Perfect Evil:

Perfect Being Theology Katherin A Rogers, 2019-08-07 That being than which a greater cannot be conceived This was the way in which the living God of biblical tradition was described by the great Medieval philosophers such as Augustine Anselm and Aquinas Contemporary philosophers find much to question criticise and reject in the traditional analysis of that description Some hold that the attributes traditionally ascribed to God simplicity necessity immutability eternity omniscience omnipotence creativity and goodness are inherently incoherent individually or mutually inconsistent Others argue that the divinity described by philosophers cannot be the same as the providential God of revelation In *Perfect Being Theology* Katherin A Rogers defends the traditional approach considering contemporary criticisms but concluding that the most adequate account of the nature of God should build upon the foundation laid by the Medieval philosophers Written in a lively and accessible style and offering an important historical perspective this book covers key areas of contention and many of the major ideas and thinkers from all sides of the debate are included *The Metaphysics of Perfect Beings* Michael J.

Almeida, 2012-02-27 *The Metaphysics of Perfect Beings* addresses unexpected challenges to the Anselmian God in light of recent developments in logic metaphysics and epistemology **Perfect Will Theology** J. Martin Bac, 2010-04-16 This book revisits four early modern debates of Reformed theology concerning the will of God Reformed scholasticism advocated a particular relationship between divine knowledge will and power which was altered by Jesuits Remonstrants Descartes and Spinoza In all these debates modal categories like contingency and necessity play a prominent part Therefore these positions are evaluated with the help of modern modal logic including possible world semantics The final part of this study presents a systematic defense of the Reformed position which has been charged of theological determinism and of making God the author of sin In modern terms therefore the relation of divine and human freedom and the problem of evil are discussed

scape theme One of the main characters is a black woman a seasoned sea captain for example I wanted to create another kind of hero in another part of the world on another kind of mission based on another mindset more of a West African theme influenced by the folklore of the ancient Yoruba of Southwestern Nigeria which is deeply submerged in cosmological and celestial influences and is viewed as individual characteristic energies expressing themselves universally in allegorical narratives These legends tend to be older than Western civilization I wanted the story to be unique and the characters just as unique This is a story told by the ancestors of the war in heaven before the creation of man this a story of the battle of illumination and darkness the fight to maintain balance between good and evil

The Biggest Lie Marie Simon Walker, 2022-08-30 This book is a simple story to illustrate the moral and spiritual lessons of the greatest story ever told the bible Personification of the evil serpent and the King of Evil the devil in the garden of eden gives god s very serious messages a lighthearted atmosphere while still teaching god s important lessons to children of all ages

Sacred Disobedience Sharon L. Coggan, 2020-07-07 Sacred Disobedience A Jungian Analysis of the Saga of Pan and the Devil traces the ancient Greek God Pan who became distorted into the image of the Devil in early Christianity When Pan was demonized the powerful qualities he represented became repressed as Pan s visage twisted into the model of the Devil This book follows a Jungian analysis of this development In ancient Greek religion Pan was worshipped as an honored deity corresponding to an inner psycho spiritual condition in which the primitive qualities he represented were fully integrated into consciousness and these qualities were valued and affirmed as holy But in the era of early Christianity Pan dies and the Devil is born a twisted inflation possibly due to an underlying repression In the Jungian system repressed psychic contents do not disappear as proponents of the new order tacitly assume but distort and grow more powerful or inflate to cripple the psyche that refuses to incorporate these split off elements Repressed contents will expand to explosive force as the repressed elements eventually return regressively from below It becomes important then to understand what qualities the primitive Goat God carried to appreciate what was repressed in the Western psycho spiritual system and what subsequently needs reintegration

Connie'S Message—Smile! Jack B. Blount,2018-05-03 I wrote this book for two reasons both of which are tightly intertwined First is the fact that my daughter Connie and I discussed writing this book together while she was a freshman at the University of Kentucky After her death I needed to accomplish that goal we had set together to share our faith in God with others who were not fortunate to have been brought up in a Christian home Second is the fact that I know Satan was controlling the drunk driver who was responsible for Connies death Therefore I want to honor God by sharing my faith that Connie is in heaven Satan took Connies life in this world but God gave Connie eternal life in heaven Through faith in Jesus Christ we will someday be in heaven together again The Bible is the most published book in the world by far at over nine billion copies Yet I acknowledge that the Bible is not the easiest place for someone new to Christian theology to begin a journey with God in our modern science dominated politically correct culture Therefore I have captured a lifetime of study and discussions about the Bible and shared it with you in this book in the hopes it will make you aware of what God offers everyone

Mediaeval Philosophy Frederick Denison Maurice,1859 *Moral and Metaphysical Philosophy* Frederick Denison Maurice,1873 *Ancient philosophy and the first to the thirteenth centuries* Frederick Denison Maurice,1873

Graham Greene Robert O. Evans,2021-05-11 This collection of fourteen essays by American and English scholars many of them hitherto unpublished and all of them selected with a view to avoiding the duplication of essays already familiar and available offers new testimony of the range and accomplishments of Graham Greene s talent The essays vary from considerations of general topics to critical analyses of single novels from a discussion of Greene as a writer of Christian tragedy to a witty irreverent assessment of *The Power and the Glory* The authors here are chiefly concerned with the novels though frequent allusions reveal something of the nature and importance of the entertainments and the travel books A number of the essayists focus upon Greene s commitment to the Roman Catholic faith and the definition it has given to his work As a writer he is shown to be preoccupied with a dual vision of human frailty and of God s saving grace a vision found by some to assert sin to the point of virtual heresy though it never loses sight of that mercy which may catch up a soul between the stirrup and the ground As one essay points out traces of this vision are to be found in Greene s earlier works as well as in his entertainments Greene s own particular bent as a Catholic writer is brought out by a comparison with Francois Maruiac another essay is concerned with the tension that exists between the life of art and the life of sanctity Round out this presentation of Greene s accomplishments are discussions of his work in the dram the short story and as a motion picture critic Finally this collection is notable for its inclusion of the most comprehensive bibliography of Greene s work and the criticism of them yet published Graham Greene emerges from this composite judgment as a writer of consummate artistry

who sees behind the facade the emptiness of a secular world *After the Trauma* Harvey Curtis Webster, 2014-07-15 In this lucid book a distinguished scholar and critic measures British fiction from World War I through the convulsive effects of the Depression and World War II and the importance of the writing that has been done since *Finnegan's Wake* Webster presents a moving account of the shattering impact of the Great War upon British writers particularly Rose Macaulay Aldous Huxley Evelyn Waugh and Ivy Compton Burnett The cynicism and despair which afflicted them also bore heavily on the novelists of the thirties and forties Graham Greene Joyce Cary L P Hartley C P Snow who endured the disorder and violence of the Depression and World War II Though all of these writers spoke with individual voices ranging from pessimism to joyful affirmation they were all marked ineradicably by the turmoil of the period The book closes with an overview of the writers who have developed since World War II Penetrating fresh affirmative in its values the book is an important assessment of this protean group of writers
