Savona, Rob T. Guerette, Alberto Aziani,2022-04-11 This book focuses on the displacement and convergence of transnational crimes in North Africa and in the area of the Mediterranean Sea providing empirical analysis of human smuggling and of drug trafficking It discusses the displacement of crime due to the exploitation of asymmetries in legislation, law enforcement and other vulnerabilities Using

an innovative multimethodology this volume describes the evolution of illicit flows related to human smuggling and trafficking of illicit goods This approach helps to provide critical information such as traffickers modi operandi most exploited paths and trafficked goods that would not be achievable through more traditional methods The Evolution of Illicit Flows will be a valuable resource for scholars and researchers of criminology and migration studies as well as for policymakers and law enforcement working in transnational crimes and trafficking
