

POLITICAL DEMOCRACY, TRUST, AND SOCIAL JUSTICE

A COMPARATIVE OVERVIEW

CHARLES F. ANDRAIN AND JAMES T. SMITH

Political Democracy Trust And Social Justice A Comparative Overview

**Bas Denters, Martin Rosema, Kees
Aarts**

Political Democracy Trust And Social Justice A Comparative Overview:

Political Democracy, Trust, and Social Justice Charles F. Andrain, James Thomas Smith, 2006 A rigorous explanation of connections among confidence in government institutions popular support for democracy and social justice in societies around the world

Democratic Deficit Pippa Norris, 2011-02-14 Many fear that democracies are suffering from a legitimacy crisis This book focuses on democratic deficits reflecting how far the perceived democratic performance of any state diverges from public expectations Pippa Norris examines the symptoms by comparing system support in more than fifty societies worldwide challenging the pervasive claim that most established democracies have experienced a steadily rising tide of political disaffection during the third wave era The book diagnoses the reasons behind the democratic deficit including demand rising public aspirations for democracy information negative news about government and supply the performance and structure of democratic regimes Finally Norris examines the consequences for active citizenship for governance and ultimately for democratization This book provides fresh insights into major issues at the heart of comparative politics public opinion political culture political behavior democratic governance political psychology political communications public policymaking comparative sociology cross national survey analysis and the dynamics of the democratization process

Democracies in Peril? Hans Keman, 2023-12-19 This insightful text rigorously examines and accounts for contemporary developments and crucially a reversal of democraticness in democratic polities and related political processes comparing 38 democracies across the world The focus is on contemporary developments and recent volatile levels of democraticness Democracies in Peril introduces theoretical backgrounds of what makes democracy tick and scrutinises empirical trends and development in democraticness in an accessible manner It explores what democracy as a political regime implies and how the liberal democratic model developed as well as examining the present state of affairs in democracies the challenges democracies encounter and the perils of democracy as a legitimate system of governance in the 21st century The book provides a systemic approach to adjudicate the effects of this assumed reversal in democratisation in terms of popular preferences party behaviour institutional architecture and policy performance The effects of public policy formation and the role of the state on actual democratic performance are also analysed Finally case studies on the Covid pandemic and the development of social welfare demonstrate the complex relationship between government capacities under pressure and the quality of democracy approaching the question How do 38 democratic states cope with societal problems populist tendencies and a fast changing world without degrading their institutional quality and legitimacy This text will be of key interest to students scholars journalists and interested readers of comparative politics democratisation public administration political economy constitutional law and the social sciences in general

Party Government in the New Europe Hans Keman, Ferdinand Muller-Rommel, 2012-05-31 This truly comparative volume examines the life cycle of party governments in Europe from 1990 onwards and analyses its role and function in contemporary European parliamentary

democracies The life and the performance of party governments in Europe became more and more volatile and publicly contested In some cases it has even challenge the democratic quality of the state This book presents comparative analyses of party governments from formation and duration to performance It brings together some of the foremost scholars researching on party government to evaluate existing theories and compare both the developments in the Western and the new Eastern Europe in an empirically grounded comparative analysis The book discusses the interaction between various institutions political parties and policies and evaluates how institutional change and party behaviour can drive the life cycle of party government Party Government in the New Europe will be of interest to students and scholars of Comparative Politics Democracy Government and European Politics *Political Justice and Religious Values* Charles Andrain,2009-06-02 Why do individuals and groups hold distinctive theological views Why do these beliefs change In what ways do theological interpretations influence concepts of spiritual and political justice How and why do these concepts of justice affect policy preferences held by religious liberals and conservatives Much has recently been written about the relationship between power conservative politics and evangelical religious groups but very little attention has been paid to so called progressive religious groups among Protestants Catholics and Jews and their relationship to political thought and action This wide ranging and interdisciplinary work ideal for use in college courses on religion and social issues explores the impact of theological interpretations about God the individual society church and government on attitudes toward procedural and distributive justice Major issues revolve around civil liberties sexual choice gender equality world peace prison reform and income distribution **The Role of Parties in Twenty-First Century Politics** Luciano Bardi,Stefano Bartolini,Alexander H. Treschel,2017-10-02 For a long time analyses of political parties were framed within the usual context of democracy and of the historical transformation of the forms of democratic government More recently several authors among which eminently Peter Mair progressively began to question the relationship between the normative definition of democratic government and the actual operation of parties These new concerns are well epitomized by the tension between responsiveness and responsibility that gives the title to this book While classic democratic theory sees as desirable that parties in government and in opposition too are sympathetically responsive to their supporters first and more generally to public opinion and at the same time responsible toward the internal and international systemic constraints and compatibilities these two roles seem to have become more difficult to reconcile and even increasingly incompatible The chapters of this book explore the tensions between responsiveness and responsibility decomposing the international sources from the domestic sources and discussing the options and the possibilities for political parties to continue to play the role of provider of political stability in rapidly changing domestic and international environments This book was published as a special issue of West European Politics **How Democracy Works** Bas Denters,Martin Rosema,Kees Aarts,2011-01-12 This text analyses the functioning of modern democracies in terms of two basic principles political representation and policy

congruence between citizens and their representatives A group of scholars examines if democracy still works today and how it works while its functioning is challenged by fundamental changes in society

How Welfare States Shape the Democratic Public Staffan Kumlin, Isabelle Stadelmann-Steffen, 2014-01-31 Staffan Kumlin and Isabelle Stadelmann Steffen bring together political scientists and sociologists from different and frequently separated research communities to examine policy feedback in European welfare states In doing so they offer a rich menu

Electoral Integrity in Turkey Emre Toros, 2024-03-05 This book provides a unique framework to explain the causes and consequences of electoral problems in Turkey Although highly illuminating the existing studies fall short of explaining the particularities of numerous singular electoral settings This gap is especially valid for the grey zone regimes which are neither clearly democratic nor conventionally authoritarian in Turkey Establishing a historical outlook by scrutinising the elections which have taken place since the 1950s Emre Toros identifies the challenges related to electoral integrity nested at individual and institutional levels In this way this book contributes to electoral integrity literature by utilising the valuable research strategies of the existing studies proposing alternative data sources that will better understand the phenomena and most importantly employing a methodology that will suit both singular and comparative cases

Beyond the Arab Spring in North Africa Daniel Krížek, Jan Záhorký, 2017-01-25 This book deals with the waves of revolutions in North Africa labelled as the Arab Spring Each of the countries in the region was affected by the Arab Spring and has experienced specific processes and consequences Due to the complexity of the phenomenon any kind of comprehensive research and analyses need an interdisciplinary approach to deal with the Arab Spring from multiple perspectives This volume brings together a group of scholars from various disciplines covering different aspects of the revolutionary changes in the North African countries Beyond the Arab Spring in North Africa collects diverse studies with an emphasis on specificity Chapters deal with a wide range of topics that include both minor as well as major themes These include the formation of youth movement in Egypt long before the Arab Spring and their subsequent participation in the revolution analysis of Tunisian women s participation in Arab Spring events spatial disparities in Tunisia and their impact on the revolution with special focus on Sidi Bouzid as one of the socio economically weakest areas rights and social status of sexual minorities in Tunisia polemics over the role of New Media as both revolutionary and contra revolutionary tools broader discussion over the prospects for multilateral cooperation and regional integration in the studied area reflection of the Arab Spring in the Czech media impact of the work of Ali Abd al Raziq on the debates over political secularism in Islamic society as well as a general debate over democratization in North Africa or Arab states as such Beyond the Arab Spring in North Africa will find its readers in all relevant social sciences dealing in various contexts with the contemporary North Africa
