

SOCIAL STRUCTURES

social structures in sociology are the relationships or interactions between groups of different people in a society.

IN SOCIOLOGICAL ANALYSIS

The analysis of social structures often occurs on three levels:

1. **Macro analysis** – looks at broad categories and systems like large populations and groups like entire countries or economic systems.
2. **Meso analysis** – studies communities or certain groups in a society.
3. **Micro analysis** – observes patterns and collects data from smaller groups like families, or individuals (DeCarlo, 2018).

EXAMPLES

- 1 Nations
- 2 Economies
- 3 Racial groups
- 4 Religions
- 5 Legal systems
- 6 Political parties

The Handbook of Political, Social, and Economic Transformation Wolfgang Merkel, Raj Kollmorgen, Hans-Jürgen Wagener, 2019-01-03 Political social and economic transformation is a complex historical phenomenon It can adequately be analysed only by a multidisciplinary approach The Handbook brings together an international team of scholars who are specialists in their respective research fields It introduces the most important areas theories and methods in transformation research with particular attention placed on the historical and comparative dimension Although focussing on post communist and other democratic transformations in our epoch the Handbook therefore presents and discusses not only their problems paths and developments but also deals with the antecedent waves beginning with the Meiji Restoration in Japan in 1868 and its aftermath The book is structured into six parts Starting with basic concepts as systems actors and institutions Section I it gives an overview over major theoretical approaches and research methods Sections II and III The connection of theory and method with their application is essential allowing special insights into the past and opens analytical avenues for transformation research in the future Section IV provides a historically oriented description or interpretation of particular waves or types of societal transformation With a clear focus on present transformations the contributions to Section V provide a description and discussion of the problems structures actors and courses of the transformations within different spheres of civil society politics law and economics Finally brief lexicographic entries in Section VI delineate research perspectives and facts about relevant issues of societal transformation Each of the 79 contributions contains a concise list of the most important research literature

Property, Social Structure, and Law in the Modern Middle East Ann Elizabeth Mayer, 1985-01-01 For too long the study of law and society in the modern Middle East has been left to specialists in narrow subcategories of law or the social sciences *Property Social Structure and Law in the Modern Middle East* lays the groundwork for a new field of scholarship in which analysis of the social dimensions of law and the legal dimensions of social structure are integrated It offers the stimulus of a variety of new models of scholarship by a distinguished international group of contributors whose work shares a common focus on regimes of property in the societies of the modern Middle East The case studies examine the regulations of many kinds of property in relation to the social structures of selected Middle Eastern communities from the eighteenth century to the present Most of the societies studied are subjected to pressures for rapid modernization and adjustment to major economic transformations The book features comparisons of property rights and relations under regimes of Islamic and customary law as well as modern statutory law Highlighted are new patterns of intervention by modern Middle Eastern states to alter

traditional regimes of property and to transform the accompanying social structures Their implications for development are also considered The book s notes and bibliographies constitute a valuable resource for anyone interested in further research

The Annals of the American Academy of Political and Social Science ,1912 **Social Change and Political Culture**
Gheorghe Fulga,2005 **Annals of the American Academy of Political and Social Science** American Academy of Political and Social Science,1903 Social Cleavages and Political Change Jeff Manza,Clem Brooks,1999-09-23 What social groups support which political party and how that support has changed over time are central questions in the sociology of political behaviour This study provides the first systematic book length reassessment and restatement of the sociological approach to American politics in more than 20 years It challenges widespread arguments that the importance of social cleavages have declined precipitously in recent years in the face of post industrial social and economic changes The book reconceptualizes the concept of social cleavages and focus on four major cleavages in American society class religion gender and race arguing a that a number of important changes in the alignments of the groups making up these four cleavages have occurred The book examines the implications of these changes for the Democratic and Republican Parties The findings of the book are examined in light of the central dilemmas facing the two major parties in the contemporary political environment

Social Selves and Political Reforms C. Melissa Snarr,2007-09-20 Christian ethicists from a wide spectrum of methods and commitments come together in arguing for some kind of social conception of the self noticing that convergence sheds new light on the current range of theoretical options in Christian ethics But it also opens up an important conversation about political reform Social visions of the self help ethicists comprehend and evaluate the moral work of institutions comprehension that is especially important in a time of crisis for democratic participation But not all visions of the social self are equal Snarr s book explores and evaluates five different visions of the social self from five key ethicists Rauschenbusch Niebuhr Hauerwas Harrison and Townes It identifies insights and risks associated with each vision of the self and considers the adequacy of each vision for reforms that deepen democracy The book concludes with a proposal for six core convictions about the social self that help form Christian political ethics able to respond to contemporary needs for democratic reform
