*Transnational Jean Rhys* Juliana Lopoukhine, Frédéric Regard, Kerry-Jane Wallart, 2020-12-10 This volume investigates the frameworks that can be applied to reading Caribbean author Jean Rhys While Wide Sargasso Sea famously displays overt forms of literary influences Jean Rhys s entire oeuvre is so fraught with connections to other texts and textual practices across geographical boundaries that her classification as a cosmopolitan modernist writer is due for reassessment Transnational Jean Rhys argues against the relative isolationism that is sometimes associated with Rhys s writing by demonstrating both how she was influenced by a wide range of foreign especially French authors and how her influence was in turn disseminated in myriad directions Including an interview with Black Atlantic novelist Caryl Phillips this collection charts new territories in the influences on of an author known for her dislike of literary coteries but whose literary communality has been underestimated Revolutionary lives of the Red and Black Atlantic since 1917 David Featherstone, Christian Høgsbjerg, Alan Rice, 2022-04-05 Revolutionary lives of the Red and Black Atlantic brings to light the life histories of a wide range of radical figures whose political activity in relation to the black liberation struggle was profoundly shaped by the global impact and legacy of the Russian Revolution of October 1917 The volume introduces new perspectives on the intellectual trajectories of well known figures and critical activists including C L R James Paul Robeson Walter Rodney and Grace P Campbell This biographical approach brings a vivid and distinctive lens to bear on how racialised social and political worlds were negotiated and experienced by these revolutionary figures and on historic black radical engagements with left political movements in the wake of the Russian Revolution **Borders and Travellers in Early Modern Europe** Thomas Betteridge, 2017-03-02 Early modern Europe was obsessed with borders and travel It found imagined and manufactured new borders for its travellers to cross It celebrated and feared borders as places or states where meanings were charged and changed In early modern Europe crossing a border could take many forms sailing to the

Americas visiting a hospital or taking a trip through London's sewage system Borders were places that people lived on through and against Some were temporary like illness while others claimed to be absolute like that between the civilized world and the savage but as the chapters in this volume show to cross any of them was an exciting anxious and often a potentially dangerous act Providing a trans European interdisciplinary approach the collection focuses on three particular aspects of travel and borders change status and function To travel was to change not only humans but texts words goods and money were all in motion at this time having a profound influence on cultures societies and individuals within Europe and beyond Likewise status was not a fixed commodity and the meaning and appearance of borders varied and could simultaneously be regarded as hostile and welcoming restrictive and opportunistic according to one's personal viewpoint The volume also emphasizes the fact that borders always serve multiple functions empowering and oppressing protecting and threatening in equal measure By using these three concepts as measures by which to explore a variety of subjects Borders and Travellers in Early Modern Europe provides a fascinating new perspective from which to reassess the way in which early modern Europeans viewed themselves their neighbours and the wider world with which they were increasingly interacting
