Police Officer Protector Of The Peace:

Law Enforcement Officers Protection Act of 1985 United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime,1986 The Protection of Civilians in Peacekeeping Operations Tamer Morris,2024-09-09 While the Security Council has been mandating peacekeepers to protect civilians since 1999 there is still contention on its legal meaning Even though the concept of protection can seem self evident as the concept of protection is borrowed language each body of law will perceive protection through a different lens However as the mandate creates a legal obligation on UN peace missions a clear understanding of protection is fundamental to ensure performance and accountability *Protection of Personnel in Peace Operations* Ola Engdahl,2007 The 1994 Convention on the Safety of United Nations and Associated Personnel Safety Convention was the first multilateral convention to deal specifically with the protection of personnel engaged in peace operations It should be viewed against the background of the increasingly volatile environments in which peace operation personnel were required to operate at the beginning of the 1990s An Optional Protocol extending the automatic application of the Safety Convention to new categories of operation was adopted in December 2005 Protection which a host government is responsible for securing for personnel in peace operations may be categorised as general and special protection The former includes for example human rights law and international humanitarian law The latter comprises privileges and immunities accorded to agents of states or organisations The contribution of the Safety Convention is mainly one of interstate penal law co operation States parties are obligated to co operate in order to effectively prosecute the perpetrators of stipulated crimes The protection afforded by the Safety Convention may therefore be categorised as being part of an emerging legal regime against impunity An effective protection needs to address the specific challenges surrounding peace operations Some of these challenges identified in this study are related to the interplay between the rules of peace and war as well as responsibility and accountability of protected personnel It is also contended that there is a need for an effective implementation of existing rules and a careful development of so called status of forces agreements applicable in peace operations *Police Officers' Rights and Benefits* United States.
