People with Borderline or Narcissistic Personality Disorders have a serious mental illness that primarily affects their intimate personal and family relationships Often they appear to be normally functioning at work and in public interactions and Narcissists may even be highly effective in the short term in some work or social situations However in intimate relationships they can be emotional aggressive demeaning illogical paranoid accusing and controlling in the extreme Their ability to function normally or pleasantly can suddenly change in an instant like flipping a switch These negative behaviors don't happen once in a while they happen almost continuously in their intimate relationships and most often and especially with their Caretaker family member Here Margalis Fjelstad describes how people get into a Caretaker role with a Borderline or

Narcissist and how they can get out. Caretakers give up their sense of self to become who and what the Borderline or Narcissist needs them to be. This compromises the Caretaker's self-esteem, distorts their thinking processes, and locks them into a Victim-Persecutor-Rescuer pattern with the Borderline or Narcissist. The book looks at the underlying rules and expectations in these relationships and shows Caretakers how to move themselves out of these rigid interactions and into a healthier, more productive and positive lifestyle, with or without the Borderline Narcissistic partner or family member. It describes how to get out of destructive interactions with the Borderline or Narcissist and how to take new, more effective actions to focus on personal wants, needs, and life goals while allowing the Borderline or Narcissist to take care of themselves. It presents a realistic yet compassionate attitude toward the self-destructive nature of these relationships and gives real-life examples of how individuals have let go of their Caretaker behaviors with creative and effective solutions. **Humans**

Being Lou Ann Daly, 2009-07 Like asking the eagle to lumber or bear to fly, you will never find your own graceful state of being by looking outward for direction. Grace appears when you step inward to your unique essence and walk your own path. **Humans Being** is a book dedicated to all who long to find their voice, pursue their passion, and live more fulfilling, creative, and healthier lives. It offers a simple framework in the form of the Universal Soul Grid for reconnecting with unique purpose and voice and for recognizing unconscious choices that block creativity, insight, and lives of ease. The exercises are designed to provide practice fields for readers to engage at their own pace and to reinforce what it means to live in grace, listen to the heart, and lead a life of clarity and courage. The path to lives of ease and grace is available to all, and yet not all of us have been engaging all aspects of this path. But its influence and prompting in your life become clear when you look squarely at who you are becoming, the results of your choices, and the relative ease or difficulty of your life. The simple truth in your heart, in whatever form you recognize it, serves your own unique journey. As long as you remember that point, faith and courage more easily follow. The desire to open your eyes and see where you invest your energy to hold yourself back for whatever reason becomes a curiosity rather than a failure. And the possibility of greatness and living your dreams emerges much more clearly. **Escape the Middle** Todd Polke, 2025-04-21
