language which they have inherited from the mists of ages in the far Past and which they fervently hope will survive to that great day when the Lord and Master of all Christian men shall come to judge both the quick and the dead About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Secrets of Ancient America** Carl Lehrburger,2015-01-02 The real history of the New World and the visitors from both East and West who traveled to the Americas long before 1492 Provides more than 300 photographs and drawings including Celtic runes in New England Gaelic inscriptions in Colorado and Asian symbols in the West Reinterprets many archaeological finds such as the Ohio Serpent Mound Reveals Celtic Hebrew Roman early Christian Templar Egyptian Chinese and Japanese influences in North American artifacts and ruins As the myth of Columbus discovering America falls from the pedestal of established history we are given the opportunity to discover the real story of the New World and the visitors from both East and West who traveled there long before 1492 Sharing his more than 25 years of research and travel to sites throughout North America Carl Lehrburger employs epigraphy archaeology and archaeoastronomy to reveal extensive evidence for pre Columbian explorers in ancient America He provides more than 300 photographs and drawings of sites relics and rock art including Celtic and Norse runes in New England Phoenician and Hebrew inscriptions in the Midwest and ancient Shiva linga and Egyptian hieroglyphs in the West He uncovers the real story of Columbus and his motives for coming to the Americas He reinterprets many well known archaeological and astronomical finds such as the Ohio Serpent Mound America's Stonehenge in New Hampshire and the Crespi Collection in Ecuador He reveals Celtic Hebrew Roman early Christian Templar Egyptian Chinese and Japanese influences in famous stones and ruins reconstructing the record of what really happened on the American continents prior to Columbus He also looks at Hindu influences in Mesoamerica and sacred sexuality encoded in archaeological sites Expanding upon the work of well known diffusionists such as Barry Fell and Gunnar Thompson the author documents the travels and settlements of trans Atlantic and trans Pacific explorers miners and settlers who made it to the Americas and left their marks for us to discover Interpreting their sacred symbols he shows how their teachings prayers and cosmologies reveal the cosmic order and sacred landscape of the Americas

[The Battle over America's Origin Story](#) Brian Regal,2022-05-06 This book examines the legends of who really discovered America It argues that histories of America's origins were always based less on empirical evidence and more on social political and cultural wish fulfillment Influenced by a complex interplay of Nativist hatred of immigrants and Aboriginal people as well as distrust of academic scholarship these legends ebbed and flowed with changing conditions in wider

American society The book focuses on the actions of a collection of quirky obsessed amateur investigators who spent their lives trying to prove their various theories by promoting Welsh princes Vikings Chinese admirals Neo lithic Europeans African explorers and others who they say arrived centuries before Columbus These myths acted as mitigating agencies for those who embraced them Along with recent scholarship this book makes extensive use of archival materials some of which have never been employed before It covers the period from the sixteenth century to the present It brings together separate historiographic ideas to create a unified history rather than focusing on one particular legend as most books on the subject do It shows how questions of who discovered America helped create the field of historical scholarship in this country This book does not attempt to prove who discovered America rather it tells the story of those who think they did *Madoc* Thomas Stephens,2015-02-02 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant The Literature of American History Josephus Nelson Larned,1902 Madoc. An Essay on the Discovery of America by Madoc Ap Owen Gwynedd in the Twelfth Century ... Edited by Llywarch Reynolds Thomas STEPHENS (of Merthyr Tydfil.),Llywarch Owain REYNOLDS,1893 The Reputed Discovery of America by Madoc Ab Owain Gwynedd Evan David Jones,1966 **Who Discovered America?** Zella Armstrong,1950 **Snapshots of Welsh History** Phil Carradice,2011-11-10 A fascinating collection of stories from Welsh history collected from Phil Carradice s popular BBC Wales blog gathered together for the first time in a book Among the incredible stories are The man from Clydach who invented a Death Ray The Welsh aristocrat whose parrot once bit Herman Goering on the nose The witch who cursed the launch of a warship at Pembroke Dockyard The battle that was won by a herd of cows These stories are part and parcel of Welsh heritage and make history interesting Snapshots of Welsh History Without the Boring Bits covers a wide range of Welsh history topics Written in Phil s unique easy to read yet elegant style these stories are funny tragic sad and hilarious Yet the one thing they all have in common is that they make compelling reading **Madoc, an Essay on the Discovery of America by Madoc Af Owen Gwynedd in the Twelfth Century...** Thomas Stephens,1893 American Vikings Martyn Whittock,2023-11-07 A vivid and illuminating new history separate fact from fiction myth from legend

exploring the early Vikings settlements in North America Vikings are an enduring subject of fascination The combination of adventure mythology violence and exploration continues to grip our attention As a result for more than a millennium the Vikings have traveled far and wide not least across the turbulent seas of our minds and imaginations The geographical reach of the Norse was extraordinary For centuries medieval sagas first recorded in Iceland claimed that Vikings reached North America around the year 1000 This book explores that claim separating fact from fiction and myth from mischief to assess the enduring legacy of this claim in America The search for American Vikings connects a vast range of different areas from the latest archaeological evidence for their actual settlement in North America to the myth making of nineteenth century Scandinavian pioneers in the Midwest and from ancient adventurers to the political ideologies in the twenty first century It is a journey from the high seas of a millennium ago to the swirling waters and dark undercurrents of the online world of today No doubt the warlike Vikings would have understood how their image could be weaponized In the same way they would probably have grasped how their dramatic violent passionate and discordant mythologies could appeal to our era and cultural setting They might though have been more surprised at how their image has been commercialized and commodified A vivid new history by a master of the form American Vikings explores how the Norse first sailed into the lands and then into the imaginations of America
