Captain Cook's Voyages (Classic Reprint) James Cook,2015-07-20 Excerpt from Captain Cook s Voyages
Distinguished as this country is and ever has been for its able navigators it acquires no inconsiderable accession of fame from boasting of the name of Cook whose three principal voyages we are now about to detail in an unbroken series This able and most amiable man was born at Marton in Cleveland a village about four miles from Great Ayton in Yorkshire on the 27th of October 1728 His father who lived in the humble station of a farmer s servant married a woman in the same sphere of life with himself and both were noted in their neighbourhood for their honesty sobriety good conduct and industry qualities which ever reflect a lustre on the humblest ranks When our navigator was about two years old his father removed to Great Ayton and was appointed to superintend a considerable farm known by the name of Airyholm belonging to Thomas Scottowe Esq As the father long continued in this trust the son naturally followed the same employment as far as his tender years would admit His early education appears to have been slight but at the age of thirteen we find him placed under the tuition of one Mr Pullen who taught school at Ayton where he learned the rudiments of arithmetic and book keeping and is said to have shown a remarkable facility in acquiring the science of numbers About the beginning of the year 1745 when young Cook was seventeen years old his father bound him apprentice to William Sanderson for four years to learn the grocery and haberdashery business at a place called Snaith a populous fishing town about ten miles from Whitby and while here according to Mr Sanderson s account he displayed a maturity of judgment and a quickness in calculations far beyond his years But as he evinced a strong partiality for a maritime life a predilection strengthened by the situation of the place and the company with which perhaps he associated on some trivial disagreement with his master he obtained a release from his engagements after a year and a half s servitude and determined to follow the bent of his own inclination About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in
