Madras And Beyond:

Beyond Macaulay Parimala V. Rao, 2024-12-10 *Beyond Macaulay* provides a radical and comprehensive history of Indian education in the early colonial era from 1780 to 1860. It critically explores data of 16 000 indigenous schools which shows that indigenous education was not oral informal and Brahmin centric but written formal and egalitarian. Based on rich archival evidence the book challenges the conventional theory that the British administration imposed the English language and modern education on Indians. By including hitherto unused 41 Educational Minutes of Macaulay the volume examines his educational ideas his insistence on compulsory teaching of Indian languages in English schools his encouragement of the Hindi language his opposition to making Arabic as a medium of instruction in medical and technical education opens up hitherto unknown perspectives on Orientalist Modernist debates. Contrasting the educational ideas of the British elites and the Orientalists with dissenting Scottish voices it shows that the colonial administration was not monolithic. The book discusses post Macaulayan educational policies closing down of Macaulay's schools and the Wood's Despatch of 1854 as well as how people protected English schools during the revolt of 1857. This second edition is supplemented with complete student essays which reveal the students use of the English language classical imageries the debates in Europe and finally their own location in Indian society. The essays by upper caste OBC and Dalit students demonstrate their extraordinary competency and command over the English language. The book will be of great interest to scholars and researchers of education history of education Indian history the history of English language teaching in India sociology and political science.

Benign Violence: Education in and beyond the Age of Reason Ansgar Allen, 2014-07-22 Education is a violent act yet this violence is concealed by its good intent. Education presents itself as a distinctly improving enabling practice. Even its most radical critics assume that education is at core an incontestable social good. Setting education in its political context this book now in paperback offers a history of good intentions ranging from the birth of modern schooling and modern examination to the rise and fall of meritocracy. In challenging all that is well intentioned in education it reveals how our educational commitments are always underwritten by violence. Our highest ideals have the lowest origins. Seeking to unsettle a settled conscience *Benign Violence: Education in and beyond the Age of Reason* is designed to disturb the reader. Education constitutes us as subjects we owe our existence to its violent inscriptions. Those who refuse or rebel against our educational present must begin by objecting to the subjects we have become. *Life Beyond A Village* P. Beyond Price R. A. Donkin, 1998 Man has been intrigued by the origin of pearls sensitive to their beauty and convinced of their medicinal value for at least 5 cent A mixture of folklore and observation preceded the earliest scientific inquiries Fishing and trade commenced in S Asia between India and Sri Lanka and around the Persian Gulf In W and Central Europe Inner Asia and China and N Amer Freshwater pearls were probably known and treasured before those of marine origin A refined nomenclature points to a long familiarity with etymologically related words for pearl Pearls were prominent among the luxury products of world trade and were high among the objectives of expeditions to the eastern and western Tropics Illustrations

Knowing Beyond Knowledge Thomas A. Forsthoefel, 2020-09-10 This title was first published in 2002 This book builds on contemporary discussion of mysticism and religious experience by examining the process and content of religious knowing in classical and modern Advaita Drawing from the work of William Alston and Alvin Plantinga Thomas Forsthoefel examines key streams of Advaita with special reference to the conditions contexts and scope of epistemic merit in religious experience Forsthoefel uniquely employs specific analytical categories of contemporary Western epistemologies as heuristics to examine the cognitive dimension of religious experience in Indian Vedanta Showing the developing nuances in the analysis of religious experience in the thought of Shankara and his immediate disciples Suresvara and Padmapada as well as in the teaching of Ramana Maharshi an understudied but important South Indian saint of the 20th century this book offers a substantial contribution to studies of Indian philosophy as well as to contemporary philosophy of religion Using the tools of exegesis and comparative philosophy Forsthoefel argues for a careful justification of claims following religious experience even if such claims involve as they do in the Advaita a paradoxical knowing beyond knowledge

Beyond the Horizon UMA BALASUBRAMANIAM, 2015-11-03 Beyond the Horizon is a journey of a dreamer who goes through childhood and adolescence walking the primrose path of fantasy Married at twenty she is pushed from this path to tread one submerged in prejudice deceit and subterfuge while
