Rethinking Comparative Politics

Steven J. Hood

Political Development And Democratic Theory

Sheri BERMAN, Sheri Berman

Political Development And Democratic Theory:

Political Development and Democratic Theory Steven J. Hood, 2017-03-02 Most comparativists have assumed that democratization is best understood by looking at regimes in the transition and consolidation phases of democracy without really considering the essence of democracy liberal rights and democratic virtues Democracy is seen as a mechanistic process without considering the ideas that build democratic regimes This book begins afresh by proposing that comparativists need to consider democracy to be a combination of rights and virtues and that the difficulties of democratic transitions consolidation and maintenance are essentially problems relating to balancing rights and virtues in the regime How do we reemphasize these aspects of democracy at a time when comparative literature focuses almost solely on democratic procedure By combining the best elements of comparative theory and liberal democratic philosophy Hood argues that comparativists can sharpen the scholarly tools we need to understand both the problems of democratization and maintaining democracy He provides the reader with a valuable overview of comparative theory and how our abandonment of political philosophy has led to our acceptance of social science methods that can only lead to superficial analyses of democratizing regimes and established democracies

Political Development and Democratic Theory Steven J. Hood, 2004 This text begins by proposing that comparativists need to consider democracy to be a combination of rights and virtues and that the difficulties of democratic transitions consolidation and maintenance are essentially problems relating to balancing rights and virtues in the regime *Political Development And Democratic Theory: Rethinking Comparative Politics* Hood, 2004 *Election Law and Democratic Theory* David Schultz, 2016-04-29 While numerous books and articles examine various aspects either of democratic theory or of specific topics in election law there is no comprehensive book that provides a detailed and scholarly discussion of the political and democratic theory underpinnings of election law *Election Law and Democratic Theory* fills this important gap as author David Schultz offers a scholarly analysis of the political principles and democratic values underlying election law and the regulation of political campaigns and participants in the United States The book provides the first full length examination of the political theories that form the basis for many of the current debates in election law that structure both Supreme Court and scholarly considerations of topics ranging from campaign finance reform voting rights reapportionment and ballot access to the rights of political parties the media and other players in the system It challenges much of the current debate in election law and argues for more discussion and development of a democratic political theory to support and guide election law jurisprudence

Participation and Democratic Theory Carole Pateman, 1970 Shows that current elitist theories are based on an inadequate understanding of the early writings of democratic theory and that much sociological evidence has been ignored *Empirical Democratic Theory* Charles F. Cnudde, Deane E. Neubauer, 1969 *Rethinking Civic Participation in Democratic Theory and Practice* Rod Dacombe, 2017-11-27 This book makes an important contribution to contemporary debates over the place of civic

participation in democratic theory and practice Drawing on a detailed case study of the Blackbird Leys area of Oxford the book employs a novel empirical approach to ask whether widespread participation in civic life can enhance the prospects for democracy given the low levels of participation which tend to exist in deprived areas Throughout it presents an account of participation rooted in the history and development of the case in order to avoid the kinds of abstraction which are characteristic of many existing studies in the area The book will appeal to scholars working on democratic theory in applied settings and will be of interest to anyone concerned with inequalities in civic participation

Political Development

Theory Richard Higgott, 2005-06-28 This book examines development theory from a political perspective It considers modernisation theory and public policy as well as Marxism the state and the third world

Monetary Statecraft in Brazil Kurt Mettenheim, 2015-11-19 Brazil has one of the world's fastest growing economies and a fascinating history underpinning its evolution This book presents an analysis of the state's role in monetary policy from the latter days of Portuguese rule to the present day Based on a variety of unknown archival sources this study offers an alternative explanation for the rise and fall of Brazilian currencies Monetary statecraft is a theory that accounts for the open ended autonomous character of politics the complex recursive phases of public policy and political development in the traditional sense of social inclusion Unfortunately there are few precedents for this type of analysis This book fills this gap by tracing how Brazilian policy makers and observers have sought experimented with and reflected on a variety of forms and solutions for monetary policy since 1808 This book will be of interest to economists financial historians and those interested in the history and economy of Brazil

The Future of the Mass Audience W. Russell Neuman, 1991-11-29 This book focuses on how the changing technology and economics of the mass media in post industrial society will influence public communication

Democratic

Theory and Practice in Africa W. O. Oyugi, 1995

Human Rights Theory David Cingranelli, 1988-06-18 This study attempts to facilitate the development of empirical theories relevant to human rights phenomena It is designed to be of use to policymakers regarding appropriate strategies for measuring human rights practices and for evaluating human rights policies

Global Democratic Theory Daniel Bray, Steven Slaughter, 2015-05-22 Global Democratic Theory is the first comprehensive introduction to the changing contours of democracy in today's hyperconnected world Accessibly written for readers new to the topic it considers the impact of globalization and global forms of governance and activism on democratic politics and examines how democratic theory has responded to address these challenges including calls for new forms of democracy to be developed beyond the nation state and for greater public participation and accountability in existing global institutions Divided into two parts the book shows how globalization provides both new obstacles and new opportunities for democracy Part I explores the shifts underway at the national and international levels that are challenging democracy within nation states around the world In response new proposals for global and transnational democracy have emerged Part II critically analyses five main approaches of global democratic theory liberal internationalism cosmopolitan democracy

deliberative democracy social democracy and radical democracy focusing on their specific interpretation of the problems facing democracy their normative claims and the feasibility of their proposed pathways of democratization The book s extensive account of the problems and possibilities facing democracy today will be essential reading for students and scholars of politics political theory and political philosophy

Islam, Secularism, and Liberal Democracy Nader Hashemi,2009-04-08 Islam s relationship to liberal democratic politics has emerged as one of the most pressing and contentious issues in international affairs In Islam Secularism and Liberal Democracy Nader Hashemi challenges the widely held belief among social scientists that religious politics and liberal democratic development are structurally incompatible This book argues for a rethinking of democratic theory so that it incorporates the variable of religion in the development of liberal democracy In the process it proves that an indigenous theory of Muslim secularism is not only possible but is a necessary requirement for the advancement of liberal democracy in Muslim societies

Representation and Democratic Theory David Laycock,2011-11-01 With public confidence in representative institutions dropping to distressing levels it is time for political theorists to reconnect issues of representation to considerations of justice rights citizenship pluralism and community Representation and Democratic Theory investigates theoretical and practical aspects of innovative political representation in the early twenty first century It reveals the complexity of contemporary political representation and the importance of re invigorating public life outside legislatures political parties and competitive elections A crucial supplement to empirical studies of conventional political representation this book offers a timely and thought provoking contribution to contemporary democratic theory It will be a necessary and welcome addition to the libraries of many political and social scientists

Social Transformation and State Governance in China Xianglin Xu,2020-06-08 This volume is a selection of Chinese political scholar Xianglin Xu s published works spanning nearly 20 years of research that explore and discuss the socio economic transition in China under state political reform Contextualized within the decades following the 80s the author analyzes patterns observed from empirical studies and breaks down the underlining reasoning conditions and functionalities behind the incremental reform policies pushed forward by the Party and government The collection is broken up into four sections the first provides a general framework and theoretical historical introduction to social transition research in the case of China the second section discusses the underpinning logic behind political reform in China and practical concerns the third section follows with discussions on reform policy practices within China including application and trajectory the final section concludes with an analysis of reform within state institutional infrastructure and policy innovation

Handbook of Contemporary Chinese Social Sciences Ping Hao,2025-10-09 This Handbook presents thorough literature reviews and detailed analyses on the development of China s social sciences research since the reform and opening up in 1978 The handbook is comprised of 4 sections politics and law sociology and economics demography and education journalism studies and library science Written and edited by leading scholars from Peking University each volume critiques

the research findings and provides guidance for future investigations of the respective field. Given its scope, the handbook will offer international academics an in-depth and up-to-date understanding of the development of Chinese scholars' research on Chinese social sciences over the past forty years. **Managing Political Change** Irene L. Gendzier, 2019-03-04. For nearly three decades, policymakers and students have been concerned with Third World societies in transition. Conventional interpretations of political change formalized in studies of political development have dominated approaches to analyzing such changes. Yet, argues the author, these interpretations have been justly criticized as bankrupt and irrelevant to Third World realities. Why are they reproduced? How can one explain the belief that these approaches remain viable? These are some of the questions addressed in this wideranging review of the literature of political development and the paradigms that have guided analysis of political change over the past thirty years. Examining how political development theories are rooted in U.S. foreign policy, domestic political trends and changes in postwar political science, Dr. Gendzier grounds the traditional approach to political development in recent history and politics. Her analysis raises questions about how development doctrine is related to foreign policy as well as noting development theory's debt to cold war ideology and revisionist theories of liberal democracy. Dr. Gendzier's interpretation sheds light on the reasons for the current theoretical bias that favors approaching politics in terms of psychology and culture, an approach that she states has had devastating effects on our understanding of politics.

The Social Democratic Moment Sheri BERMAN, Sheri Berman, 2009-06-30. In addition to revising our view of the interwar period and the building of European democracies, this book cuts against the grain of most current theorizing in political science by explicitly discussing when and how ideas influence political behavior. Even though German and Swedish Social Democrats belonged to the same transnational political movement and faced similar political and social conditions in their respective countries before and after World War I, they responded very differently to the challenges of democratization and the Great Depression with crucial consequences for the fates of their countries and the world at large. Explaining why these two social democratic parties acted so differently is the primary task of this book. Berman's answer is that they had very different ideas about politics and economics, what she calls their programmatic beliefs. The Swedish Social Democrats placed themselves at the forefront of the drive for democratization; a decade later, they responded to the Depression with a bold new economic program and used it to build a long period of political hegemony. The German Social Democrats, on the other hand, had democracy thrust upon them and then dithered when faced with economic crisis; their haplessness cleared the way for a bolder and more skillful political actor, Adolf Hitler. This provocative book will be of interest to anyone concerned with twentieth century European history, the transition to democracy, or the role of ideas in politics.

Orwell in Athens Wim B. H. J. van de Donk, I. Th. M. Snellen, P. W. Tops, 1995. Informatization is playing an increasingly important role in democratic politics. For some time already, various applications of Information and Communication Technologies (ICT) are more or less successfully used by politicians, representative bodies, political parties, and

citizens It is however reasonable to believe that informatization will be of paramount interest for existing actors and institutions that are involved in public decision making in a democracy The advent of telecommunication infrastructures that will enable the use of all kinds of interactive facilities is considered to be an important step towards a more participative democratic system Many projects that share a common feature have been set up their ambition to renew democratic decision making structures and practises with the help of ICT Most of these projects can be found at the level of local and or regional government In this book the claim that these projects can reform or strengthen democratic politics is explored and discussed both empirically and theoretically The research that is presented in this book makes clear that as far as the role of informatization regarding the functioning of the democratic polity is concerned it appears that informatization represents both opportunities and threats

Getting the books **Political Development And Democratic Theory** now is not type of inspiring means. You could not abandoned going taking into consideration books heap or library or borrowing from your friends to entry them. This is an totally simple means to specifically get guide by on-line. This online statement Political Development And Democratic Theory can be one of the options to accompany you past having other time.

It will not waste your time. understand me, the e-book will completely reveal you supplementary event to read. Just invest tiny times to contact this on-line statement **Political Development And Democratic Theory** as well as evaluation them wherever you are now.

Political Development And Democratic Theory Introduction

In today's digital age, the availability of Political Development And Democratic Theory books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Political Development And Democratic Theory books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Political Development And Democratic Theory books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Political Development And Democratic Theory versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Political Development And Democratic Theory books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Political Development And Democratic Theory books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Political Development And Democratic Theory books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public.

Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Political Development And Democratic Theory books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Political Development And Democratic Theory books and manuals for download and embark on your journey of knowledge?

FAQs About Political Development And Democratic Theory Books

1. Where can I buy Political Development And Democratic Theory books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Political Development And Democratic Theory book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
