Renaissance Men Ideas:

The Historical Present Walter Kudrycz, 2011-03-17 The changing understandings of the Middle Ages from the Age of Reason to the present and how these relate to wider historiographical and philosophical developments Ideas and Ideals in the North European Renaissance Frances A. Yates, 2013-10-15 This is Volume X of ten of the selected works of Frances Yates Originally published in 1984 this collection of thirty five essays **The Idea of Social Structure** Lewis A.

Coser, 2017-07-12 Written and compiled by friends and former students The Idea of Social Structure honors Robert K Merton considered one of the premier sociologists of the twentieth century Along with Talcott Parsons and Marion J Levy Merton was emphatic in his use of the term social structure however different they were in defining and refining the term The chapters in this volume address many of Merton s diverse sociological theories and in turn his theories impact upon a very large sociological territory The volume includes major statements on the context of working with Merton by Lewis A Coser Paul F Lazarsfeld Robert A Nisbet and Seymour Martin Lipset as well as memorable statements covering Merton s interests in the sociology of knowledge and science planning communities medical education relative deprivation everyday life political roles and communication media This is a powerful sourcebook for understanding the work of Merton and of his intellectual successors Nisbet called the decade of the 1930s among the most vital and creative periods in American history It was certainly a period of intense struggle political military and ideological But the formation of modern sociology was without question one of the crowning achievements in the scientific evolution of the century The volume is sharply focused on Merton s work and deeply appreciative of the nature of his contribution It is a landmark effort in the study of sociology as history

The A-Z of Visual Ideas John Ingledew, 2011-10-10 The A Z of Visual Ideas explains the key ideas sources of inspiration and visual techniques that have been used throughout design history Showing where ideas and inspiration come from the book provides numerous strategies to help unlock the reader s creativity Using a dynamic and easy to understand A Z format the book reveals techniques that can be exploited to deliver ideas with greater impact each entry offering a different starting point Looking at everything from Art to Zeitgeist Intuition and Instinct to Happy Accidents and Hidden Messages the book also features a section explaining how to use the idea or technique providing readers with an infallible tool kit of inspiration Including hundreds of inspirational quotes and packed with great examples of advertising campaigns posters book and magazine covers and illustrations this is an indispensable primer that shows design students and professionals how to solve any creative brief *A History of Six Ideas* W. Tatarkiewicz, 2012-12-06 The history of aesthetics like the histories of other sciences may be treated in a two fold manner as the history of the men who created the field of study or as the history of the questions that have been raised and resolved in the course of its pursuit The earlier History of Aesthetics 3 volumes 1960 68 English language edition 1970 74 by the author of the present book was a history of men of writers and artists who in centuries past have spoken up concerning beauty and art form and creativity The present book returns to the same subject

but treats it in a different way as the history of aesthetic questions concepts theories The matter of the two books the previous and the present is in part the same but only in part for the earlier book ended with the 17th century while the present one brings the subject up to our own times And from the 18th century to the 20th much happened in aesthetics it was only in that period that aesthetics achieved recognition as a separate science received a name of its own and produced theories that early scholars and artists had never dreamed of

Teacher's Manual for All Ye Lands: World Cultures and Geography, , Abraham Lincoln as a Man of Ideas Allen C. Guelzo, 2016-12-29 Despite the most meager of formal educations Lincoln had a tremendous intellectual curiosity that drove him into the circle of Enlightenment philosophy and democratic political ideology And from these Lincoln developed a set of political convictions that guided him throughout his life and his presidency This compilation of ten essays from Lincoln scholar Allen C Guelzo uncovers the hidden sources of Lincoln s ideas and examines the beliefs that directed his career and brought an end to slavery and the Civil War

Berdyaev's Philosophy of Hope a Contributuion to Marxist-christian Dialogue , Ideas and Movements That Shaped America Michael Green, Scott L. Stabler, 2015-07-28 America was founded on bold ideas and beliefs This book examines the ideas and movements that shaped our nation presenting thorough accessible entries with sources that improve readers understanding of the American experience Presenting accessibly written information for general audiences as well as students and researchers this three volume work examines the evolution of American society and thought from the nation s beginnings to the 21st century It covers the seminal ideas and social movements that define who we are as Americans from the ideas that underpin the Bill of Rights to slavery the Civil Rights movement and the idea of gay rights even if U S citizens often strongly disagree on these topics Organized topically rather than chronologically this encyclopedia combines primary sources and secondary works or historical analyses with text describing the ideas and movements in question In addition each entry includes a list of suggestions for further reading that directs readers to supplementary sources of information The set s unique perspective serves to depict how American society has evolved from the nation s beginnings to the present revealing how Americans as a people have acted and responded to key ideas and movements *the significance of eschatology in the thoughts of nicolas berdyaev* Carnegie Samuel Calian, 1965 There is no question that Nicolas Berdyaev has distinguished himself in this twentieth century as the Christian philosopher and prophet of freedom and creativity par excellence The purpose of this present study is to bring attention to an untreated aspect of Berdyaev s Weltanschauung which underlies the whole of his thinking This untreated aspect is the eschatological emphasis found in the writings of Nicolas Berdyaev This study will lead to the conclusion that Berdyaev was not only the philosopher of creativity and freedom par excellence but he was also an eschatological philosopher of equal excellence Introduction
