Thatcher's Britain

Policy And Change In Thatchers Britain

Brian White

Policy And Change In Thatchers Britain:

Policy and Change in Thatcher's Britain Paul J. Cloke, 1992 *Policy and Change in Thatcher's Britain* presents an integrated analysis of the changing policy impacts of the Thatcher decade using various different aspects of critical social theory. The study first parallels the directions taken by successive Thatcher governments with the paths taken by critical social theorists in the 1980s. This analysis shows not only that critical social theory can inform the interpretation of Thatcherism but also that Thatcherism made such demands on social theory as to force changes in the theoretical agenda. More detail follows in an explanation and analysis of the employment of policy making and planning by the state apparatus. The stress here is on the necessity of looking beyond the immediate policy arena in search of how and why policy changes occur. Further essays illuminate the effects of policy changes in particular systematic or spatial areas. The concluding section comments more generally on economic and social change under Thatcher both stressing the unevenness of development with respective emphasis on both spatial and gender divisions of labour.

Handbook of Rural Studies Paul Cloke, Terry Marsden, Patrick Mooney, 2006-01-26 This is a unique interpretation of rural issues that will become essential reference for students, scholars, politicians, developers and rural activists. Imre Kovach, President European Society for Rural Sociology, Research director, Institute for Political Sciences, Budapest.

The Political Rhetoric and Oratory of Margaret Thatcher Andrew S. Crines, Timothy Heppell, Peter Dorey, 2016-06-15 This book examines the political oratory, rhetoric and persona of Margaret Thatcher as a means of understanding her justifications for Thatcherism. The main arenas for consideration are set-piece speeches, to conference, media engagements and Parliamentary orations. Thatcher's rhetorical style is analysed through the lens of the Aristotelian modes of persuasion: ethos, pathos, logos. Furthermore, the classical methods of oratorical engagement—deliberative, epideictic, judicial—are employed to consider her style of delivery. The authors place her styles of communication into their respective political contexts over a series of noteworthy issues such as industrial relations, foreign policy, economic reform and party management. By doing so, this distinctive book shines new light on Thatcher and her political career.

British Urban Policy Rob Imrie, Huw Thomas, 1999-06-22 This updated edition of *British Urban Policy and the Urban Development Corporations* provides a comprehensive account of the policies, programmes and effects of one of the most controversial urban policy programmes ever brought to bear upon British cities. The authors place the policies and practices of the urban development corporations (UDCs) in the wider sociopolitical context of evolving urban policy, present case studies of eight UDCs and explore the legacies of the UDCs and the evolving framework for urban policy into the millennium.

Thatcher's Britain Richard Vinen, 2013-03-28 Britain's first female prime minister remains a political figure of almost mythical proportions. Margaret Thatcher divided a political nation, became a cultural icon and was the longest serving prime minister of the twentieth century. Her period in government coincided with extraordinary changes in British society and in Britain's place in the world. *Thatcher's Britain* tells the story of Thatcherism for a generation with no personal

memories of the 80s as well as for those who want to revisit the polemics of their youth It seeks to rescue Thatcher from being seen as John the Baptist for Tony Blair stresses that Thatcherism was not a timeless phenomenon but rooted in the 70s and 80s and focuses our attention away from her legend to what her government actually did during this tumultuous period in British history **British Conservatism and the Legal Regulation of Intimate Relationships** Andrew

Gilbert,2018-08-23 What does conservatism as a body of political thought say about the legal regulation of intimate relationships and to what extent has this thought influenced the Conservative Party's approach to family law With this question as its focus this book explores the relationship between family law conservatism and the Conservative Party since the 1980s Taking a politico and socio legal perspective the discussion draws on an expansive reading of Hansard as well as recently released archival material The study first sets out the political tradition of conservatism relying largely on the work of Edmund Burke before going on to analyse the discourse around the development of four crucial statutes in the field namely the Matrimonial and Family Proceedings Act 1984 the Family Law Act 1996 the Civil Partnership Act 2004 and the Marriage Same Sex Couples Act 2013 This work offers the first extended synthesis of family law conservative political thought and Conservative Party politics and as such provides significant new insight into how family law is made Runner up of the 2020 PSA Conservatism Studies Book Prize **Making Thatcher's Britain** Ben Jackson,Robert Saunders,2012-08-02 This book situates the controversial Thatcher era in the political social cultural and economic history of modern Britain

Britain, Detente and Changing East-West Relations Brian White,2002-06-01 There is little systematic analysis available of Britain's contribution to East West relations since 1945 and in particular of Britain's contribution to East West detente In general British attempts to act as mediator between East and West have been regarded as ineffectual and a rather desperate attempt to prove that Britain could still wield influence on the world stage In this new contribution to the study of the evolution of post war international relations Brian White argues that Britain's contribution to detente cannot so easily be dismissed Through narrative and analysis he examines the persistent theme of Britain's attempts to steer East West relations in a co operative direction In doing so he has provided both an important revaluation of Britain's role in the post war world and an invaluable case study in foreign policy formation and execution *Urban Planning and the British New Right* Philip Allmendinger,Huw Thomas,2002-01-22 Did the 1980s and 1990s see the death of planning Exposing the myth that has grown up around Thatcherism leading experts from a wide range of land use policy areas examine the changes that were brought about in planning and the environment during the 1980s and 1990s and argue that much less was achieved than expected Urban Planning and the British New Right questions common assumptions about planning practices under Thatcherism concluding that the complex relationship of power between central local and national government requires a sensitivity to change that is inclusive rather than doctrinal This is a book that says as much about the administration institutions and processes of planning as it does about Mrs Thatcher's attempts to change it *The Legacy of Thatcherism* Stephen

Farrall, Colin Hay, 2014-02-27 Examining the policies of the Thatcher governments helps us understand the economic and social conditions in Britain today The book explores Thatcherite policies on the economy social welfare housing education crime families and social inequality and examines what can be said about the legacy of Thatcherism for the 21st century
