We grow, though we return

1904-97 led one of the best in going back to T-Town. Ernie's daughter Carmen Fields tells a story of success, disappointment, and perseverance extending from the early jazz era to the 1960s. This is an enlightening account of how this talented musician and businessman navigated the hurdles of racial segregation during the Jim Crow era. Because few territory bands made recordings, their contributions to the development of jazz music are often overlooked. Fortunately, Ernie Fields not only recorded music but also loved telling stories. He shared his tales from the road with his daughter, a well-known Boston journalist, and his son, Ernie Fields Jr., who has carried on his legacy as a successful musician and music contractor. As much as possible, Carmen Fields tells her father's story in his own voice, how he weathered the ups and downs of the music industry and maintained his optimism even while he faced entrenched racial prejudice and threats of violence. After traveling with his band all over the United States, Fields eventually caught the attention of renowned music producer John Hammond. In 1939, Hammond arranged for recording sessions and bookings that included performances in the famed Apollo Theater in New York. Ernie finally scored a top ten hit in 1959 with his rock and roll rendition of "In the Mood." At a time when most other territory bands had faded, the Ernie Fields Orchestra continued to perform. A devoted husband and family man, Ernie Fields also respected and appreciated his fellow musicians. The book includes a Roll Call of his organization's members based on notes he kept about them. *Going Back to T-Town* is a priceless source of information for historians of American popular music and African American history. [Linebacker II: A View from the Rock](#) James R. MacCarthy, 1979 **Rock 'n' Roll in Orange County** Chris Epting, 2014-11-18 The great acts from Hendrix to Joplin and from Kiss to Korn played to the Orange County crowd at such classic venues as Huntington Beach's Golden Bear, the Anaheim Convention Center, and Anaheim's Doll Hut. Rock n' roll's OC roots include Leo Fender's electric guitar factory in Fullerton and the birthplace for the garage band standard "Louie Louie" in Anaheim. As the music changed, iconic OC groups like Social Distortion and Avenged Sevenfold helped lead the way. Final curtains came down here too, though killed in England, Eddie Cochran is buried in Cypress, and Bobby Hatfield, half of the Righteous Brothers, is interred at Corona del Mar. Join pop culture expert Chris Epting for the essential big hits plus idiosyncratic flip side riffs of Orange County's mighty rock n' roll history. **Sounds and the City** Brett Lashua, Stephen Wagg, Karl Spracklen, M. Selim Yavuz, 2018-10-24 This book draws from a rich history of scholarship about the relations between music and cities and the global flows between music and urban experience. The contributions in this collection comment on the global city as a nexus of moving people, changing places, and shifting social relations, asking what popular music can tell us about cities and vice versa. Since the publication of the first *Sounds and the City* volume, various movements, changes, and shifts have amplified debates about globalization. From the waves of people migrating to Europe from the Syrian civil war and other conflict zones to the 2016 Brexit vote to leave the European Union and American presidential election of Donald Trump, these and other events appear to have exposed an anti-globalist retreat toward isolationism and a backlash against multiculturalism that has been termed post-globalization. Amidst this, what of popular

music Does music offer renewed spaces and avenues for public protest for collective action and resistance What can the diverse histories hybridities and legacies of popular music tell us about the ever changing relations of people and cities
