2000s this volume looks at trade unionism state and cultural responses to deindustrialization including the more recent pivot towards the tourist industry and the lived experiences of Indigenous and Black people Rather than focusing on the separate or distinct nature of Cape Breton contributors place the island within broad transnational networks such as the financial world of the Anglo Atlantic the Celtic music revival the Black diaspora Canadian development programs and more In capturing the vital elements of a region on the rural resource frontier that was battered by deindustrialization the histories included here show how the interplay of the state cultures and transnational connections shaped how people navigated these heavy pressures both individually and collectively **Canadian Politics, Seventh Edition** James Bickerton,Alain-G.

**Angus L. Macdonald** T. Stephen Henderson,2007-04-21 Perhaps one of the most influential Canadian premiers of the Twentieth Century and one of the leading political intellectuals of his generation Angus L Macdonald dominated politics in Nova Scotia for more than twenty years serving as premier from 1933 to 1940 and again from 1945 until his death in 1954 One rival referred to him as the pope out of respect for his political infallibility From 1940 to 1945 Macdonald guided Canada's war effort at sea as Minister of National Defence for Naval Services under his watch the Royal Canadian Navy expanded faster than any other navy in the world This new work by T Stephen Henderson is the first academic biography of Macdonald whose life provides a framework for the study of Canada's pre and post war transformation and a rare opportunity to compare the political history of the two periods Generally Macdonald's political thinking reflected a progressive interwar liberalism that found its clearest expression in the 1940 Rowell Sirois report on federal provincial relations The report proposed a redistribution of responsibilities and resources that would allow poorer provinces greater autonomy and reduce overlapping jurisdictions in the federal system Ottawa abandoned Rowell Sirois in the postwar period and Macdonald fell out of step with the national Liberal party that he had once seemed destined to lead Within Nova Scotia however his ardent defence of provincial powers and his commitment to building a modern infrastructure enabled him to win election after election and transform the face and identity of his province      **Closing Sysco** Lachlan MacKinnon,2020-02-27

Closing Sysco presents a history of deindustrialization and working class resistance in the Cape Breton steel industry between 1945 and 2001 The Sydney Steel Works is at the heart of this story having existed in tandem with Cape Breton's larger coal operations since the early twentieth century The book explores the multifaceted nature of deindustrialization the internal politics of the steelworkers union the successful efforts to nationalize the mill in 1967 the years in transition under public ownership and the confrontations over health safety and environmental degradation in the 1990s and 2000s Closing Sysco moves beyond the moment of closure to trace the cultural historical and political ramifications of deindustrialization that continue to play out in post industrial Cape Breton Island A significant intervention into the international literature on deindustrialization this study pushes scholarship beyond the bounds of political economy and cultural change to begin tackling issues of bodily health environment and historical memory in post industrial places The experiences of the men and women who were displaced by the decline and closure of Sydney Steel are central to this book Featuring interviews with former steelworkers office employees managers politicians and community activists these one on one conversations reveal both the human cost of industrial closure and the lingering after effects of deindustrialization      **Cultures of Citizenship in Post-war Canada, 1940 - 1955** Nancy Christie,Michael Gauvreau,2004-01-15

The years between the end of World War II and the mid 1960s have usually been viewed as an era of political and social consensus made possible by widely diffused prosperity creeping Americanization and fears of radical subversion and a dominant culture challenged periodically by the claims of marginal

groups By exploring what were actually the mainstream ideologies and cultural practices of the period the authors argue that the postwar consensus was itself a precarious cultural ideal that was characterized by internal tensions and while containing elements of conservatism reflected considerable diversity in the way in which citizenship identities were defined Contributors include Denyse Baillargeon Universit de Montr al P E Bryden Mount Allison University Nancy Christie Michael Gauvreau Karine Hebert Carleton University Len Kuffert Carleton University and Peter S McInnis St Francis Xavier University

Seven Days in Halifax Robert Ashe, 2025-10-07 Halifax today lives with the results of bad decisions made decades ago A container port accessible only through narrow downtown streets A park bridge and port on the spot where Africville was demolished A mega interchange going nowhere finally torn down The thoughtless power brokers who made these decisions are long gone but Haligonians still live now with the choices they made Yet for seven days in 1970 Nova Scotians saw a brilliant spotlight shone on the city s power structure exposing incompetence ignorance racism and lies In Seven Days in Halifax Robert Ashe presents this forgotten event in the city s life Twelve highly qualified outsiders including a passionate Black pastor a feisty Canadian labour leader and a no holds barred journalist spent a week in a public investigation of the city and how it worked Each evening Nova Scotians were glued to live television broadcasts where the 12 experts grilled local authorities The event called Encounter was a one off But it showed how a local power structure can fail a city s citizens and face no consequences Robert Ashe s story of Encounter explains much about Halifax s recent history and offers timely lessons on the importance of accountability on the part of those in the city s power structure today
