Posthumanism and India Debashish Banerji, Md. Monirul Islam, Samrat Sengupta, 2024-12-10 The book is about what posthumanism means in the contemporary Indian context and what different lines of consideration this can take The world today has universalized a Eurocentric history of the human with its privileges oppressions exploitations and exclusions On the one hand this has led to the triumphalist narrative of technology the blurring of biological embodiment through prostheses and the dream of transhumanist self exceeding On the other hand we are witness to the contemporary eruption of dystopian anomalies due to the dis balance or revolt of the others of humanism climate crisis chronic pandemic religious ethnocentric and geopolitical violence ideological and authoritarian state control Posthumanism is both an acknowledgement of these blurred boundaries of humanism and a critical response to it The editors of this volume opine that the discourse of posthumanism in India warrants urgent consideration if we are to adequately address both national and global emergencies and look for solutions that India may be in a unique position to offer Essays in the volume are by scholars in the area dealing

with representative directions relating to posthumanism in India The essays are divided into five areas of cultural relevance 1 internal selves and others 2 technology normativity and ethics 3 human and animal 4 bodies and their discards 5 becoming cosmos Together they form the beginnings of an approach to a critical cartography of posthumanism as it pertains specifically to India

Ethics and Governance Patrick K. Kalifungwa, 2025-08-12 As the title suggests The Right and the Good is about rightness goodness and their relation to each other Ross W D 2002 Rightness is a property of acts while goodness concerns various kinds of things According to Ross there are certain features that both have in common they are real properties they are indefinable pluralistic and knowable through intuition Skelton Anthony 2012 Central to rightness are prima facie duties for example the duty to keep one's promises or to refrain from harming others Simpson David L William David Ross 2021 of special interest for understanding goodness is intrinsic value what is good in itself Ross ascribes intrinsic value to pleasure knowledge virtue and justice Skelton Anthony 2012 It is easy to confuse rightness and goodness in the case of moral goodness An act is right if it conforms to the agent's absolute duty Ross W D 2002 Doing the act for the appropriate motive is not important for rightness but it is central for moral goodness or virtue Burgh W G de 193 Ross uses these considerations to point out the flaws in other ethical theories for example in G E Moore's ideal utilitarianism or in Immanuel Kant's deontology Ross defends a realist position about morality the moral order expressed in prima facie duties is just as real as the spatial or numerical structure expressed in the axioms of geometry or arithmetic Ross W D 2002 Furthermore the terms right and good are indefinable Skelton Anthony 2012 This means that various naturalistic theories trying to define good in terms of desire or right in terms of producing the most pleasure fail
