

The background of the book cover is a dense, overlapping field of New Zealand dollar coins. The coins are primarily silver-colored, with some gold-colored ones interspersed. They are scattered across the entire surface, creating a textured, metallic appearance. The lighting is slightly darker towards the edges, giving a sense of depth.

Shaun Goldfinch, Joe Wallis

Remaking New Zealand And Australian Economic Policy:

Remaking New Zealand and Australian Economic Policy Shaun Goldfinch, 2000 During the 1980s and early 1990s both Australia and New Zealand extensively deregulated their economies moving to become amongst the most liberal economies in the OECD Shaun Goldfinch interviewed more than 180 leading policy makers in Australia and New Zealand including former prime ministers ministers of finance treasurers public servants and other policy elites and examined primary government sources to demonstrate the reasons and processes involved in this remarkable period of economic reform This major comparative study sheds new light on economic policy making and change including the role of economic ideas and the importance of institutions and policy communities It contrasts the crash through approach that characterised reform in New Zealand with the bargained consensus that underpinned changes in Australia Finally it asks the critical question Has the New Zealand approach to policy change delivered better policy outcomes *The Cambridge Handbook of Social Sciences in Australia* Ian McAllister, Steve Dowrick, Riaz Hassan, 2003-08-07 First published in 2003 The Cambridge Handbook of Social Sciences in Australia is a high quality reference on significant research in Australian social sciences The book is divided into three main sections covering the central areas of the social sciences economics political science and sociology Each section examines the significant research in the field placing it within the context of broader debates about the nature of the social sciences and the ways in which institutional changes have shaped how they are defined taught and researched The Far East and Australasia 2003 Europa Publications, 2002 A unique survey of each country in the region It includes an extensive collection of facts statistics analysis and directory information in one accessible volume Statecraft and Liberal Reform in Advanced Democracies Nils Karlson, 2017-09-04 This book explains how advanced democracies and welfare states can achieve welfare enhancing liberal institutional reform It develops a general theory based on an extended comparative case study of Sweden and Australia over the last 25 years and offers an in depth contribution to the field of institutional change explaining how to govern a country well and how to overcome different barriers to reform such as special interests negativity biases and media logic It develops the concepts of the reform cycle reform strategies and polycentric experiential learning in order to explain successful reforms and the key role of policy entrepreneurs who introduce and develop new ideas The book further examines why these reforms came to an end Karlson also applies the ideas of Popperian Kuhnian and Machiavellian reform strategies and explains why they are needed for reform to come about The theory of modern statecraft presented here involves a combination of knowing what and knowing how It has the potential to be generally applicable in any advanced democracy with the ambition to improve its economy and society This book is of interest for anyone who is concerned about budget deficits slow growth over regulation lack of structural reforms and the rise of populism It will appeal to scholars of political science public policy and political economy Treasury Malcolm McKinnon, 2013-10-01 Commissioned by the Ministry for Culture and Heritage this interpretive history tackles New Zealand's most important department of state the

Treasury Department The history of the complex interplay between New Zealand's government economy and people is detailed McKinnon shows the perennial jousting of officials with ministers the rise and fall of the accountants the rise of the economists and the impact of changes in the political scene and of events in the world economy

A Concise History of New Zealand Philippa Mein Smith, 2012-02-06 New Zealand was the last major landmass other than Antarctica to be settled by humans The story of this rugged and dynamic land is beautifully narrated from its origins in Gondwana some 80 million years ago to the twenty first century Philippa Mein Smith highlights the effects of the country's smallness and isolation from its late settlement by Polynesian voyagers and colonisation by Europeans and the exchanges that made these people Maori and Pakeha to the dramatic struggles over land and recent efforts to manage global forces A Concise History of New Zealand places New Zealand in its global and regional context It unravels key moments the signing of the Treaty of Waitangi the Anzac landing at Gallipoli the sinking of the Rainbow Warrior showing their role as nation building myths and connecting them with the less dramatic forces economic and social that have shaped contemporary New Zealand

International Handbook of Public Management Reform Shaun Goldfinch, Joe Wallis, 2009-01-01 This volume presents a compelling package for anyone interested in public sector reform It effectively combines a wide range of well researched reviews of national experiences with state of the art thematic chapters in key reform areas such as IT governance public sector leadership and accountability The result is a robust insightful and sometimes sobering series of accounts of the promises and pitfalls of efforts to reform the institutions and practices of public governance around the world A must read Paul t Hart Australian National University This major Handbook provides a state of the art study of the recent history and future development of international public management reform Through a careful cross country analysis spanning the last three decades this timely volume critically evaluates whether countries are converging towards a single public management model The book goes on to investigate unresolved issues surrounding leadership e government accountability and computer systems failure currently facing reformers Shaun Goldfinch and Joe Wallis have brought together a number of eminent scholars from across Europe Asia North America and Australasia to explore the role of economic ideas human resources and the state of public management reform in twelve countries Providing a broad global overview of public management and facilitating a greater understanding of the difficult issue of reform this book will find widespread appeal amongst academics and postgraduate students of public administration as well as practitioners in the field

New Directions for International Relations Alex Mintz, Bruce M. Russett, 2005-01-01 Why does the academic study of international relations have limited impact on the policy community In New Directions for International Relations Mintz and Russett identify differences in methods of analysis as one cause of problematic unreliable results They discuss the problem and set the stage for nine chapters by diverse scholars to demonstrate innovative new developments in IR theory and creative new methods that can lay the basis for greater consensus

Prometheus Assessed? Shaun Goldfinch, Kiyoshi Yamamoto, 2012-04-11 This book examines the problems

pitfalls and opportunities of different models of assessing research quality drawing on studies from around the world Aimed at academics education officials and public servants key features include an overview of the argument of whether research should be assessed and how research quality should be determined Prometheus Assessed offers a survey of research assessment models in the US UK Japan and New Zealand and includes an examination of citation analysis and comparison between the different models Should research be assessed and what is research quality Survey of research assessment models in US UK Japan and New Zealand Examination of citation analysis **Deep Learning** Stellan Ohlsson, 2011-01-31 Although the ability to retain process and project prior experience onto future situations is indispensable the human mind also possesses the ability to override experience and adapt to changing circumstances Cognitive scientist Stellan Ohlsson analyzes three types of deep non monotonic cognitive change creative insight adaptation of cognitive skills by learning from errors and conversion from one belief to another incompatible belief For each topic Ohlsson summarizes past research re formulates the relevant research questions and proposes information processing mechanisms that answer those questions The three theories are based on the principles of redistribution of activation specialization of practical knowledge and re subsumption of declarative information Ohlsson develops the implications of those mechanisms by scaling their effects with respect to time complexity and social interaction The book ends with a unified theory of non monotonic cognitive change that captures the abstract properties that the three types of change share
