That stretch of time was a transformative period in which the company made many financial gains but gradually lost its identity which had largely been synonymous with founder Walt Disney. The chapters explain why each movie was made, the casting process, production details, and why each movie failed financially. Covered here are cult classics like *Tron* and *Hocus Pocus* alongside more well-known bombs like *John Carter* and *The Lone Ranger*. **The Makeover in Movies** Elizabeth A. Ford, Deborah C. Mitchell, 2004-04-14 The plots of many films pivot on the moment when a dowdy girl with bad hair, ill-fitting outdated clothing, and thick glasses is changed into an almost unrecognizable glamour girl. Makeover scenes such as these are examined beginning with 1942's *Now Voyager*. The study examines whether the film makeover is voluntary or involuntary, whether it is always successful, how much screen time it takes up, where in the narrative structure it falls, and how the scene is actually filmed. Films with a Pygmalion theme such as *My Fair Lady*, *Vertigo*, and *Shampoo* are examined in terms of gender relations, whether the man is content with his creation, and what sort of woman is the ideal. Some films publicize a glamorous star's choice to play an unattractive character, as discussed in a chapter examining stars like Bette Davis, Meryl Streep, and Cameron Diaz. Topics also include folk literature's Cinderella tale, men as the inspiration for makeovers in teen flicks, films like *Clueless*, *She's All That*, and *Me Natalie*, and class repositioning in such movies as *Working Girl*, *Pretty Woman*, and *Grease*. Photographs are presented in a before-and-after format showing the change in the makeover character. *Mackenzie's Heroes/Mackenzie's Pleasure/Mackenzie's Magic* LINDA HOWARD, 2015-12-01 MacKenzie's Pleasure Navy SEAL Zane Mackenzie was a pro. No mission had ever gotten the better of him until now. Saving the ambassador's gorgeous daughter, Barrie Lovejoy, had been textbook except for their desperate night of passion. And though his job as a soldier had ended with her freedom, his duties as a husband had only just begun. For he would sooner die than let the enemy harm the mother of his child. This volume charts the processes and reasons for the decriminalisation of witchcraft but also challenges the widespread assumption that Europe has been disenchanted. For the first time, surveys are given of the social role of witchcraft in European communities down to the end of the nineteenth century and of the continued importance of witchcraft.
