Seminary),1973

Discover tales of courage and bravery in Crafted by is empowering ebook, Stories of Fearlessness: **Religious Experience Its Nature And Function In The Human Psyche** .
