America's longest war came to an ignominious end with staggering consequences for the United States and the Afghan nation. Afghanistan today faces an unprecedented humanitarian crisis, a looming threat of a civil war, and a resurgence of violent extremism organizations similar to pre-9/11. As the U.S. enters a new era in the strategic geopolitical Great Power Competition, an analysis of the original mission, intent, shifting policy, and strategic objectives, and ineffective implementation of security, political, and economic programs, reveals critical lessons and questions such as: What led to the strategic failure of the U.S. in Afghanistan? What decisions resulted in the present-day humanitarian, civil, and political crises in Afghanistan? Were these consequences in fact avoidable? Was there an alternative approach that could have maintained the hard-fought gains of the last two decades and better demonstrated America's standing as a defender of global human rights? Lessons Learned from Afghanistan: America's Longest War further explores lessons of the past, negotiations between the United States, Taliban, and former U.S.-backed Afghan government, to suggest alternative pathways that honor the original intent of the mission and meet present-day obligations to an Afghan nation in crisis.

The Terrorism Trap Harrison Akins, 2023-06-20 After two decades and trillions of dollars, the United States' fight against terrorism has achieved mixed results. Despite the vast resources and attention expended since 9/11, terrorism has increased in many societies that have been caught up in the war on terror. Why have U.S. policies been unable to stem the tide of violence? Harrison Akins reveals how the war on terror has had the unintended consequence of increasing domestic terrorism in U.S. partner states. He examines the results of U.S.-backed counterterrorism operations that targeted al-Qaeda in peripheral regions of partner states over which their central governments held little control. These operations often provoked a violent backlash from local terrorist groups, leading to a spike in retaliatory attacks against partner states. Senior U.S. officials frequently failed to grasp the implications of the historical conflict between central governments and the targeted peripheries. Instead, they exerted greater pressure on partner states to expand their counterterrorism efforts. This exacerbated the underlying conditions that drove the escalating attacks, trapping these governments in a deadly cycle of tit-for-tat violence with local terrorist groups. This process, Akins demonstrates, accounts for the lion's share of the al-Qaeda network's global terrorist activity since 2001. Drawing on extensive primary sources, including newly declassified documents, dozens of in-depth interviews with leading government officials in the United States and abroad, and statistical analysis, *The Terrorism Trap* is a groundbreaking analysis of why counterterrorism has backfired.
