Renaissance Florence In The Rhetoric Of Two Popular Preachers:

Renaissance Florence in the Rhetoric of Two Popular Preachers Nirit Ben-Aryeh Debby, 2001 The central purpose of this study is to examine the response of the preachers Giovanni Dominici 1356 1419 and Bernardino da Siena 1380 1444 to the changes the alternatives they offered and their attempts to direct the life of the laity [The Jewish-Christian Encounter in Medieval Preaching](#) Jonathan Adams, Jussi Hanska, 2014-10-03 This book explores the complexity of preaching as a phenomenon in the medieval Jewish Christian encounter This was not only an encounter as physical meeting or confrontation such as the forced attendance of Jews at Christian sermons that took place across Europe but also an imaginary or theological encounter in which Jews remained a figure from a distant constructed time and place who served only to underline and verify Christian teachings Contributors also explore the Jewish response to Christian anti Jewish preaching in their own preaching and religious instruction **In the Mirror of the Prodigal Son** Pietro

Delcorno, 2017-09-25 In the Mirror of the Prodigal Son provides a comprehensive history of the function of the parable of the prodigal son in shaping religious identity in medieval and Reformation Europe By investigating a wealth of primary sources the book reveals the interaction between commentaries sermons religious plays and images as a decisive factor in the increasing popularity of the prodigal son Pietro Delcorno highlights the ingenious and multifaceted uses of the parable within pastoral activities and shows the pervasive presence of the Bible in medieval communication The prodigal son narrative became the ideal story to convey a discourse about sin and penance grace and salvation In this way the parable was established as the paradigmatic biography of any believer *Voices from the Italian Renaissance* Lisa

The Cult of St Clare of Assisi in Early Modern Italy Nirit Ben-Aryeh Debby, 2017-07-05 Notwithstanding the wealth of material published about St Clare of Assisi 1193-1253 in the context of medieval scholarship and the wealth of visual material regarding her there is a dearth of published scholarship concerning her cult in the early modern period This work examines the representations of St Clare in the Italian visual tradition from the thirteenth century on but especially between the fifteenth and the mid-seventeenth centuries in the context of mendicant activity Through an examination of such diverse visual images as prints drawings panels sculptures minor arts and frescoes in relation to sermons of Franciscan preachers starting in the thirteenth century but focusing primarily on the later tradition of early modernity the book highlights the cult of women saints and its role in the reform movements of the Osservanza and the Catholic Reformation and in the face of Muslim-Christian encounter of the early modern era Debby's analyses of the preaching of the times and iconographic examination of neglected artistic sources makes the book a significant contribution to research in art history sermon studies gender studies and theology

Entertaining Ambiguities Ralph J. Hexter, 2025-12-02 Entertaining Ambiguities explores the intersections of male-male sexual activities subcultures and coded language with classical reception university culture and Italian humanism Through his excavation of a pair of Latin comedies Janus the Priest and The False Hypocrite written and performed by law students at the University of Pavia in 1427 and 1437 respectively Ralph Hexter shows how these plays expand our understanding of the range of contemporary attitudes to male-male sexual behavior beyond previously studied registers whether legal ecclesiastical or natural scientific The plot of the two plays one of which is an adaptation of the other involves the entrapment of a priest who is eager for sexual activity with men Digging deeply into precisely how the student ringleader of the entrapment plot persuades the priest to visit him in his rooms for an assignation Hexter uncovers the coded language that the student uses to seemingly establish himself as a member of a network of like-minded men convincing the priest to let his guard down Hexter reads this coded language within his examination of the context of the plays performance and circulation including careful reading of a range of Italian and Latin sources such as Boccaccio's Decameron Apuleius's Golden Ass comedies by Plautus and Terence and Beccadelli's Hermaphroditus among others In doing so he demonstrates how passages throughout both plays disrupt received ideas about the period's sexual conventions and sexual possibilities Reading against the grain against orthodox expectations Hexter reveals the plays seemingly moralizing endings to be more suggestive and more ambiguous than they appear Including an appendix presenting the first published English translations of both plays Entertaining Ambiguities offers a new account of the history of sexuality changing social mores and intellectual exchange at the dawn of the Renaissance

Saints, Miracles, and Social Problems in Italian Renaissance Art Diana Bullen Presciutti, 2023-05-04 In this book Diana Bullen Presciutti explores how images of miracles performed by mendicant saints reviving dead children redeeming the unjustly convicted mending broken marriages quelling factional violence exorcising the

Representing Infirmary John Henderson,Fredrika Jacobs,Jonathan K. Nelson,2020-11-17 This volume is the first in depth analysis of how infirm bodies were represented in Italy from c 1400 to 1650 Through original contributions and methodologies it addresses the fundamental yet undiscussed relationship between images and representations in medical religious and literary texts Looking beyond the modern category of disease and viewing infirmity in Galenic humoral terms each chapter explores which infirmities were depicted in visual culture in what context why and when By exploring the works of artists such as Caravaggio Leonardo and Michelangelo this study considers the idealized body altered by diseases including leprosy plague goitre and cancer In doing so the relationship between medical treatment and the depiction of infirmities through miracle cures is also revealed The broad chronological approach demonstrates how and why such representations change both over time and across different forms of media Collectively the chapters explain how the development of knowledge of the workings and structure of the body was reflected in changed ideas and representations of the metaphorical allegorical and

symbolic meanings of infirmity and disease The interdisciplinary approach makes this study the perfect resource for both students and specialists of the history of art medicine and religion and social and intellectual history across Renaissance Europe
