Lea Gerhards,2022-05-19 In this book Lea Gerhards traces connections between three recent vampire romance series the Twilight film series 2008 2012 The Vampire Diaries 2009 2017 and True Blood 2008 2014 exploring their tremendous discursive and ideological power in order to understand the cultural politics of these extremely popular texts She uses contemporary vampire romance to examine postfeminist ideologies and discuss gender sexuality subjectivity agency and the body Discussing a range of conflicting meanings contained in the narratives Gerhards critically looks genre s engagement with everyday sexism and violence against women power relations in heterosexual relationships sexual autonomy and pleasure self empowerment and self surveillance She asks Why are these genre texts so popular right now what specific desires issues and fears are addressed and negotiated by them and what kinds of pleasures do they offer The Interpretation of The Meaning of The Holy Quran Volume 7 - Surah Al-Baqarah verse 262 to 286 Nasoha Bin Saabin, I have written many books and articles on various topics but since 2013 I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah I have completed the whole Quran on 29th October 2020 with 84 books I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English Currently there is a great misunderstanding about Islam among Muslims and non Muslims globally The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non Muslims The wrong actions of the Muslims have led to many miseries and wars among Muslims The wrong actions of Muslims have also led to many wars and clashes between Muslims and non Muslims In order to avoid miseries wars and clashes from taking place between the whole mankind in the whole world the whole mankind in the whole world need to understand the true teaching of Islam There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world English For this very reason I have written the interpretation of the Holy Quran in English Prof Nasoha Bin Saabin Animals and Desire in South African Fiction Jason D. Price,2017-07-15 This book considers the political potential of affective experiences of desire as reflected in contemporary South African literature Jason Price argues that definitions of desire deployed by capitalist and colonial culture maintain social inequality by managing relations to ensure a steady flow of capital and pleasure for the dominant classes whereas affective encounters with animals reveal the nonhuman nature of desire a biopower that in its unpredictability can frustrate regimes of management and control Price wonders how animals different desires might enable new modes of thought to positively transform and resist the status quo This book contends that South African literary works employ nonhuman desire and certain indigenous notions of desire to imagine a South Africa that can be markedly different from the past White Sports/Black Sports Lori Latrice Martin,2015-03-03 The racial makeup of

sports in the United States serves as a classic example of racism in the 21st century This book examines the racial disparities in sports and the continuing significance of race in 21st century America debunking the myth of a postracial society Sports can serve as an inspirational example of what can be achieved through hard work and perseverance regardless of one s race However there is plenty of evidence that race still plays a major role in sports and that sports are key agents of racial socialization White Sports Black Sports Racial Disparities in Athletic Programs challenges the idea that America has moved beyond racial discrimination and identifies the obvious and subtle ways in which racial identities and athletic determinism affect non white individuals in the world of sports Author Lori Latrice Martin gives readers a keen awareness of the issues allowing them to see the links between sports and society as a whole and to perceive that the issues surrounding racism in sports impact people in every realm of life and are not limited to the playing field She discusses how the media acts as an agent of racial socialization in sports documents how historical stereotypes of minorities still exist and looks closely at racial socialization in sports including basketball baseball and football exposing how blacks remained under represented in most sports especially among front office administrators owners coaches and managers This work serves undergraduate and graduate students in the social sciences to enhance their understanding of minority and majority group relationships and appeals to general readers interested in the history of race and sports in America
