Polish Perspectives On Communism An Anthology:

Polish Perspectives on Communism Bogdan Szlachta, 2004-01-01 When in the summer of 1920 the Red Army invaded newly independent Poland hoping to use it as a base for carrying out communist revolutions in the West it met with unexpected resistance not only from the propertied class but also from peasants and workers The Poles had a remarkably clear understanding of communism's implications for freedom and human rights Contributors to *Polish Perspectives on Communism* accurately grasped decades before it was actually tried what communism would mean in practice These authors some writing in the mid 1800s understood the consequences of abolishing property as preached by the communists and of their rejection of religion and the rule of law They anticipated the gruesome features of Leninism Stalinism long before the collapse of the Soviet Union opened the eyes of its Western admirers The authors in this anthology dispel the illusion that if communism failed in Russia it was due to an accident of history having been tried in the wrong country and implemented by incompetent leaders The evidence presented here should demonstrate that its failure was not only inevitable but also anticipated long before it occurred Polish Contributions to International Criminal Law Patrycja Grzebyk, Bartłomiej Krzan, Karolina Wierczyńska, 2025-10-27 The book delves into the substantial and enduring influence of Polish representatives on the development of international criminal law for decades The authors meticulously document the crucial and distinct role played by Polish diplomats in crafting relevant international treaties and analyze the intricacies of cooperation regarding the prosecution of war criminals following both World Wars Additionally the book examines Polish national regulations that have impacted international law itself alongside the jurisprudence of Polish courts concerning international crimes Notably some of these judgments are referenced in the works of international commissions and tribunals demonstrating their continued relevance in contemporary discussions on immunities and the scope of responsibility for international crimes *A History of Modern Political Thought in East Central Europe* Balázs Trencsényi, Michal Kopeček, Luka Lisjak Gabrijelčić, Maria Falina, Mónika Baár, Maciej Janowski, 2018-11-10 *A History of Modern Political Thought in East Central Europe* is a synthetic work authored by an international team of researchers covering twenty national cultures and 250 years It goes beyond the conventional nation centered narratives and presents a novel vision especially sensitive to the cross cultural entanglement of political ideas and discourses Its principal aim is to make these cultures available for the global market of ideas and revisit some of the basic assumptions about the history of modern political thought and modernity as such The present volume is a sequel to Volume I *Negotiating Modernity in the Long Nineteenth Century* It begins with the end of the Great War depicting the colorful intellectual landscape of the interwar period and the increasing political and ideological radicalization culminating in the Second World War Taking the war experience both as a breaking point but in many ways also a transmitter of previous intellectual traditions it maps the intellectual paradigms and debates of the immediate postwar years marked by a negotiation between the democratic and communist agendas as well as the subsequent processes of political

and cultural Stalinization Subsequently the post Stalinist period is analyzed with a special focus on the various attempts of de Stalinization and the rise of revisionist Marxism and other critical projects culminating in the carnivalesque but also extremely dramatic year of 1968 This volume is followed by Volume II Negotiating Modernity in the Short Twentieth Century and Beyond Part II 1968 2018 *The Global Revolution* Silvio Pons, 2014 A leading European historian offers a fresh analysis of communism as a global movement that played a major part in the formation of our modern world from the birth of Soviet Russia and the revolution in China to the Cold War and the impact of Western led processes of globalization A *History of Modern Political Thought in East Central Europe* Balázs Trencsenyi, Michal Kopeček, Luka Lisjak Gabrijelčić, Maria Falina, Mónika Baár, 2018-11-10 A History of Modern Political Thought in East Central Europe is a synthetic work authored by an international team of researchers covering twenty national cultures and 250 years It goes beyond the conventional nation centered narratives and presents a novel vision especially sensitive to the cross cultural entanglement of political ideas and discourses Its principal aim is to make these cultures available for the global market of ideas and revisit some of the basic assumptions about the history of modern political thought and modernity as such The present volume is the final part of the project following Volume I Negotiating Modernity in the Long Nineteenth Century and Volume II Part I Negotiating Modernity in the Short Twentieth Century 1918 1968 OUP 2018 Its starting point is the defeat of the vision of socialism with a human face in 1968 and the political discourses produced by the various consolidation or normalization regimes It continues with mapping the exile communities and domestic dissidents critical engagement with the local democratic and anti democratic traditions as well as with global trends Rather than achieving the coveted end of history however the liberal democratic order created in East Central Europe after 1989 became increasingly contested from left and right alike Thus instead of a comfortable conclusion pointing to the European integration of most of these countries the book closes with a reflection on the fragility of democracy in this part of the world and beyond **The Encyclopedia of Christianity** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Containing more than 300 articles covering the alphabetical entries P Sh this book also includes articles on significant topics ranging from Paul political theology and the Qur an to religious liberty salvation history and scholasticism **Political Culture in Central Europe: 19th and 20th centuries** Halina Manikowska, Magdalena Hułas, Jaroslav Pánek, Martin Holý, Roman Baron, 2005 **Slavic Review**, 2004 American quarterly of Soviet and East European studies varies **American Book Publishing Record**, 2004 **Blicke zurück nach Osten** Martin Müller-Butz, 2019-08-19 Russland und der Osten nehmen in der polnischen Ideen und Wahrnehmungsgeschichte einen besonderen Platz ein Die vorliegende Studie widmet sich dem Zusammenhang von Erfahrung und Verarbeitung am Beispiel des Zerfalls des Russischen Imperiums in autobiographischen Schriften der polnischen Intelligenz im 20 Jahrhundert Dabei kn pft die Arbeit an die post colonial studies aber auch an literaturwissenschaftliche und historische Debatten ber Bilder Russlands und des Ostens in der polnischen Literatur an So fragt die Arbeit nach Ausgestaltungen eines historisch

regionalen Sonderbewusstseins einer spezifisch stlichen Polonit t in einzelnen autobiographischen Schriften Anhand einer qualitativen Untersuchung von sieben Autobiographien kommt die Studie zu dem Ergebnis dass es im Verlauf des 20 Jahrhunderts zu einer Entflechtung der polnisch russischen Beziehungen und einer zunehmend differenzierten Wahrnehmung des imperialen Russlands und des polnischen Ostens in den autobiographischen Darstellungen des Russisch Imperialen seitens der polnischen Intelligenz kam Im Spiegel der Lebenserz hlungen entwirft die Studie zudem eine Geschichte der Krise und des Wandels der polnischen Intelligenz im 20 Jahrhundert
