

Saving Strangers: Humanitarian Intervention in International Society

Saving Strangers Humanitarian Intervention In International Society

T. Weiss

Saving Strangers Humanitarian Intervention In International Society:

Saving Strangers Nicholas J. Wheeler, 2000-09-08 The extent to which humanitarian intervention has become a legitimate practice in post cold war international society is the subject of this book It maps the changing legitimacy of humanitarian intervention by comparing the international response to cases of humanitarian intervention in the cold war and post cold war periods Crucially the book examines how far international society has recognised humanitarian intervention as a legitimate exception to the rules of sovereignty and non intervention and non use of force While there are studies of each case of intervention in East Pakistan Cambodia Uganda Iraq Somalia Rwanda Bosnia and Kosovo there is no single work that examines them comprehensively in a comparative framework Each chapter tells a story of intervention that weaves together a study of motives justifications and outcomes The legitimacy of humanitarian intervention is contested by the pluralist and solidarist wings of the English school and the book charts the stamp of these conceptions on state practice Solidarism lacks a full blown theory of humanitarian intervention and the book supplies one This theory is employed to assess the humanitarian qualifications of the cases of intervention analysed in the book and this normative assessment is then compared to the moral practices of states A key focus is to examine how far humanitarian intervention as a legitimate practice is present in the diplomatic dialogue of states In exploring how far there has been a change of norm in the society of states in the 1990s the book defends the broad based constructivist claim that state actions will be constrained if they cannot be legitimated and that new norms enable new practices but do not determine these The book concludes by considering how far contemporary practices of humanitarian intervention support a new solidarism and how far this resolves the traditional conflict between order and justice in international society **Saving Strangers** Nicholas J. Wheeler, 2002 Humanitarian Intervention T.

Weiss, 2007-02-13 A singular development of the post Cold War era is the use of military force to protect human beings From Rwanda to Kosovo Sierra Leone to East Timor soldiers have rescued civilians in some of the world s most notorious war zones Drawing on two decades of research Thomas G Weiss provides a compelling introduction to the theory and practice of humanitarian intervention in the modern world He examines political ethical legal strategic economic and operational dimensions and uses a wide range of cases to highlight key debates and controversies This succinct and highly accessible survey is neither celebratory nor complacent The author locates the normative evolution of what is increasingly known as the responsibility to protect in the context of the war on terror and the 2005 UN World Summit The result is an engaging exploration of the current dilemmas and future challenges for international humanitarian action in the 21st Century The Oxford Handbook of the Use of Force in International Law Marc Weller, 2015-01-15 The prohibition of the use of force in international law is one of the major achievements of international law in the past century The attempt to outlaw war as a means of national policy and to establish a system of collective security after both World Wars resulted in the creation of the United Nations Charter which remains a principal point of reference for the law on the use of force to this day There have

however been considerable challenges to the law on the prohibition ofThe prohibition of the use of force in international law is one of the major achievements of international law in the past century The attempt to outlaw war as a means of national policy and to establish a system of collective security after both World Wars resulted in the creation of the United Nations Charter which remains a principal point of reference for the law on the use of force to this day There have however been considerable challenges to the law on the prohibition of the use of force over the past two decades This Oxford Handbook is a comprehensive and authoritative study of the modern law on the use of force Over seventy experts in the field offer a detailed analysis and to an extent a restatement of the law in this area The Handbook reviews the status of the law on the use of force and assesses what changes if any have occurred in consequence to recent developments It offers cutting edge and up to date scholarship on all major aspects of the prohibition of the use of force The work is set in context by an extensive introductory section reviewing the history of the subject recent challenges and addressing major conceptual approaches Its second part addresses collective security in particular the law and practice of the United Nations organs and of regional organizations and arrangements It then considers the substance of the prohibition of the use of force and of the right to self defence and associated doctrines The next section is devoted to armed action undertaken on behalf of peoples and populations This includes self determination conflicts resistance to armed occupation and forcible humanitarian and pro democratic action The possibility of the revival of classical expansive justifications for the use of force is then addressed This is matched by a final section considering new security challenges and the emerging law in relation to them Finally the key arguments developed in the book are tied together in a substantive conclusion The Handbook will be essential reading for scholars and students of international law and the use of force and legal advisers to both government and NGOs

The UN Security Council David Malone,2004 A richly informative volume on the evolving role of the Council Chadwick Alger International Studies Review A well planned and fascinating book Well worth reading Sally Morphet International Affairs Encyclopedic in scope and authoritative in analysis everyone who cares about the future role of the United Nations and the international rule of law will want to read this book John G Ruggie Harvard University It is hard to imagine a more timely volume This is a must read for any serious student or scholar of the United Nations or indeed anyone pondering the relative success or failure of the international community s grand experiment in regulating the use of force by law Anne Marie Slaughter Woodrow Wilson School Princeton University A wide ranging and highly topical study of that most mysterious and misunderstood international body the UN Security Council From the first Gulf War to the second via the successes of El Salvador and Mozambique and the failures of Bosnia Somalia and Rwanda the authors examine the most eventful years in the UN s history David Hannay British Ambassador to the UN 1990 1995 David Malone has assembled an extraordinarily talented group of authors This is a key work for any who want to be informed about the United Nations Joseph S Nye Kennedy School Harvard University At a time when there is vigorous debate both within and outside the UN Security Council about its relevance for world affairs this

book is a necessary grounding for our thinking I William Zartman SAIS John Hopkins University The nature and scope of UN Security Council decisions significantly changed in the post Cold War era have enormous implications for the conduct of foreign policy The UN Security Council offers a comprehensive view of the council both internally and as a key player in world politics Focusing on the evolution of the council's treatment of key issues the authors discuss new concerns that must be accommodated in the decisionmaking process the challenges of enforcement and shifting personal and institutional factors Case studies complement the rich thematic chapters The book sheds much needed light on the central events and trends of the past decade and their critical importance for the future role of the council and the UN in the sphere of international security

Appendixes

Rethinking the Responsibility to Protect Alexander Reichwein, Mischa Hansel, 2023-05-31 This edited volume critically examines the Responsibility to Protect R2P as a guiding norm in international politics After NATO's intervention in Libya against the backdrop of civil wars in Syria and Yemen and because of the cynical support for R2P by states such as Saudi Arabia this norm is the subject of heavy criticism It seems that the R2P is just political rhetoric an instrument exploited by the powerful states Hence the R2P is being challenged At the same time however institutional settings normative discourses and contestation practices are making it more robust New understandings of responsibility and the politics of protection are creating new normative spaces patterns of legitimacy and norm entrepreneurs thereby

reinforcing the R2P This book's goals are to discuss the R2P's roots institutional framework and evolution to reveal its shortcomings and pitfalls and to explore how it is exploited by certain states Further it elaborates on the R2P's strength as a norm Accordingly the contributions presented here discuss various ways in which the R2P is being challenged or confirmed or both at once As the authors demonstrate these developments concern not only diplomatic communication and political practices within international institutions but also to normative discourses Furthermore the book includes chapters that reevaluate the R2P from a normative standpoint e.g. by proposing cosmopolitan standards as a guide for states external behavior Other contributors reassess the historical evidence from U N negotiations on the R2P principle and the productive or restrictive role of institutions Discussing new issues relating to the R2P such as global and regional power shifts or foreign policy as well as the phenomenon of authoritarian interventionism under the R2P umbrella this book will appeal to all IR scholars and students interested in humanitarianism norms and power By analyzing the status quo of the R2P it enriches and broadens the debate on what the R2P currently is and what it ought to be

Humanitarian Intervention Thomas G. Weiss, 2013-04-24 A singular development of the post Cold War era is the use of military force to protect human beings From Rwanda to Kosovo Sierra Leone to East Timor and more recently Libya to Cote d'Ivoire soldiers have rescued some civilians in some of the world's most notorious war zones Could more be saved Drawing on over two decades of research Thomas G. Weiss answers yes and provides a persuasive introduction to the theory and practice of humanitarian intervention in the modern world He examines political ethical legal strategic economic and operational dimensions and uses a wide range of cases to highlight key debates and controversies The updated and expanded second edition of this succinct and highly accessible survey is neither celebratory nor complacent The author locates the normative evolution of what is increasingly known as the responsibility to protect in the context of the global war on terror UN debates and such international actions as Libya The result is an engaging exploration of the current dilemmas and future challenges for robust international humanitarian action in the twenty first century

International Society Cornelia Navari, 2020-12-22 This book provides an introduction to and analysis of the English School's views on International Relations as they developed from the somewhat vague state society distinction to the present focus on foundation institutions regional organisation and the globalization of international society It focuses on key thinkers and texts and turning points and moves our understanding of the English School beyond the past work of the British Committee to the more recent work of Barry Buzan et al to offer a comprehensive overview and interrogation from the leading lights of this arm of International Relations thought This volume is one of the cornerstones of the EISA sponsored Trends in European IR Theory series complementing the volumes on International Political Theory Liberalism Realism International Political Economy the post positivist tradition and Feminism published for the centenary of IR as a discipline

Human Security Mary Kaldor, 2007-10-22 There is a real security gap in the world today Millions of people in regions like the Middle East or East and Central Africa or Central Asia where new wars are taking

place live in daily fear of violence Moreover new wars are increasingly intertwined with other global risks the spread of disease vulnerability to natural disasters poverty and homelessness Yet our security conceptions drawn from the dominant experience of World War II and based on the use of conventional military force do not reduce that insecurity rather they make it worse This book is an exploration of this security gap It makes the case for a new approach to security based on a global conversation a public debate among civil society groups and individuals as well as states and international institutions The chapters follow on from Kaldors path breaking analysis of the character of new wars in places like the Balkans or Africa during the 1990s The first four chapters provide a context they cover the experience of humanitarian intervention the nature of American power the new nationalist and religious movements that are associated with globalization and how these various aspects of current security dilemmas have played out in the Balkans The last three chapters are more normative dealing with the evolution of the idea of global civil society the relevance of just war theory in a global era and the concept of human security and what it might mean to implement such a concept This book will appeal to all those interested in issues of peace and conflict in particular to students of politics and international relations

Human Rights and Global Diversity Simon Caney, Peter Jones, 2014-06-17 This examination of global society focuses on its conflict with local societies and questions whether the human race should be treated as belonging to a single global community It considers the universality of human rights and its conflict with group claims to self determination

The Responsibility to Protect International Commission on Intervention and State Sovereignty, International Development Research Centre (Canada), 2001 Responsibility to Protect Research bibliography background Supplementary volume to the Report of the International Commission on Intervention and State Sovereignty

Reviewing the Responsibility to Protect Ramesh Thakur, 2018-12-07 This volume is a collection of some of the key essays by Ramesh Thakur on the origins implementation and future prospects of the Responsibility to Protect R2P norm The book offers a comprehensive yet accessible review of the origins evolution advances and shortcomings of the R2P principle A literature review is followed by an overview of the background meaning and development of R2P With a focus on the International Commission on Intervention and State Sovereignty ICISS Part I analyses the features of and explains the factors that make for success and failure of commission diplomacy Part II discusses the controversies surrounding efforts to implement R2P including the role and importance of emerging powers Part III describes the remaining protection gaps and explains why R2P will remain relevant because it is essentially demand driven Finally the book concludes with a look back at the origins of R2P and looks ahead to possible future directions This book will be essential for students of the Responsibility to Protect and of much interest to students of global governance human rights international law and international relations

Security, the Environment and Emancipation Matt McDonald, 2012-01-30 This book offers an examination of the role of emancipation in the study and practice of security focusing on the issue of environmental change The end of the Cold War created a context in which traditional approaches to security could be systematically questioned This period also saw a

concerted attempt in IR to argue that environmental change constituted a threat to security This book argues that such a notion is problematic as it suggests that a universal definition of security is possible which prevents a recognition of security as a site of contestation in which a range of actors articulate alternative visions of who or what is in need of being secured If security is understood and approached in traditional terms as the territorial preservation of the nation state from external threat then it is indeed difficult to see how environmental issues would benefit from being placed on states security agenda If however security is defined in terms of the emancipation of the most vulnerable individuals from contingent structural oppressions then drawing a relationship between environmental change and security may be beneficial for redressing those environmental issues and prioritising the needs of those most at risk from the manifestations of global environmental change This book takes the limitations of contemporary approaches to the relationship between the environment and security as its starting point and seeks to do two things First it aims to illustrate the ways in which arguments over approaches to environmental issues can be viewed as contestation over the meaning of security in particular political contexts Central here is the composition and assumptions of the dominant security discourse to emerge regarding those issues a framework of meaning for the most important forms of action on behalf of a particular group defining the terms for meaningful contestation and negotiation about security itself within that group As such the book attempts to illustrate the dynamics of competition over the meaning of security with reference to environmental issues particularly focusing on instances of political change in the dominant security discourse through which that issue is approached In the process the author points to the central role of these dominant security discourses in underpinning the most practically significant actions regarding environmental issues such as deforestation and global climate change The book employs methodological tools that enable a focus on how particular frameworks of meaning are constituted and become dominant how they provide a lens through which various issues are approached and how discourses most consistent with redressing environmental change and the suffering of the most vulnerable might come to provide the framework through which security is viewed in particular contexts This book will be of much interest to students of Critical Security Studies geography sociology IR and Political Science in general

Global Basic Rights Charles R. Beitz, Robert E. Goodin, 2009-07-23 Global Basic Rights brings together many of the most influential contemporary writers in political philosophy and international relations to explore some of the most challenging theoretical and practical questions provoked by Henry Shue's classic book Basic Rights **African peace** Kathryn Nash, 2021-02-09 African regional organizations have played leading roles in constructing collective conflict management rules for the continent but these rules or norms have not been static Currently the African Union AU deploys monitors authorizes peace support operations and actively engages to resolve internal conflicts Just a few decades ago these actions would have been deeply controversial under the Organization of African Unity OAU What changed to allow for this transformation in the way the African regional organization approaches peace and security African peace examines why the

OAU chose norms in 1963 that prioritized state security and led to a policy of strict non interference even in the face of destabilizing violence and why the AU chose very different norms leading to a disparate conflict management policy in the early 2000s Even if the AU s capacity to respond to conflict is still developing this new policy has made the region more willing and capable of responding to violence Nash argues that norm creation largely happened within the African context and international pressure was not a determinant factor in their evolution The role of regions in the international order particularly the African region has been under theorized and under acknowledged and this book adds to an emerging literature that explores the role of regional organizations in the Global South in creating and promoting norms based on their own experiences and for their own purposes

The Prevention and Intervention of Genocide Samuel Totten, 2008-03-31 This volume is comprised of over 2 300 annotations on a wide array of issues and topics germane to the subject of preventing the atrocities of genocide and managing these conflicts when they do arise Samuel Totten brings together in one comprehensive collection the research and findings in various fields such as political science sociology history and psychology to enable specialists in genocide studies peace studies and conflict resolution to benefit from the insights of a diverse range of scholars and foster an understanding of how the various components of genocide studies connect Among the topics included are key conventions international treaties and covenants genocide early warning signals and forecasting risk data bases sanctions peacekeeping missions conflict resolution the International Criminal Court realpolitik vis vis the issue of genocide prevention and intervention key non governmental agencies key governmental and UN bodies working on these important issues In addition to the annotations Totten frames the bibliography with a major essay that introduces the reader to the subject of prevention and intervention of genocide raising a host of critical issues regarding the strengths weaknesses and limitations of various approaches germane to issues of managing these conflicts

The Cambridge World History of Genocide: Volume 3, Genocide in the Contemporary Era, 1914-2020 Ben Kiernan, Wendy Lower, Norman Naimark, Scott Straus, 2023-05-04 Volume III examines the most well known century of genocide the twentieth century Opening with a discussion on the definitions of genocide and ethnic cleansing and their relationships to modernity it continues with a survey of the genocide studies field racism and antisemitism The four parts cover the impacts of Racism Total War Imperial Collapse and Revolution the crises of World War Two the Cold War and Globalization Twenty eight scholars with expertise in specific regions document thirty genocides from 1918 to 2021 in Europe the Middle East Africa Asia and Latin America The cases range from the Armenian Genocide to Maoist China from the Holocaust to Stalin s Ukraine from Indonesia to Guatemala Biafra Bangladesh Cambodia Bosnia and Rwanda and finally the contemporary fate of the Rohingyas in Myanmar and the ISIS slaughter of Yazidis in Iraq The volume ends with a chapter on the strategies for genocide prevention moving forward

The United Nations, Peace and Security Ramesh Thakur, 2016-12-13 Ending humanitarian atrocities has become as important for the United Nations as preventing interstate war This book examines the

transformation of UN operations analysing its changing role and structure Ramesh Thakur asks why when and how force may be used and argues that the growing gulf between legality and legitimacy is evidence of an eroded sense of international community He considers the tension between the United States with its capacity to use force and project power and the United Nations as the centre of the international law enforcement system He asserts the central importance of the rule of law and a rules based order focused on the United Nations as the foundation of a civilised system of international relations This book will be of interest to students of the United Nations and international organisations in politics law and international relations departments as well as policymakers in governmental and non governmental international organisations

Forces for Good Graeme Cheeseman, 2004 Forces for good develops and explores the concept of cosmopolitan militaries It examines how governments militaries and institutions have responded politically doctrinally and operationally to claims that militaries have a new role in cosmopolitan law enforcement that allows and perhaps even requires the use of force to protect and defend those who are the victims of gross abuse of human rights The contributors include academics defence practitioners and serving military officers

BOOK JACKET Saving Soldiers or Civilians? Sebastian Kaempf, 2018-05-03 Concerns for the lives of soldiers and innocent civilians have come to underpin Western and particularly American warfare Yet this new mode of conflict faces a dilemma these two norms have opened new areas of vulnerability that have been systematically exploited by non state adversaries This strategic behaviour creates a trade off forcing decision makers to have to choose between saving soldiers and civilians in target states Sebastian Kaempf examines the origin and nature of this dilemma and in a detailed analysis of the US conflicts in Somalia Afghanistan and Iraq investigates the ways the US has responded assessing the legal moral and strategic consequences Scholars and students of military and strategic studies international relations and peace and conflict studies will be interested to read Kaempf s analysis of whether the US or its adversaries have succeeded in responding to this central dilemma of contemporary warfare

Saving Strangers Humanitarian Intervention In International Society Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Saving Strangers Humanitarian Intervention In International Society free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Saving Strangers Humanitarian Intervention In International Society free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Saving Strangers Humanitarian Intervention In International Society free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Saving Strangers Humanitarian Intervention In International

Society. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Saving Strangers Humanitarian Intervention In International Society any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Saving Strangers Humanitarian Intervention In International Society Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Saving Strangers Humanitarian Intervention In International Society is one of the best book in our library for free trial. We provide copy of Saving Strangers Humanitarian Intervention In International Society in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Saving Strangers Humanitarian Intervention In International Society. Where to download Saving Strangers Humanitarian Intervention In International Society online for free? Are you looking for Saving Strangers Humanitarian Intervention In International Society PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Saving Strangers Humanitarian Intervention In International Society. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Saving Strangers Humanitarian Intervention In International Society are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to

download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Saving Strangers Humanitarian Intervention In International Society. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Saving Strangers Humanitarian Intervention In International Society To get started finding Saving Strangers Humanitarian Intervention In International Society, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Saving Strangers Humanitarian Intervention In International Society So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Saving Strangers Humanitarian Intervention In International Society. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Saving Strangers Humanitarian Intervention In International Society, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Saving Strangers Humanitarian Intervention In International Society is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Saving Strangers Humanitarian Intervention In International Society is universally compatible with any devices to read.
