libido to entice the buying public and concludes by situating the cultivation of eroticism in the wider context of Michel Foucault's views on social power and governmentality and specifically how they relate to sexuality during the modern era. *World Made Sexy* is about power and pleasure emancipation and domination and the relationship between the personal passions and social controls that have crafted desire. **Madonna's Drowned Worlds** Santiago

Fouz-Hernandez, 2017-07-05 Madonna is perhaps one of the most consistently transgressive and self-transforming artists of the late 20th and early 21st centuries. The recent release of two critically acclaimed and best-selling albums and a sold-out world tour have renewed media and academic interest in the artist. Madonna presents a set of strikingly new challenges to cultural analysis and new developments in Gender, Queer and Ethnic studies have shed more light on her entire oeuvre. Whilst the contributors do refer to classic cultural theorists such as Baudrillard, Zizek, Foucault and Barthes, new theoretical approaches to Madonna's work feature prominently. In view of this, the present volume offers new perspectives on Madonna's work to date, addressing her configurations of race, gender and sexuality and with special emphasis on her resurrection after the Sex backlash in the early 1990s. The collection focuses on new Madonna-related topics such as Hinduism, Judaism, Japanese culture, All-American culture, Queer culture, Motherhood and her influence on newer girl acts such as the Spice Girls and Britney Spears. The book explores the themes of gender, sexuality, ethnicity and celebrity consumption through the lens of Madonna's songs, videos and shows. An international array of scholars portrays Madonna's popularisation of the notion that identity is not fixed and can be continuously rearranged and revamped. The book should have wide appeal for all those concerned with gender studies, cultural studies, ethnic studies, lesbian and gay musicology as well as popular music studies.

Singing for Themselves Patricia Spence Rudden, 2009-03-26 *Singing for Themselves: Essays on Women in Popular Music* is a fresh look at a topic that has attracted increasing interest in recent years. In this collection, scholars from a number of disciplines look at various artists and movements and come to some new conclusions about the ways in which female artists have contributed to the past four decades of pop, rock, blues and punk. From new looks at major artists Etta James, Laura Nyro and Patti Smith to later figures Ferron, Björk and Melissa Etheridge, these chapters suggest new ways to view and hear music that is already part of our culture. *Essays on the Indigo Girls, Dixie Chicks and Destiny's Child* prove that the girl groups tradition is alive and well but with additional new dimensions, and a three-essay section on Joan Jett and the Riot Grrrls phenomenon sheds new light on their implications for feminist artistic expression. The final piece, an annotated bibliography of academic writing on women in rock, helps make this collection a useful addition to the library of students of popular music, while the solid research and accessibility of the text make this a good choice for the general reader as well as the seasoned scholar. If you think that adoration of certain pop music is a guilty pleasure not worthy of higher intellectual aspirations, then *Singing For Themselves* offers absolution. It's far from trivial to ponder the Tao of Canadian singer Ferron, the classical allusions of Laura Nyro's lyrics, the postfeminist booty shaking of Destiny's Child or the historical milieu that

turned Jamesetta Hawkins into blues great Etta James Reading these essays made me want to go right back to the music feeling wiser yes but also validated in the desire to go as deep as any song or singer can take me Michele Kort author of *Soul Picnic The Music and Passion of Laura Nyro* and senior editor at *Ms* magazine I've read *Singing for Themselves Essays on Women in Popular Music* and am happy to provide an endorsement *Singing for Themselves* is a consistently interesting collection of new essays on women and popular music The collection is all the more welcome for being so current It mixes essays on recent phenomena such as electronic punk group Le Tigre and the Dixie Chicks stirring of political controversy with new perspectives on canonical figures like Patti Smith or Etta James The essays gathered here are written with clear commitments but all are marked by care and scholarly rigour I found the interdisciplinary breadth of *Singing for Themselves* refreshing new avenues for research are opened up here and new theoretical paradigms are explored Will Straw PhD Acting Director McGill Institute for the Study of Canada Associate Professor Department of Art History and Communication Studies Opening this book was like opening the door onto a surprise party Everyone I've ever wanted to meet was in there including myself Ferron
