Mad Women In Romantic Writing:

Mad Women in Romantic Writing Philip W. Martin, 1987 **Fatal Women of Romanticism** Adriana Craciun, 2002-12-12 Incarnations of fatal women or femmes fatales recur throughout the works of women writers in the Romantic period Adriana Craciun demonstrates how portrayals of femmes fatales or fatal women played an important role in the development of Romantic women's poetic identities and informed their exploration of issues surrounding the body sexuality and politics Craciun covers a wide range of writers and genres from the 1790s through the 1830s She discusses the work of well known figures including Mary Wollstonecraft as well as lesser known writers like Anne Bannerman By examining women writers fatal women in historical political and medical contexts Craciun uncovers a far ranging debate on sexual difference She also engages with current research on the history of the body and sexuality providing an important historical precedent for modern feminist theory's ongoing dilemma regarding the status of woman as a sex **Romanticism and Women Poets** Harriet Kramer Linkin, Stephen C. Behrendt, 2021-10-21 One of the most exciting developments in Romantic studies in the past decade has been the rediscovery and repositioning of women poets as vital and influential members of the Romantic literary community This is the first volume to focus on women poets of this era and to consider how their historical reception challenges current conceptions of Romanticism With a broad revisionist view the essays examine the poetry these women produced what the poets thought about themselves and their place in the contemporary literary scene and what the recovery of their works says about current and past theoretical frameworks The contributors focus their attention on such poets as Felicia Hemans Letitia Elizabeth Landon Charlotte Smith Anna Barbauld Mary Lamb and Fanny Kemble and argue for a significant rethinking of Romanticism as an intellectual and cultural phenomenon Grounding their consideration of the poets in cultural social intellectual and aesthetic concerns the authors contest the received wisdom about Romantic poetry its authors its themes and its audiences Some of the essays examine the ways in which many of the poets sought to establish stable positions and identities for themselves while others address the changing nature over time of the reputations of these women poets **Romanticism and Millenarianism** T. Fulford, 2002-01-11 Expectation of the millennium was widespread in English society at the end of the eighteenth century The essays in this volume explore how exactly this expectation shaped and was shaped by the literature art and politics of the period we now call romantic An expanded and rehistoricized canon of writers and artists is assembled a group united by a common tendency to use figurations of the millennium to interrogate and transform the worlds in which they lived and moved Coleridge Cowper Blake and Byron are placed in new contexts created by original research into the artistic and political subcultures of radical London into the religious sects surrounding the Richard Brothers and Joanna Southcott and into the cultural and political contexts of orientalism and empire **Madwomen in Social Justice Movements, Literatures, and Art** Jessica Lowell Mason, Nicole Crevar, 2023-01-10 Madwomen in Social Justice Movements Literatures and Art boldly reasserts the importance of the

Madwoman more than four decades after the publication of Sandra Gilbert and Susan Gubar's seminal work in feminist literary criticism *The Madwoman in the Attic*. Since Gilbert and Gubar's work was published the Madwoman has reemerged to do important work rock the academic boat and ignite social justice agency inside and outside of academic spaces moving beyond the literary context that defined the Madwoman in the late 20th century. In this dynamic collection of essays scholars, creative writers, and Mad activists come together to re-define the Madwoman in pluralistic and expansive ways and to realize new potential in Mad agency. This collection blazes new directions of thinking through Madness as a gendered category comprised of a combination of creative works that re-imagine the figure of the Madwoman, speeches in which Mad-identifying artists and writers reclaim the label of Madwoman, and scholarly essays that articulate ambitious theories of the Madwoman. The collection is an interdisciplinary scholarly resource that will appeal to multiple academic fields including literary studies, disability studies, feminist studies, and Mad studies. Additionally, the work contributes to the countermovement against colonial, sexist, patriarchal, and institutional social practices that continue to silence women and confine them to the metaphorical attic. Appealing to a broad audience of readers, *Madwomen in Social Justice Movements: Literatures and Art* is a cutting edge inquiry into the implications of Madness as a theoretical tool in which dissenting, deviant, and abnormal women and gender-nonconforming writers, artists, and activists open the door to Mad futurities.

Love's Madness Helen Small, 1996. Love's Madness is an important new contribution to the interdisciplinary study of insanity. Focusing on the figure of the love-mad woman, it presents a significant reassessment of the ways in which British medical writers and novelists of the nineteenth century thought about madness, femininity, and narrative convention. The book centers around studies of novels by Jane Austen, Sir Walter Scott, Charlotte Brontë, Wilkie Collins, and Charles Dickens, as well as of previously neglected writings by Charles Maturin, Lady Caroline Lamb, and Edward Bulwer-Lytton, among others.

The Affair of the Veiled Murderess Jeanne Winston Adler, 2011-03-01. Troy, New York, 1853. Two Irish immigrants, a man and a woman, die shortly after drinking beer poured by a neighbor. Was it poisoned? And if so, was their slayer the beautiful mistress of an important Democratic politician? Many Trojans soon answer yes to both questions, but others question the guilt of the glamorous, accused. Rumored to be the once respectable Miss Charlotte Wood, a former student at Emma Willard's elite Troy Female Seminary and the runaway wife of a British lord, her identity remains in doubt, and the air of mystery is only heightened by her decision to remain hidden behind a veil during her trial, which earns her the nickname The Veiled Murderess. As the affair widens to include the antebellum social and political worlds of Troy and Albany, the blossoming scandal threatens important people on both sides of the Atlantic. Drawing on newspapers, court documents, and other records of the time, Jeanne Winston Adler attempts to come to an understanding of the truth behind the strange affair of the veiled murderess. In the process, she addresses a number of topics important to our understanding of nineteenth-century life in New York State, including the changing roles of women, the marginal position of the Irish, and the contentious political firmament of the time.

Wordsworth After War Philip

Shaw,2023-07-20 A rich illuminating study of how Wordsworth's late poetry reflects his lifelong engagement with the poetics and politics of peace Images of Idiocy Martin Halliwell,2017-03-02 This book traces the concept of idiocy as it has developed in fiction and film in the nineteenth and twentieth centuries It focuses particularly on visual images of idiocy and argues that writers as diverse as Gustave Flaubert Fyodor Dostoevsky Joseph Conrad John Steinbeck Flannery O'Connor and Rohinton Mistry and filmmakers such as Jean Renoir Akira Kurosawa Alfred Hitchcock Werner Herzog and John Huston have all been attracted to idiot figures as a way of thinking through issues of language acquisition intelligence creativity disability religion and social identity Martin Halliwell provides a lively and detailed discussion of the most significant literary and cinematic uses of idiocy arguing that scientific conceptions of the term as a classifiable medical condition are much too narrow With the explosion of interest in idiocy among American and European filmmakers in the 1990s and the growing interest in its often overlooked history this book offers a timely reassessment of idiocy and its distinctive place at the intersection of science and culture **Madness in Post-1945 British and American Fiction** C. Baker,P. Crawford,Brian

John Clare and Community John Goodridge,2013 John Clare 1793-1864 is one of the most sensitive poetic observers of the natural world Born into a rural labouring family he felt connected to two communities his native village and the Romantic and earlier poets who inspired him The first part of this study of Clare and community shows how Clare absorbed and responded to his reading of a selection of poets including Chatterton Bloomfield Gray and Keats revealing just how serious the process of self education was to his development The second part shows how he combined this reading with the oral folk culture he was steeped in to create an unrivalled poetic record of a rural culture during the period of enclosure and the painful transition to the modern world In his lifelong engagement with rural and literary life Clare understood the limitations as well as the strengths in communities the pleasures as well as the horrors of isolation *John Clare* R. Sales,2001-12-12 This book situates John Clare's long prolific but often badly neglected literary life within the wider cultural histories of the Regency and earlier Victorian periods The first half considers the construction of the Regency peasant poet and how Clare performed this role on stages such as the London Magazine It also looks at the way in which it went out of fashion as Regency mentalities were replaced by early Victorian ones The second half recreates asylum culture and places Clare's performances as Regency boxers and Lord Byron within this bleak new world *Dramatizing Dementia* Jacqueline O'Connor,1997 This study examines the presentation of madness in the major plays by Tennessee Williams and demonstrates the ways that Williams's preoccupation with the mentally ill and society's treatment of them were explored through his drama Thematic chapter groupings divide the analysis into discussions of confinement language women and the artist The

critical approach is eclectic and the author draws on a variety of psychological literary and biographical sources to construct her argument Analysis of madness in such plays as *A Streetcar Named Desire* *Suddenly Last Summer* *The Night of the Iguana* and *The Two Character Play* will interest scholars of Williams and readers interested in literary madness

Reviewing Romanticism Robin Jarvis, Philip W. Martin, 1992-05-13 This collection of essays by leading and new British scholars demonstrates the different ways in which Romanticism is currently being revalued and reconceived No longer are scholars working within the constraints of the old canon which insisted on the division of the central and the marginal for new Romanticism is being realised as a wider range of cultural activity unconfined by genre gender class rhetoric or style

The Most Dreadful Visitation Valerie Pedlar, 2006-11-01 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library Victorian literature is rife with scenes of madness with mental disorder functioning as everything from a simple plot device to a commentary on the foundations of Victorian society But while madness in Victorian fiction has been much studied most scholarship has focused on the portrayal of madness in women male mental disorder in the period has suffered comparative neglect Valerie Pedlar corrects this imbalance in *The Most Dreadful Visitation* This extraordinary study explores a wide range of Victorian writings to consider the relationship between the portrayal of mental illness in literary works and the portrayal of similar disorders in the writings of doctors and psychologists Pedlar presents in depth studies of Dickens's *Barnaby Rudge* Tennyson's *Maud* Wilkie Collins's *Basil and Trollope's He Knew He Was Right* considering each work in the context of Victorian understandings and fears of mental degeneracy
