Renaming Ecstasy:

Renaming Ecstasy Orlando Ricardo Menes, 2004 *Renaming Ecstasy* brings together poets who have explored experiences of the sacred in ways that are unique to Latin American culture and highlights the richness and complexity of Latino spiritual life. Because of Latin America's mestizaje of cultures, traditional Catholicism exists alongside other practices of African or indigenous origin. In their invocation of the divine, poets of Caribbean origin draw inspiration from the myths and practices of Santería. Others write devotionally about topics that engage Latino Catholics: the matter of religious vocation and those devotional practices that connect individuals to the community and give shape to their daily lives. The collection features poetry by Benjamin Alire Sáenz, Victor Hernández Cruz, Demetria Martinez, Orlando Ricardo Menes, and Virgil Suárez among others.

Fleshing the Spirit Elisa Facio, Irene Lara, 2014-04-10 *Fleshing the Spirit* brings together established and new writers to explore the relationships between the physical body, the spirit, and spirituality and social justice activism. The anthology incorporates different genres of writing such as poetry, testimonials, critical essays, and historical analysis and stimulates the reader to engage spirituality in a critical, personal, and creative way.

Each and Her Valerie Martínez, 2022-05-03 In 2004, twenty-eight women and young girls were murdered in Ciudad Juárez and the surrounding areas. The tragedy escalated to fifty-eight murders in 2006, then again to eighty-six in 2008, and current estimates top four hundred deaths. Now poet Valerie Martínez offers a poetic exploration of these events, pushing boundaries stylistically and artistically with vivid poems that contextualize femicide. Martínez departs from traditional narrative to reveal the hidden effects and outcomes of the horrific and heart-wrenching cases of femicide. These poems, lyric fragments, and prose passages that form a collage have an intricate relation to one another, creating a complex literary quilt that feels like it can be read from the beginning, the end, or anywhere in between. Martínez is personally invested in the topic, evoking the loss of her sister. *Each and Her* emerges as a biography of sorts and a compelling homage to all those who have suffered. Other authors may elaborate on or investigate this topic, but Martínez humanizes it by including names, quotations, realistic details, and stark imagery. The women of Juárez, like other women around the world, are ravaged by inequality, discontinuity, politics, and economic plagues that contribute to gender violence. Martínez offers us a poignant and alarming glance into another world with these never-before-told stories. Her refreshing and explosive voice will keep readers transfixed and intrigued about these events and emotions removed from us and yet so close to the heart.
