**Madness and Literature** Lasse R. Gammelgaard, 2025-09-09 Mental illness has been a favourite topic for authors throughout the history of literature and conversely psychologists and psychiatrists like Sigmund Freud and Karl Jaspers have been interested in and influenced by literature Pioneers within philosophy psychiatry and literature share the endeavour to explore and explain the human mind and behaviour including what a society deems as being outside perceived normality This volume engages with literature's multifarious ways of probing minds and bodies in a state of ill mental health To encompass this diversity the theoretical approach is eclectic and transdisciplinary The cases and the theory are in dialogue with a clinical approach addressing issues and diagnoses such as trauma psychosis bipolar disorder eating disorders self harm hoarding disorder PTSD and Digital Sexual Assault The volume has three parts Chapters in Part I address literary representations of madness with a historical awareness outlining the socio political potentials of madness literature Part II investigates how representations of mental illness can provide a different way of understanding what it is like to experience alternative states of mind as well as how theoretical concepts from studies in literature can supplement the language of psychopathology The chapters in Part III explore ways to apply literary cases in clinical practice Throughout the book the contributors explore and explain how the language and discourses of literature stylistically and theoretically can teach us something new about what it means to be in ill mental health

*The Sense and Sensibility of Madness* Doreen Bauschke, Anna Klambauer, 2018-11-05 This volume explores the intriguing ontological ambiguities of madness in literature and the arts Despite its association with a diseased abnormal mind there can be much sense and sensibility in madness Daring to break free from the dictates of normalcy madwomen and madmen disrupt the status quo Yet as they venture into uncharted or prohibited terrain they may also unleash the liberatory and transformative potential of unrestrained madness Contributors are Doreen Bauschke Teresa Bell Isil Ezgi Celik Terri Jane Dow Peter Gunn Anna Klambauer Rachel A Sims and Ruxanda Topor

**Madness And Modernism** Louis Sass, 1992-10-27 A stunning revelation of the eerie likeness between schizophrenic insanity and the sensibility of modern art literature and thought Madness and Modernism presents a vivid and highly original portrait of the world of the madman along with a provocative commentary on modernist and postmodernist culture Sass a clinical psychologist explores the bizarre experiences of schizophrenia and related conditions through a comparison with the works of various artists and writers including Franz Kafka Paul Valéry Samuel Beckett Alain Robbe Grillet Giorgio de Chirico and Marcel Duchamp and by considering the ideas of philosophers such as Friedrich Nietzsche William James Martin Heidegger Michel Foucault and Jacques Derrida The similarities between madness and modernism are striking defiance of authority and convention an extreme often dizzying relativism which can culminate in paralysis nihilism and all embracing irony a tantalizing uncanny but always frustrating sense of revelation obliteration of standard forms of time and narrative pervasive dehumanization and disappearance of external reality in favor of the omnipotent ego or alternatively dissolution of all sense of selfhood This rigorously argued gracefully written book offers a startlingly new vision of schizophrenia an illness long recognized as the greatest challenge to psychiatric or psychological understanding Conventionally seen as a loss of rationality perhaps involving a return to some infantile or bestial condition schizophrenia according to Sass is better understood as in a sense a disease of hyper-rationality with detachment from action emotions and the body and entrapment in forms of acute self consciousness and heightened awareness Sass refuses to romanticize the schizophrenic as a heroic rebel mystic or passionate Wildman arguing instead that this condition echoes many of the most alienating aspects of modern life In an epilogue and appendix he considers whether modern culture might actively contribute to the genesis or shaping of schizophrenic forms of pathology and he discusses the possible role of abnormalities of the brain BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Madness in Ancient Literature Ainsworth O'Brien-Moore,2013-10 This is a new release of the original 1924 edition     **A Dictionary of Biblical Tradition in English Literature** David Lyle Jeffrey,1992 Over 15 years in the making an unprecedented one volume reference work Many of today s students and teachers of literature lacking a familiarity with the Bible are largely ignorant of how Biblical tradition has influenced and infused English literature through the centuries An invaluable research tool Contains nearly 800 encyclopedic articles written by a distinguished international roster of 190 contributors Three detailed annotated bibliographies Cross references throughout     *Cultural Constructions of Madness in Eighteenth-Century Writing* Allan Ingram,Michelle Faubert,2005-03-02 This work deals with the mis representation of insanity through a substantial range of literary forms and figures from across the eighteenth century and beyond Chapters cover the representation distortion sentimentalization and elevation of insanity and such associated issues as gender personal identity and performance in some of the best and least known writers of the period A selection of visual material including works by Hogarth Rowlandson and Gillray is also discussed While primarily adopting a literary focus the work is informed throughout by an alertness to significant issues of medical and psychiatric history     Literature And Spirit David Patterson,2021-03-17 If Bakhtin is right Wayne C Booth has said a very great deal of what we western critics have spent our time on is mistaken or trivial or both In *Literature and Spirit* David Patterson proceeds from the premise that Bakhtin is right Exploring Bakhtin s notions of spirit responsibility and dialogue Patterson takes his reader from the narrow arena of literary criticism to the larger realm of human living and human loving True to the spirit of Bakhtin he draws the Russian into a vibrant dialogue with other thinkers including Foucault Berdyaev Gide Lacan Levinas and Heidegger But he does not stop there He engages Bakhtin in his own insightful and unique dialogue meeting the responsibility and taking the risk summoned by dialogue *Literature and Spirit* therefore is not a typically cool and detached exercise in academic curiosity Instead it is a passionate and penetrating endeavor to respond to literature and spirit as the links in life s attachment to life The author demonstrates that in deciding something about literature we decide something about the substance and meaning of our lives Far from being a question of commentary or explication he argues our relation to literature is a matter of spiritual life and death The reader who comes before a literary text encounters the human voice And Patterson enables his reader to hear that voice in all its spiritual dimensions Unique in its questions and in its quest *Literature and Spirit* addresses an audience that goes beyond the ordinary academic categories It appeals not only to students of literature philosophy and religion but to anyone who seeks an understanding of spiritual presence and meaning in life Through his affirmation of what is dear Patterson responds to the needful question And in his response he puts the question to his audience Where are you *Literature and Spirit* thus speaks to those who face the task of answering Here I am     «Remov'd from human eyes»:
