Poison Modern Manifestations Of A Blood Libel:

Poison Raphael Israeli,2000 **Blood Libel and Its Derivatives** Raphael Israeli,2017-09-08 At the doorstep of the twenty first century one would expect that medieval concepts such as blood libel the accusation that Jews kill children to use their blood in religious ritual would have been discarded by any civilized human being Certainly in the Christian world where the story originated and endured for centuries modern attitudes have nearly erased these barbaric accusations But in Arab and Islamic worlds where enmity towards Israel and Zionism has conditioned beliefs attitudes positions and fantasies blood libel and similar charges are still part of life Most people are unaware of the history of blood libel and do not perceive links between it and many of the false accusations currently hurled against the state of Israel Raphael Israeli argues that individuals and organizations guilty of human rights crimes project crimes onto Israel to avoid awareness of their own guilt Certainly when countries ruled by dictators set the agenda of the UN Council for human rights Israel is consistently censured and condemned Accusations of apartheid and charges of discrimination against Muslims are frequently made Israel is accused of plots against Muslims in order to harm their productive sectors of using weapons of mass destruction to commit genocide against Arabs of injecting poisonous substances into Palestinian children of poisoning Arab lands under the guise of agricultural aid and of laying siege to peaceful citizens All of these charges are derivatives of blood libel and have been adopted by Middle East Jihadists in their struggle against Israel This volume aims to explain the origins of the charge of blood libel and define the ways its derivatives have achieved acceptance in certain parts of the world today Suicidal Democracy Raphael Israeli,2019-09-11 Suicidal Democracy Israel s Future in the Arab Environment spells out the perils inherent in the practice of democracy at any price even when it takes precedence over national identity and disregards national security and national existence just in order to preserve the ideal of democracy For one the values of existence and survival are considered by author Raphael Israeli as overwhelming while the character of a regime is only auxiliary to ascertain a better existence Therefore to choose any kind of government one first must guarantee one s survivability This volume examines the way Israel has been disregarding these basic life requirements in its frenzied drive to be and to appear as a supreme practitioner of democracy both towards its large Arab population and in its relations with the Arab world while the latter have been abusing democracy and liberal policies to bring Israel to its demise *Poison* Raphael Israeli,2002-01-01 This is the story of an amazing manifestation of a modern blood libel against the Jews and Israel involving not only Arabs and Muslims but also the European media and world organizations Based on rich documentation from all angles Israeli Palestinian Arab European American and International Raphael Israeli aims to draw our attention toward another piece in the multi faceted puzzle of the Arab Israeli dispute and of international antisemitism By bringing this Middle Eastern version of the perennial theme of blood libel before their readers the author hopes to instruct people of good will of the dangers inherent in protracted conflicts such as the one opposing Israelis and Arabs which can provoke war misery

destruction and violence but also recriminations born out of hallucinations and ill will This is a multi disciplinary book which should interest not only students of antisemitism Judaism and Israel but also psychologists journalists political scientists and scholars of communications the Middle East international relations and the Israeli Arab dispute **Defeat, Trauma, Lesson: Israel Between Life and Extinction** Raphael Israeli,2014-07-22 History books are usually written by victors while the defeated write poetry and words of nostalgia hoping for better days This volume takes major defeats in Jewish history and tries to describe what happens to a defeated nation and how in the specific case of Israel and the Jews the trauma of defeat engenders hope and forces the survivors to learn lessons for the future The destruction of the two Jewish temples in antiquity the Holocaust and the 1973 War serve as case studies to illustrate the problematic National grief as a result of disasters is a process of recuperation Drawing lessons learned from the event will help the nation come out of trauma Survivors commemorating the dead also help that process **Hatred, Lies, and Violence in the World of Islam** Raphael Israeli,2017-09-08 Hatred Lies and Violence in the World of Islam examines the torrential flood of anti Israeli anti Jewish and anti Zionist propaganda that permeates many Muslim societies Raphael Israeli locates the source of this anti Semitic sentiment in the inadequacies and insecurities of Muslim states By demonizing and delegitimizing Israel and Jews they seek to eliminate a successful counterexample of their own failures thus putting an end to their own humiliation Beyond mapping the distribution of anti Israel and anti Jewish propaganda in the Arab and Islamic worlds Israeli uses case studies to illustrate the premises of this study the Palestinians who have a direct stake in battling Israel Turkey which now claims leadership of the Arab and Sunni Muslim worlds and Shi ite Iran which provides a more extreme example of both hatred and disregard for fact and history while threatening to destroy Israel Israeli documents the worldwide collaboration between Jew haters of all sorts explaining the exponential growth of Jew hatred on the Internet with thousands of new hate sites added every year outpacing Jew hatred in the traditional media He places anti Semitism in a broader tradition of political lies and political deceit In the final chapter Israeli considers the possibility of reversing anti Jewish agitation in Muslim countries which he finds unlikely because so many of the region s regimes are built on foundations of anti Semitism *Alternative Paths to Influence* Giulio M. Gallarotti,2023-06-06 This book offers new and cutting edge analyses of under explored subjects and issues in the realm of soft power It attempts to fill significant scholarly gaps in understanding the process by which soft power is created as well as gaps in demonstrating its impact Soft power is one of the most influential ideas in the study of international politics over the past thirty years Can nations attain their most vital foreign policy objectives in agreeable ways Advocates of the concept of soft power have vociferously answered in the affirmative After many years of thinking in the field of international affairs that the only effective path to influence in international politics was military and economic power the idea of soft power offers new and exciting possibilities of gaining such influence through a more benign path one that elevates cooperation and esteem as preferred alternatives to violence threat and military capacity This book posits that the

realization of the full potential of soft power as a foundation for international relations is a crucial goal for our present world one beset by war and planetary crises The book will be of special interest to researchers across political science international relations cultural studies and foreign policy It was originally published as a special issue of the Journal of Political Power

Summing Up at Age 90 Raphael Israeli, 2024-07-15 This volume looks back at my approaching 90 years of age and the beginning of my 10th and assuredly last decade on this earth I use my long and diversified scholarly life experience to leave behind a final and I hope lasting impression of an Israel where I have lived since age 14 completed my studies taught thousands of students and written dozens of books on a variety of topics mostly related to the Islamic world and some on China I am departing an Israel that has been traumatized following the sudden deadly attack by Hamas on October 7 2023 on 1 300 Israelis and the abduction of 240 more into captivity in Gaza including babies the elderly and women all of whom were abused one way or another Only a revolutionized Israel in all domains which is acutely expected by all Israelis in its military political social cultural and economic fields is likely to start mending these long term wounds that have caused dislocation refugees misery and destruction on both the directly related Gaza border where 22 village communities have been annihilated and the Lebanese border where similar carnage and ruin are looming unless the Hizbullah which has gratuitously joined the fray is tamed or defeated

The Murder of William of Norwich E. M. Rose, 2015 In 1144 the mutilated body of William of Norwich a young apprentice leatherworker was found abandoned outside the city's walls The boy bore disturbing signs of torture and a story spread that it was a ritual murder performed by Jews in imitation of the Crucifixion as a mockery of Christianity The outline of William's tale eventually gained currency far beyond Norwich and the idea that Jews engaged in ritual murder became firmly rooted in the European imagination E M Rose's engaging book delves into the story of William's murder and the notorious trial that followed to uncover the origin of the ritual murder accusation known as the blood libel in western Europe in the Middle Ages Focusing on the specific historical context 12th century ecclesiastical politics the position of Jews in England the Second Crusade and the cult of saints and suspensefully unraveling the facts of the case Rose makes a powerful argument for why the Norwich Jews and particularly one Jewish banker were accused of killing the youth and how the malevolent blood libel accusation managed to take hold She also considers four copycat cases in which Jews were similarly blamed for the death of young Christians and traces the adaptations of the story over time In the centuries after its appearance the ritual murder accusation provoked instances of torture death and expulsion of thousands of Jews and the extermination of hundreds of communities Although no charge of ritual murder has withstood historical scrutiny the concept of the blood libel is so emotionally charged and deeply rooted in cultural memory that it endures even today Rose's groundbreaking work driven by fascinating characters a gripping narrative and impressive scholarship provides clear answers as to why the blood libel emerged when it did and how it was able to gain such widespread acceptance laying the foundations for enduring antisemitic myths that continue to present

Israel's New Strategic Dilemmas Raphael

Israeli, 2012 Israel's New Strategic Dilemmas: Survival or Revival details the strategic problems facing Israel today as a result of the asymmetrical terrorist wars imposed on it. With the motive of delegitimizing Israel and forcing it to react against civilian terrorists who dwell amidst other civilian populations and who do not have any legal or international standing, these wars create an untenable situation of retaliation and casualties. Unless Israel succeeds in making the necessary reforms in the strategic areas of security and domestic affairs, its chances for survival are dwindling. An important and fascinating reading experience, Israel's New Strategic Dilemmas: Survival or Revival will shift your perspective on a highly contentious and complex topic.

About the Author: Raphael Israeli grew up in Morocco and Israel and currently resides in Jerusalem where he is a University Professor. He was motivated to write Israel's New Strategic Dilemmas: Survival or Revival by the exposure and criticism of Israel in the world media due to its counterattacks against terrorism in the second Lebanese War (2006) and the Gaza War (2008-9). He is working on his next book about the death camps in Bosnia and Croatia during WW II and the alliance between the Nazis and their Muslim collaborators.
