William C. King

Polish Soviet War 1919-1920 Soviet Banners Captured By Polish Troops:

Negotiating Reconciliation in Peacemaking Valerie Rosoux, Mark Anstey, 2017-11-01 This book offers a unique approach to reconciliation as a matter for negotiation bringing together two bodies of theory in order to offer insights into resolving conflicts and achieving lasting peace. It argues that reconciliation should not be simply accepted as an agreed-upon norm within peacemaking processes but should receive serious attention from belligerents and peace brokers seeking to end violent conflicts through negotiation. The book explores different meanings the term reconciliation might hold for parties in conflict: the end of overt hostilities, a transformation in the quality of relations between warring groups, a vehicle of accountability and punishment of human rights abusers, or the means through which they might somehow acquire amnesty and as a means of atonement and to material reparation. It considers what gives energy to the idea of reconciliation in a conflict situation: why do belligerents become interested in settling their differences and changing their attitudes to one another? Using a range of case studies and thematic discussion chapters in this book seek to tackle these tough questions from a multidisciplinary perspective. Contributions to the book reveal some of the complexities of national and international reconciliation projects but particularly diverse understandings of reconciliation and how to achieve it. All conflicts reflect unique dynamics, aspirations, and power realities. It is precisely because parties in conflict differ in expectations of reconciliation outcomes that its processes should be negotiated. This book is a valuable resource for both scholars and practitioners engaged in resolving conflicts and transforming fragmented relations in conflict and post-conflict situations.

[The West and the Philippines \(1521-1857\): a parallel history](#) Rhett G. Daza, Bernard Karganilla, 2025-03-11 A walk through Western history as seen from the perspective of the Philippines, its most distant colony. European history filtered through Spain brought religious transformation, world trade, the rise of capitalism, the industrial revolution, and the challenges of a nation-state to the islands. Later, under the United States, a world war would impact the Philippines and its future. The country would have its own unique response and contribution to all these challenges coming from the West. Understanding the historical dynamic provides a context to make sense of the Philippine present.

King's Complete History of the World War ... William C. King, 1922

The Longman Companion to European Nationalism 1789-1920 Raymond Pearson, 2014-09-25 A highly topical analysis of European Nationalism from the French Revolution through to the aftermath of the First World War when the nationalist issues and problems that dominate the political landscape of our own time were already fully established. Covering an enormous range of peoples from the Icelanders to the Gypsies, from Brittany to Wallachia, the book presents a wealth of historical, geopolitical information unavailable elsewhere. Essential as a reference work, it also provides a unique opportunity to survey systematically a crucial but fragmented subject in its full European context. For historians, political scientists, departments of European studies, and general readers.

Year 1920 and Its Climax Józef Piłsudski, 1972

Central and Eastern Europe after the First World War Burkhard Olschowsky, Piotr

Juszkiewicz, Jan Rydel, 2021-11-22 The volume focuses on the years following the First World War 1918 1923 when political military cultural social and economic developments consolidated to a high degree in Eastern Europe This period was shaped on the one hand by the efforts to establish an international structure for peace and to set previously oppressed nations on the road to emancipation On the other hand it was also defined by political revisionism and territorial claims as well as a level of political violence that was effectively a continuation of the war in many places albeit under modified conditions Political decision makers sought to protect the emerging nation states from radical political utopias but simultaneously had to rise to the challenges of a social and economic crisis manage the reconstruction of the many extensively devastated landscapes and provide for the social care and support of victims of war
