Remember We Come From Good Stock:

Family from Good Wholesome Stock Norma Love Becker, 2022-04-27 The 1700 1800 s was a period of drastic change for those that immigrated to the U S from their own homelands Leaving family members behind for a long and bold migration trip was often out of desperation They were willing to face overwhelming challenges and risks for successfully paving the way for you and me today My families came to America to seek refuge from Ireland and England with inspired optimism driven by a dream to own their own land and to seek independent liberty and freedom They saw potential in trying new adventures and to accept new things The journeys were difficult and dangerous for the people and the animals They pushed boundaries to advance a cause and had determination in succeeding by overcoming those great challenges I want to preserve what my ancestors did for me and continue their good morals and faith I m curious about where my ancestors came from and the origin of Love my last name I know family ties and morals from good wholesome stock led me as I grew up But change happens so it is up to me to preserve what my life was like and accept the new changes that comes But as I approach the winter of my life I find it has caught me by surprise that I m in it How did it get here so fast Where did the years go It seems like yesterday that I was young But by reminiscing my memories through people I knew old snapshots newspaper clippings and stories told I feel the joy in being just a little younger by writing my life for you I hope you can relate P S This is a follow up story to my first book Four Generations on the Love Farm I want my children to know the impact families have by knowing one another They were important to me Today distance interferes with that and I wanted my children to realize they also came from good wholesome stock **The Letter** Christine Gardner, **All That I Am with Thoughts and Dreams** Tanya Lynn Walker, 2010-05-21 In understanding who I am and the journey it took to get me from one point in my life to another I have written this book of poetry as the link to a creative process of true and honest emotions I am the force behind my own energy and fate Through purpose and passion it is with joy and happiness I share my unshakeable truths My world revolves around interpretations of rhythm and rhyme While some may view these poems as thought provoking they are merely words of beauty and power that surround me in my space and time The passion and light reflected in this book are responses to inspirations tragedies love and faith a way that helps me to connect with the modern reader They are words that I have spoken and thought of in my mind and heart Poetry is love in any language and because I am in love with life I have written these love songs to those that have achieved something greater than the power of words Poetry is wisdom and the humility that comes from wisdom All the knowledge that I have gained from wisdom comes from heaven I am but a lonely dreamer

Monroe-Moore, 2010-01-19 This is an inspirational story by Dr Frankie J Monroe Moore She shares her journey from poverty homelessness marriage and motherhood to walking across the stage with the use of a walker to receive her Doctorate in Educational Leadership on May 16 2009 Four months earlier on January 5 2009 she entered the hospital clinically dead She had no pulse or heartbeat and her kidneys had completely shut

down According to her body temperature she had been dead for two hours The only way the doctors knew she was still alive was she was talking She needed six pints of blood but the doctors could not find out where her blood had gone She was not bleeding internally or externally A mysterious mutated blood cell was also discovered in her blood stream She shares an enthralling account of heavenly and demonic forces that were present during her 25 day stay in the hospital 17 of which were in two intensive care units It is a testimony of triumph of the human spirit and the power of God This story provides a riveting display of power and surrender to God Through all she had gone through in life and was still here showed why she had so much faith Too Tuckered to Trick or Treat Sheryl Lee,2024-03-05 Carson City cousins Beth Fox and Jo Shannon had been

causing trouble from an early age Now in their declining years their friends hoped they would begin to mellow out No such luck They had been like sisters since they were kids Their younger brothers had long since moved away from the small Nevada town but the girls felt it was their duty to run family affairs keeping everyone connected One such responsibility was the family cabin in Lake Tahoe twenty minutes west of Carson City When the cousins went to the cabin in the fall to clean it remove trash and secure it for winter they had no idea they would encounter a dead body When the local police began to look suspiciously at the cousins family the loyalty gene kicked in Not about to have the family s good name dragged through the mud the ladies began their own investigation After all who on the police force was as smart creative and cunning as Beth and Joe One comical adventure leads to another in this lighthearted romp through the trials and tribulations of two zany ladies chasing and being chased by bad guys

medical doctor who had tried every diet she could find to control the weight gains that had plagued her throughout her life As the founding physician of a busy health clinic she also saw that overweight patients who were suffering from a variety of diseases were far worse off than those who had their weight under control As a result Dr Gault McNemee began to examine

what we eat and what our slimmer healthier ancient forebears ate They didn't have processed foods and access to sugar they weren't consuming alcohol and foods that had been mixed with artificial ingredients they couldn't pronounce They were eating what God put on this earth meat fish fruit vegetables grains and nuts And thus was God's Diet born In other words if you can't pick it pluck it pull it from the earth or scale it don't eat it If you pick up a can or a package of food that includes even one ingredient that you can't identify don't eat it Dr Gault McNemee also cautions that far too many foods contain sugar as an additive from cereal to bread to canned vegetables Prepare foods simply and avoid sugar but while you're at it have a steak and a baked potato with butter and sour cream In God's Diet Dr Gault McNemee has compiled numerous case studies from her own practice inspiring advice from people like herself whose lives have been changed for the better information on vitamins minerals and cholesterol and menu planning advice and delicious recipes The doctor has also prepared three lists of foods those which you can eat all you reasonably want those you should avoid and a swing list of foods that you may enjoy occasionally and with limitations God's Diet enables you to lose weight simply and naturally without having to remember any complex diet regimen By incorporating simple habits into our lives paying attention to food labels drinking eight to ten glasses of water a day and exercising reasonably we can easily and radically change the way we live while becoming healthier and living longer Never has there been a simpler or more logically thought out weight control guide There is nothing to count or exchange no special foods to buy Everything you need to live a slimmer healthier life is in your supermarket if you follow the advice of Dr Gault McNemee whose vast experience with fad diets and overweight patients led her to conceive this brilliant little book This truly is the last diet book you'll ever buy Remember if God didn't make it don't eat it
