Kværne**

Renaissance Of Tibetan Civilization:

The Renaissance of Tibetan Civilization Christoph von Fürer-Haimendorf, Per Kværne, 1990 The young ruler of Tibet donned the traditional garb of a Tibetan tribesman and fled on horseback to India to escape the Chinese occupation of his homeland The 14th Dalai Lama arrived in India in the spring of 1959 the first and most illustrious refugee of the waves soon to pour out from the ancient Forbidden Kingdom The Renaissance of Tibetan Civilization is an inspiring story of the power of courage and hope the story of refugees who arrived destitute at the frontiers of India and Nepal yet a mere forty years later have managed to rebuild the essential patterns of Tibetan culture in exile as a legacy for the future The book documents the struggle for survival and the emerging way of life of individual refugees and families as well as their construction of religious and artistic traditions Per Kværne appends an essay on the Bon religion which augments the background material necessary for understanding the ingredients of the diaspora The forced exodus of Tibetan culture is one of the most remarkable stories of our time how an enclosed and highly conservative community assumed global significance in the realm of politics as well as in the realm of culture The tragedy of Tibet has enriched the world by giving it access to the high intellectual and artistic values which gave Tibetans their sense of meaning *The Ancient Tibetan Civilization* Tsewang Gyalpo Arya, 2022-01-27 How interesting it is to realize that the lifestyle we live beliefs and faith we live by and the language we converse in all has its own distinct history of origination and how it has evolved and progressed over time to become everything present today The book is a marvellous attempt to understand one's own civilization enlightening the path to startling revelation on How did Tibetan civilization come about The widely popularized Tibetan origin myth of The Monkey and the Ogress is it really true Did Tibet really have its first king descended from the sky How is Tibetan script so similar to the Gupta Brahmi script This book leaves no stone unturned to fill this grey area on the dawn of Tibetan civilization and intrigues the readers to deliberate over the subject The Ancient Tibetan Civilization explicitly debunks popular mythologies misconceptions and misinformation surrounding the origination and evolution of Tibetan civilization Tenzin Wangmo *The Holy Land Reborn* Toni Huber, 2008-09-15 The Dalai Lama has said that Tibetans consider themselves the child of Indian civilization and that India is the holy land from whose sources the Tibetans have built their own civilization What explains this powerful allegiance to India In *The Holy Land Reborn* Toni Huber investigates how Tibetans have maintained a ritual relationship to India particularly by way of pilgrimage and what it means for them to consider India as their holy land Focusing on the Tibetan creation and recreation of India as a destination a landscape and a kind of other in both real and idealized terms Huber explores how Tibetans have used the idea of India as a religious territory and a sacred geography in the development of their own religion and society In a timely closing chapter Huber also takes up the meaning of India for the Tibetans who live in exile in their Buddhist holy land A major contribution to the study of Buddhism *The Holy Land Reborn* describes changes in Tibetan constructs of India over the centuries ultimately challenging largely static views of the sacred geography of

Buddhism in India *The Tibetan Diaspora* Tenzin Dolma, 2019-01-01 The book is an anthology of hand picked articles written on Tibetan refugees livelihood in exile Each writer did a thorough research and their work clearly reflects their hardwork unique in its own way Backed by their study some shared their opinion and some synthesized different views and studies Without limiting to the socio political condition of Tibetan refugees the book touches large array of subjects the tradition culture most importantly their dedication The book will help you understand the struggle of Tibetan refugee from early stages to have become self reliant **Tibetan Subjectivities on the Global Stage** Shelly Bhoil, Enrique Galvan-Alvarez, 2018-11-08 Tibetan Subjectivities on the Global Stage Negotiating Dispossession explores the many ways Tibetans are reimagining their cultural identity since the communist takeover of Tibet in the 1950s Focusing on developments taking place in Tibet and the diaspora this collection of essays addresses a wide range of issues at the heart of Tibetan modernity From the political dynamics of the exiled community in India to the production of contemporary Tibetan literature in the PRC the collection delves into various aspects of current significance for the Tibetan community worldwide such as the construction of Bon identity in exile the strategic use of the discourse of development or the issue of cultural and linguistic purity in an increasingly hybrid and globalized world Moving away from the preservationist paradigm that regards Tibetan culture as an endangered and precious object the essays in this book portray Tibetan identities in motion as lived subjectivities that travel change and creatively reimagine themselves on various global stages Even if recent Tibetan history is marked by imposed transitions and a sense of dispossession this collection highlights the ways Tibetans have not only managed traumatic historical events but also become agents of change and reinventors of their own traditions **Tibetans in Nepal** Ann Frechette, 2004 Based on eighteen months of field research conducted in exile carpet factories settlement camps monasteries and schools in the Kathmandu Valley of Nepal as well as in Dharamsala India and Lhasa Tibet this book offers an important contribution to the debate on the impact of international assistance on migrant communities The author explores the ways in which Tibetan exiles in Nepal negotiate their norms and values as they interact with the many international organizations that assist them and comes to the conclusion that as beneficial as aid agency assistance often is it also complicates the Tibetans efforts to define themselves as a community **The Tibetan Government-in-Exile** Stephanie Römer, 2008-05-15 This book examines the Tibetan government in exile the Central Tibetan Administration CTA Based on extensive empirical studies in India and Nepal it discusses the political strategies of the CTA to gain national loyalty and international support to secure its own organizational survival and to reach its ultimate goal returning to Tibet **The Tibetan History Reader** Gray Tuttle, Kurtis R. Schaeffer, 2013-04-09 Covering the social cultural and political development of Tibet from the seventh century to the modern period this resource reproduces essential hard to find essays from the past fifty years of Tibetan studies along with several new contributions Beginning with Tibet s emergence as a regional power and concluding with its profound contemporary transformations the collection is both a general and specific history connecting

the actions of individuals communities and institutions to broader historical trends shaping Asia and the world With contributions from American French German Italian Chinese Japanese and Tibetan scholars the anthology reflects the international character of Tibetan studies and its multiple interdisciplinary perspectives By far the most concise scholarly anthology on Tibetan civilization in any Western language this reader draws a clear portrait of Tibet s history its relation to its neighbors and its role in world affairs **The Tibet Journal (Vol. XLVIII, No. 1, Spring/Summer 2023)** ,2023-01-01

Buddhism in Contemporary Tibet Melvyn C. Goldstein,Matthew T. Kapstein,2023-09-01 Following the upheavals of the Cultural Revolution the People s Republic of China gradually permitted the renewal of religious activity Tibetans whose traditional religious and cultural institutions had been decimated during the preceding two decades took advantage of the decisions of 1978 to begin a Buddhist renewal that is one of the most extensive and dramatic examples of religious revitalization in contemporary China The nature of that revival is the focus of this book Four leading specialists in Tibetan anthropology and religion conducted case studies in the Tibet autonomous region and among the Tibetans of Sichuan and Qinghai provinces There they observed the revival of the Buddhist heritage in monastic communities and among laypersons at popular pilgrimages and festivals Demonstrating how that revival must contend with tensions between the Chinese state and aspirations for greater Tibetan autonomy the authors discuss ways that Tibetan Buddhists are restructuring their religion through a complex process of social political and economic adaptation Buddhism has long been the main source of Tibetans pride in their culture and country These essays reveal the vibrancy of that ancient religion in contemporary Tibet and also the problems that religion and Tibetan culture in general are facing in a radically altered world Following the upheavals of the Cultural Revolution the People s Republic of China gradually permitted the renewal of religious activity Tibetans whose traditional religious and cultural institutions had been decimated during the preceding two decades
