After Representation? R. Clifton Spargo, Robert Ehrenreich, 2009-11-11 After Representation explores one of the major issues in Holocaust studies the intersection of memory and ethics in artistic expression particularly within literature As experts in the study of literature and culture the scholars in this collection examine the shifting cultural contexts for Holocaust representation and reveal how writers whether they write as witnesses to the Holocaust or at an imaginative distance from the Nazi genocide articulate the shadowy borderline between fact and fiction between event and expression and between the condition of life endured in atrocity and the hope of a meaningful existence What imaginative literature brings to the study of the Holocaust is an ability to test the limits of language and its conventions After Representation moves beyond the suspicion of representation and explores the changing meaning of the Holocaust for different generations audiences and contexts

The Post-traumatic Theatre of Grotowski and Kantor Magda Romanska, 2012 Despite its international influence Polish theatre remains a mystery to many Westerners This volume attempts to fill in current gaps in English language scholarship by offering a historical and critical analysis of two of the most influential works of Polish theatre Jerzy Grotowski's *Akropolis* and Tadeusz Kantor's *Dead Class* By examining each director's representation of Auschwitz this study provides a new understanding of how translating national trauma through the prism of performance can alter and deflect the meaning and reception of theatrical works both inside and outside of their cultural and historical contexts *Maurice Blanchot and Fragmentary Writing* Leslie Hill, 2012-07-05 The first book to provide a detailed account of fragmentary writing in the work of the French novelist critic and thinker Maurice Blanchot 1907-2003 *Confessions* Thomas Docherty, 2012-08-01 This book explores what is at stake in the confessional culture Thomas Docherty examines confessional writings from Augustine to Derrida arguing that through all this work runs a philosophical substratum the conditions under which it is possible to assert a confessional mode that needs exploration and explication **After Savagery** Hamid Dabashi, 2025-09-30 Written during a genocide *After Savagery* reveals the ethical bankruptcy of Western philosophy and how it undergirds the erasure of the colonized The death toll in Gaza continues to rise a cold lifeless number representing entire communities crushed under the weight of settler colonialism What remains of the theories we use to understand our world With lyrical and lucid fury Hamid Dabashi exposes the racist roots of Western philosophy demanding that readers overcome its pernicious phantom of relevance Rather than perceiving the West as giving carte blanche to Israel Dabashi insists that Israel must be understood as its quintessence If Israel is the West and the West is Israel then Palestine is the world and the world is Palestine Holding to glimmers from revolutionary works of literature and film Dabashi argues in grief and love that the wretched of the earth need poetry after barbarism and that Palestine is the site of a liberated imagination
