Policing A Short History:

Policing: A short history Philip Rawlings, 2012-12-06 This book provides an overview of the history of policing in the UK Its primary aim is to investigate the shifting nature of policing over time and to provide a historical foundation to today s debates Policing a short history moves away from a focus on the origins of the new police and concentrates rather on broader but much neglected patterns of policing How was there a shift from communal responsibility to policing What has been expected of the police by the public and vice versa How have the police come to dominate modern thinking on policing The book shows how policing in the sense of crime control and order maintenance has come to be seen as the work which the police do even though the bulk of policing is undertaken by people and organisations other than the police This book will be essential reading for anybody interested in the history of policing on how differing perceptions emerged on the function of policing on the part of the public the state and the police and in today s intense debates on what the police do Policing Philip Rawlings, 2012 A Short History of Police and Policing Clive Emsley, 2021-02-25 The police are constantly under scrutiny They are criticized for failings praised for successes and hailed as heroes for their sacrifices Starting from the premise that every society has norms and ways of dealing with transgressors A Short History of Police and Policing traces the evolution of the multiple forms of policing that existed in the past It examines the historical development of the various bodies individuals and officials who carried these out in different societies in Europe and European colonies but also with reference to countries such as ancient Egypt China and the USA By demonstrating that policing was never the exclusive dominion of the police and that the institution of the police as we know it today is a relatively recent creation Professor Emsley explores the idea and reality of policing and shows how an institution we now call the police came to be virtually universal in our modern world **Police and Policing** Peter Villiers, 2009-02-05 An ideal introduction for police recruits criminal justice practitioners criminologists and general readers Written in a clear style and based on the experiences of author Peter Villiers who was for many years a tutor at the National Police Staff College **The Spamford Files: A Brief History of Policing 2010-2014** Andy Gilbert, 2014-10-08 Our vision to provide protection a lot of love and affection whether we are right or wrong *Victorian Policing* Gaynor Haliday, 2017-11-30 A cultural history of local law enforcement in Victorian England from street patrolling and crime detection to corruption among the ranks Historian Gaynor Haliday became fascinated with the life of early police forces while researching her own great great grandfather a well regarded Victorian police constable in the West Yorkshire city of Bradford Although a citation claimed his style of policing was merely to cuff the offender round the ear and send him home press reports of the time painted a much grimmer picture of life on the beat in the Victorian streets In Victorian Policing Haliday draws on a variety of primary sources from handwritten Watch Committee minutes to historical newspapers and police records She reveals how and why various police forces were set up across the United Kingdom the recruitment training and expectations of the men the issues and crimes they had to deal with

and the hostility they encountered from the people whose peace they were trying to keep **A Short History of Police and Policing** Clive Emsley, 2021-02-25 The police are constantly under scrutiny They are criticized for failings praised for successes and hailed as heroes for their sacrifices Starting from the premise that every society has norms and ways of dealing with transgressors A Short History of Police and Policing traces the evolution of the multiple forms of policing that existed in the past It examines the historical development of the various bodies individuals and officials who carried these out in different societies in Europe and European colonies but also with reference to countries such as ancient Egypt China and the USA By demonstrating that policing was never the exclusive dominion of the police and that the institution of the police as we know it today is a relatively recent creation Professor Emsley explores the idea and reality of policing and shows how an institution we now call the police came to be virtually universal in our modern world *Feudal Forces, Democratic Nations* Swati Mehta, Commonwealth Human Rights Initiative, 2007 Policing the Metropolis of Scotland: A History of the Police and Systems of Police in Edinburgh & Edinburghshire, 1770-1833 , *A History of the Dublin Metropolitan Police and its Colonial Legacy* Anastasia Dukova, 2016-10-10 This book illuminates the neglected history of the Dublin Metropolitan Police a history that has been long overshadowed by existing historiography which has traditionally been preoccupied with the more radical aspects of Irish history It explores the origins of the institution and highlights the Dublin Metropolitan Police s profound influence on the colonial forces as its legacy reached some of the furthest outposts of the British Empire In doing so Anastasia Dukova provides much needed nuance and complexity to our understanding of Ireland as a whole and Dublin in particular demonstrating that it was far more than a lawless place ravaged by political and sectarian violence Simultaneously the book tells the story of the bobby on the beat the policeman who made the organisation his work and day the conditions of service and how they affected or bettered his lot at home and abroad
