Building on Batik Michael Hitchcock, Wiendu Nuryanti, 2016-12-05. The word batik is possibly of Malay origin from the word tik meaning to drip or to drop. The term is applied to a resist dye technique invented independently in locations as diverse as Ancient Egypt, Japan, and Turkestan. Batik is a remarkably flexible textile technique and is suited to small-scale methods of production, but demand from the fashion and tourism industries is increasing. This volume brings together the experiences and concerns of the international community of batik producers. It gives voice to their suggestions for ensuring that the producers of this traditional craft are integrated into its increasingly global production rather than excluded from it. Building on the work of batik designers and producers, the book discusses the emergence of a global craft consciousness. Batik producers report on innovative measures taken both individually and collectively to hold their market position while commercial producers frequently annex and mass-produce traditional batik design. The book concludes with a discussion of marketing and production innovations and tourism which enable the producers of batik to maintain the integrity of their designs whilst harnessing the benefits of new commercial forms.

My Passion for Design Barbra Streisand, 2010-11-16. For nearly six decades, Barbra Streisand has been one of the singular figures in American entertainment. From the cabaret to the Broadway stage, from television and film stardom to her acclaimed work as a director, from the recording studio to the concert hall, she has demonstrated that the extraordinary voice that launched her career was only one of her remarkable gifts. Now, in her first book, Barbra Streisand reveals another aspect of her talent: the taste and style that have inspired her beautiful homes and collections. *My Passion for Design* is her account of the creation and construction of her newest home, the dream refuge she has longed for since the days when she shared a small Brooklyn apartment with her mother, brother, and grandparents, and a culmination and reflection of her love of American architecture and design from the 18th to the 20th centuries. Whether she is seeking an elusive shade of blue for the paneling in a Federal lounge, tracking down a contemporary woodworker who was able to recreate the exquisite Greene & Greene style, or choosing the roses to harmonize with both the interior and exterior of a given room, Barbra's perseverance and attention to detail are remarkable and remarkably engaging. She is a wonderfully witty storyteller as well as a knowledgeable and charming guide. *My Passion for Design* contains not only Barbra's own

photographs of the rooms she has decorated the furniture and art she has collected and the ravishing gardens she has planted on her land on the California coast but memories of her childhood and insights into the development of her own sense of style The millions of fans who have cherished her voice as a singer will find that she has an equally inimitable and compelling voice as a writer Here is a rare and intimate private tour of the world of one of our most beloved stars which will be welcomed by her fans and all lovers of the great achievements of American design **Art Books** Wolfgang M.
