Religious Food Religious Topics:

Food, Feasts, and Faith Paul Fieldhouse, 2017-04-17 An indispensable resource for exploring food and faith this two volume set offers information on food related religious beliefs customs and practices from around the world Why do Catholics eat fish on Fridays Why are there retirement homes for aged cows in India What culture holds ceremonies to welcome the first salmon More than five billion people worldwide claim a religious identity that shapes the way they think about themselves how they act and what they eat *Food Feasts and Faith* An Encyclopedia of Food Culture in World Religions explores how the food we eat every day often serves purposes other than to keep us healthy and stay alive we eat to express our faith and to adhere to ethnic or cultural traditions that are part of who we are This book provides readers with an understanding of the rich world of food and faith It contains more than 200 alphabetically arranged entries that describe the beliefs and customs of well established major world religions and sects as well as those of smaller faith communities and new religious movements The entries cover topics such as religious food rules religious festivals and symbolic foods and vegetarianism and veganism as well as general themes such as rites of passage social justice hospitality and compassion Each entry on religion explains what the religious dietary laws and guidelines are and how these were interpreted and put into practice historically and in modern settings The coverage also includes important festivals and feast days as well as significant religious figures and organizations Additionally some 160 sidebars provide examples and more detailed information as well as fun facts

Food, Farming, and Faith Gary W. Fick, 2012-04-24 *Food Farming and Faith* looks at agricultural sustainability and Christianity Using scripture and science Gary W Fick a Christian agricultural scientist demonstrates that faith can inform decisions about creating managing even consuming our food The book highlights such topics as food and celebration environmental care ecology and faith soil and water stewardship animal welfare and the impact of poverty on women and our food supply Throughout Fick presents and discusses biblical passages that comment on these areas and provides insight from personal experiences growing up in a ranching family in teaching sustainable agriculture and as a scientist Ultimately Fick challenges the reader to think about eating more thoughtfully so that we have good food a healthy environment and a comfortable lifestyle all at the same time

Meals in Science and Practice H L Meiselman, 2009-03-26 The meal is the key eating occasion yet professionals and researchers frequently focus on single food products rather than the combinations of foods and the context in which they are consumed Research on meals is also carried out in a wide range of fields and the different disciplines do not always benefit from each others expertise This important collection presents contributions on meals from many perspectives using different methods and focusing on the different elements involved Two introductory chapters in part one summarise the key findings in *Dimensions of the Meal* the first book to bring an interdisciplinary perspective to meals and introduce the current publication by reviewing the key topics discussed in the following chapters Parts two to four then consider how meals are defined studied and taught Major

considerations include eating socially and eating alone the influence of gender and the different situations of home restaurant and institutional settings Part five reviews meals worldwide with chapters on Brazilian Indian Chinese and Thai meals among others The final parts discuss meals from further perspectives including those of the chef product developer and meal setting designer With its distinguished editor and international team of contributors Meals in science and practice is an informative and diverse reference for both professionals and academic researchers interested in food from disciplines such as food product development food service nutrition dietetics sociology anthropology psychology public health medicine and marketing Summarises key findings in dimensions of the meal Considers how meals are defined studied and taught including eating alone and socially and the influence of gender Reviews the meaning of meals in different cultures
