Policing Transportation Facilities

Kurt R. Nelson

Policing Transportation Facilities:

POLICING TRANSPORTATION FACILITIES Henry L. DeGeneste, John P. Sullivan, 1995-01-01 This book is the first comprehensive volume on the emerging discipline of transport policing The text reviews the major issues concerning security and policing of transportation facilities and provides a framework for informed decision making Topics include commuter rail and subway crime maritime port and cargo security airport crime transportation terrorism illegal drugs in transit hazardous cargo public bus and rail terminal crime and the special issues of homeless and mentally ill persons in transport centers The book serves as a valuable resource for managers and command level staff at transit railway airport and seaport police departments police agencies with transport facilities in their jurisdiction transportation facility managers students and universities with programs in criminal justice police science government public administration transportation and urban planning police academies and government departments of transportation The text represents years of research field interviews teaching experience administration and program development in providing administrators and police with a framework for developing strategies to protect their facilities and patrons from current and future security risks **FBI Law Enforcement Bulletin** ,1995 **POLICING MASS TRANSIT** Kurt R. Nelson, 1999-01-01 This book is a comprehensive examination of the topics needed to insure the public s safety while using mass transit Not only will law enforcement professionals and students find it a useful reference it is also of benefit to transit managers and planners who need to incorporate safety and security design into a mass transit system The first section of the book discusses the foundations of creating a systematic approach to safety and security The initial chapter establishes the community orientation needed for creating a stakeholder vested transit system From that foundation an examination of information management and planning finish the discourse on the elemental portions of creating a total system The next section divides mass transit into its basic components of buses light rail and fixed locations stations Each component requires consideration of unique or specialized issues Finally the last section covers specific topics of concern such as terrorism youths gangs mentally ill homeless and other pertinent areas of interest to both transit policing and system management Policing Mass Transit is a book well suited to students planners transit managers and law enforcement officers It is a comprehensive approach to designing a safe secure and desirable mass transit system **US Privatization Programs And Regulations Handbook Volume 1 Privatization Strategy and Developments** IBP, Inc., 2017-11-29 2011 Updated Reprint Updated Annually **US Privatization Programs and Regulations Handbook Policing the Police 2 Edition** Praveen Kumar, **Police Analysis and Planning for Homicide Bombings** John W. Ellis, 2007 Police Analysis and Planning for Homicide Bombings is oriented toward planning police operations in the public sector but will be usable by other public officials as well as by some military and private sector police operations It addresses police threat assessment of vulnerability assessment to defense against and response to attacks by homicide bombs It begins with an essay on the distinctions between military and police operations and

includes an examination of the U S counter terrorist policy and structure assessment of explosive weapons of mass destruction and the terrorist ability to make and use them the legal limitations of police response operations in the United States and defensive response to this form of attack It concludes with commentary on actions that may be needed if this threat continues to develop in the United States Relying upon both experience and research the author has synthesized the varied military law enforcement and private security approaches into a detailed analysis of the threat posed by terrorist use of homicide bombs and the necessary internal response With the first hand experience of applying the knowledge in an actual threat environment the combination of historical perspective and reality confrontation produces an effective examination of the topic for the police administrator and emergency planner Non-state Threats and Future Wars Robert J.

Bunker,2012-11-12 The intent behind this book was to bring together a team of defence and national security scholars and real world military and law enforcement operators to focus on the topic of Non State Threats and Future Wars The book is divided into four main sections The first concerns theory The second section concerns non state threats and case studies providing an overview of non state threats ranging from organized crime networks to cartels gangs and warlords The third section is based on counter OPFOR opposing force strategies which detail advanced concepts urban battlespace environmental perceptions weaponry intelligence preparation networked force structure and C4I The fourth and final section contains an archival document from the late 1987 period concerning early Fourth Epoch War theory and never before published interviews with Chechen commanders and officers who participated in combat operations against Russian forces in the 1994 96 war Civil Affairs Operation ,1969 **Civil Affairs Operation** United States. Department of the Army,1969
