Remembering Denny:

Remembering Denny Calvin Trillin, 2005-05-16 In this contemplation of his friend's life Calvin Trillin attempts to chart the mysterious course of a career that had seemed full of limitless promise. He also embarks upon a provocative investigation of America in the 1950s exploring the assumptions inherited by the silent generation as well as how those assumptions fared during the subsequent transformation of American society in the years that followed. *Remembering Denny* is not only a memoir of friendship but also a meditation on our country's evolving sense of self. Jacket **Unthinking** Harry

Beckwith, 2011-01-26 What do Howard Hughes and 50 Cent have in common and what do they tell us about Americans and our desires? Why did Sean Connery stop wearing a toupee and what does this tell us about American customers for any product? What one thing did the Beatles, Malcolm Gladwell, and Nike all notice about Americans that helped them win us over? Which uniquely American traits may explain the plights of Krispy Kreme, Ford, and GM and the risks faced by Starbucks? Why, after every other plea failed, did Click It or Ticket get people to buy the idea of fastening their seat belts? To paraphrase Don Draper's character on the hit show *Mad Men*: What do people want? What is the new American psyche and how do America's shrewdest marketers tap it? Drawing from dozens of disciplines, the internationally acclaimed marketing expert Harry Beckwith answers these questions with some surprising, even startling truths and discoveries about what motivates us.

Major Dudes Barney Hoskyns, 2019-09-17 A thoughtful, loving, and thorough portrait of the pioneering musicians behind Steely Dan featuring interviews, essays, reviews, and more. PopMatters: At its core, Steely Dan is a creative marriage between guitarist Donald Fagen and keyboardist Walter Becker. It recorded several of the cleverest and best-produced albums of the 1970s, making them one of the most successful bands to be inducted into the Rock Hall. With rare interviews and reviews of Steely Dan's early albums from *Disc*, *Melody Maker*, and *Rolling Stone*. With an introduction by Hoskyns and an obituary for Walter Becker by David Cavanagh, *Major Dudes* is essential reading for any rock aficionado. *A Mind for Murder* Alston Chase, 2004 Through Chase's compelling narration of the planning and execution of unabomber Ted Kaczynski's crimes, we come to know a thoroughly cold-blooded killer, but one whose ideas were uncannily close to those of mainstream America.

Many Splendors Keith R. A. DeCandido, 2006-09-01 *STAR TREK: S.C.E. 66: STARFLEET CORPS OF ENGINEERS: WHAT'S PAST* A special six-part S.C.E. event that flashes back to previous adventures of the S.C.E. crew from the 23rd century to the height of the Dominion War, with special guests from all across the Star Trek universe. 2365-2368 Starfleet Academy graduate Sonya Gomez has received her dream assignment: the Starship Enterprise, captained by Jean-Luc Picard and working under the supervision of Chief Engineer Geordi La Forge. Gomez hopes to make her mark on the flagship. Her initial months are difficult: an incident involving Picard and a cup of hot chocolate is followed by a brutal encounter with the Borg, but Gomez slowly begins to find her place on the Enterprise, even as the ship deals with crises from the Pakleds to the Ferengi to a return engagement with the Borg. But it is her colleague Kieran Duffy who proves to be her greatest challenge as the driven

young woman must decide if a relationship is something that fits with her notion of a Starfleet career MANY SPLENDORS

Defining Moments Joseph L. Badaracco Jr., 2016-08-16 When Business and Personal Values Collide Defining moments occur when managers face business decisions that trigger conflicts with their personal values These moments test a person's commitment to those values and ultimately shape their character But these are also the decisions that can make or break a career Is there a thoughtful yet pragmatic way to make the right choice Bestselling author Joseph Badaracco shows how to approach these dilemmas using three case examples that when taken together represent the escalating responsibilities and personal tests managers face as they advance in their careers The first story presents a young manager whose choice will affect him only as an individual the second a department head whose decision will influence his organization the third a corporate executive whose actions will have much larger societal ramifications To guide the decision making process the book draws on the insights of four philosophers Aristotle Machiavelli Nietzsche and James who offer distinctly practical rather than theoretical advice Defining Moments is the ultimate manager's guide for resolving issues of conflicting responsibility in practical ways
