Political Communication and Political Culture in England, 1558-1688 Barbara J. Shapiro, 2012-11-07 This book surveys the channels through which political ideas and knowledge were conveyed to the English people from the beginning of the reign of Elizabeth I to the Revolution of 1688 Shapiro argues that an assessment of English political culture requires an examination of all means by which this culture was expressed and communicated While the discussion focuses primarily on genres such as the sermon newsbook poetry and drama it also considers the role of events and institutions Shapiro is the first to explore and elucidate the entire web of communication in early modern English political life *Princely Education in Early Modern Britain* Aysha Pollnitz, 2015-05-19 This book shows how liberal education taught Tudor and Stuart monarchs to wield pens like swords and transformed political culture in early modern Britain *Representing Medieval Genders and Sexualities in Europe* Elizabeth L'Estrange, Alison More, 2016-04-08 Transcending both academic disciplines and traditional categories of analysis this collection illustrates the ways genders and sexualities could be constructed subverted and transformed Focusing on areas such as literature hagiography history and art history from the Anglo Saxon period to the early sixteenth century the contributors examine the ways men and women lived negotiated and challenged prevailing conceptions of gender and sexual identity In particular their papers explore textual constructions and transformations of religious and secular masculinities and femininities visual subversions of gender roles gender and the exercise of power and the role sexuality plays in the creation of gender identity The methodologies which are used in this volume are relevant both to specialists of the Middle Ages and early modern periods and to scholars working more broadly in fields that draw on contemporary gender studies **Representing Medieval Genders and Sexualities in Europe** Dr Alison More, Dr Elizabeth L'Estrange, 2012-10-01 Transcending both academic disciplines and traditional categories of analysis this collection illustrates the ways genders and sexualities could be constructed subverted and transformed Focusing on areas such as literature hagiography history and art history from the Anglo Saxon period to the early sixteenth century the contributors examine the ways men and women lived negotiated and challenged prevailing conceptions of gender and sexual identity In particular their papers explore textual constructions and transformations of religious and secular masculinities and femininities visual subversions of gender roles gender and the exercise of power and the role sexuality plays in the creation of gender identity The methodologies which are used in this volume are relevant both to specialists of the Middle Ages and early modern periods and to scholars working more broadly in fields that draw on contemporary gender studies **The English Execution Narrative, 1200-1700** Katherine Royer, 2015-10-06 Royer examines the changing ritual of execution across five centuries and discovers a shift both in practice and in the message that was sent to the population at large She argues that what began as a show of retribution and revenge became a ceremonial portrayal of redemption as the political religious and cultural landscape of England evolved Poetry and Politics in the English Renaissance David Norbrook, 2002

This title establishes the radical currents of thought shaping Renaissance poetry civic humanism and apocalyptic Protestantism The author shows how Elizabethan poets like Sidney and Spenser often seen as conservative monarchists responded powerfully if sometimes ambivalently to radical ideas

Broken Idols of the English Reformation Margaret Aston,2015-11-26 Why were so many religious images and objects broken and damaged in the course of the Reformation Margaret Aston s magisterial new book charts the conflicting imperatives of destruction and rebuilding throughout the English Reformation from the desecration of images rails and screens to bells organs and stained glass windows She explores the motivations of those who smashed images of the crucifixion in stained glass windows and who pulled down crosses and defaced symbols of the Trinity She shows that destruction was part of a methodology of religious revolution designed to change people as well as places and to forge in the long term new generations of new believers Beyond blanked walls and whited windows were beliefs and minds impregnated by new modes of religious learning Idol breaking with its emphasis on the treacheries of images fundamentally transformed not only Anglican ways of worship but also of seeing hearing and remembering

Images of Rule David Howarth,1997-04-07 In a survey which ranges widely

from the building of Henry VII's palaces to the proposed monument to Charles I by Wren David Howarth examines aspects of the visual arts in the English Renaissance to consider what they meant for those who commissioned them and those at whom they were directed A variety of artefacts are considered for what they can tell us of the values of the court in early modern England
