Political Ideas Of Justice Holmes

United States. Supreme Court

Political Ideas Of Justice Holmes:

Political Ideas of Justice Holmes David Henry Burton,1992 He was very much a man of his times in political outlook even as he became a leader in jurisprudential matters Holmes was a social Darwinist and a fierce nationalist but he also owed much to his Puritan inheritance transformed into a humanistic ethical code in which honor and honesty had secure places By assembling his views of the place and function of government in the lives of the people from his extra Court writings Court opinions and private letters exchanged with key correspondents a theory can be constructed Woodrow Wilson s The State a standard piece of work for the period serves as a method for organizing Holmes s thoughts on government something he himself never did

History of American Political Thought Bryan-Paul Frost,Jeffrey Sikkenga,2003-01-01 Revised and updated this long awaited second edition provides a comprehensive introduction to what the most thoughtful Americans have said about the American experience from the colonial period to the present The book examines the political thought of the most important American statesmen activists and writers across era and ideologies helping another generation of students scholars and citizens to understand more fully the meaning of America This new second edition of the book includes new essays on Walt Whitman Lyndon Baines Johnson Ronald Reagan and Barack Obama Significant revisions and additions have also been made to many of the original essays increasing the breadth and depth of the collection

The American Judicial Tradition G. Edward White,2007-01-11 In this revised third edition of a classic in American jurisprudence G Edward White updates his series of portraits of the most famous appellate judges in American history from John Marshall to Oliver W Holmes to Warren E Burger with a new chapter on the Rehnquist Court White traces the development of the American judicial tradition through biographical sketches of the careers and contributions of these renowned judges In this updated edition he argues that the Rehnquist Court s approach to constitutional interpretation may have ushered in a new stage in the American judicial tradition The update also includes a new preface and revised bibliographic note

Social and Political Thought of American Progressivism Eldon J. Eisenach,2006-03-15 Through a variety of primary sources including speeches poems magazine articles and book excerpts this collection illustrates the origins ambitions and political legacy of the American Progressivism movement 1886 1924 A general introduction offers a history of the movement and a brief discussion of recent historiographical debates headnotes introduce each selection and provide historical and political context

American Political Ideas, 1865-1917 Charles Edward Merriam,2007-12-31 Charles Merriam is scarcely read today and even among scholars he is probably more often cited than read seriously His ambiguous position in the study of American democracy is unfortunate Between the two world wars Merriman was the doyen of American political science This was a period when the most formative characteristics of academic social sciences were taking shape characteristics that were to dominate the remainder of the century During this period science and progress became virtually synonymous in the social sciences Between the two world wars the liberal progressive critique of America s founders a critique that included

scholars such as Woodrow Wilson Charles Beard and others became the orthodoxy of a new political science The heart of that critique insofar as it turned on methodological questions of how to study American government was very much the work of Charles Merriam Anyone who seeks to understand why that period was so pivotal in the interpretation of American democracy must necessarily study Charles Merriam and his influence His work represents the first comprehensive effort by a scholar in the liberal progressive tradition to survey the entirety of American political thought To read Merriam's political essays and writings is to read a political theory that the behavioral tradition would come to label as normative His essays included insightful interpretations of Hobbes and Rousseau in European political philosophy as well as an earlier work tracing American political thought from the founding to the Civil War This is a fundamental work for scholars working in the liberal progressive tradition Charles Merriam 1874-1953 was professor of political science at the University of Chicago He served on the Research Committee on Social Trends under President Herbert Hoover and on the National Resources Planning Board under President Franklin D Roosevelt He is known as the father of the behavioral movement in political science and believed that theories of political process needed to be linked to practical political activity Sidney A Pearson Jr is professor emeritus of political science at Radford University He is the series editor of Library of Liberal Thought at Transaction Publishers In addition to this title he also wrote new introductions for Presidential Leadership The New Democracy and Party Government all available from Transaction Publishers **American Political Ideas** Charles Edward Merriam, 1920

Official Reports of the Supreme Court United States. Supreme Court, 1986 **American Thought** Morris Cohen, 2017-09-04 What constitutes American thought is obviously too elusive to be encompassed by any one writer or group of writers The best that any attempt at intellectual history can achieve is to indicate some of its traces in written records This volume represents the efforts of one of America's leading philosophers to do just that He is uniquely qualified to do so as his contemporary Sidney Hook well understood As Cohen noted most of what people say and write is dominated by linguistic forms or habits Thus the dominance of the traditions and habits that make up the English language has been the strongest single influence in fashioning American thought as very largely a province of British thought despite the Declaration of Independence and two wars Cohen describes how American thought developed from its British roots It deals with reflective thought i e with thought that is conscious of its problems of its methods and of the widest general bearings of the results obtained so far The diverse subjects discussed range from religious thinking to the scientific and from the legal tradition to literary criticism Among the important figures Cohen assesses are Dewey Santayana Holmes Brandeis Whitehead James and Royce as well as those of men less well known but sometimes equally influential In its scope and insight this book takes its own unique and important place in American thought **Pragmatism, Democracy, and the Necessity of Rhetoric** Robert Danisch, 2007 Examines the search by America's first generation of pragmatists for a unique set of rhetorics that would serve the needs of a developing democracy Analyzing pragmatism's historical development this book provides

information on its association with an alternative but significant and often overlooked tradition Studies in Law and Politics Harold Laski, 2017-07-05 The essays that comprise Studies in Law and Politics are by and large academic But Laski had a purpose in addition to the purely scholarly he was eagerly pursuing possibilities for social and political change Laski sought tirelessly for opportunities to act on those possibilities and as is the case throughout his work his academic and political purposes have no clear boundary between them Studies in Law and Politics was published at a crucial juncture in Laski's ideological metamorphosis During this period he had become increasingly worried that socialists might not be able to achieve the growth of working class power Although the essays contained in the volume cover a wide range of topics and a wide span of time since the mid 1920s he brought them into unity by a common approach Though he does not make his unifying premise immediately evident to his readers he clearly meant to chart the growth of power of those who had previously been without influence His goal also was to identify the problems facing growth in a highly modernized society Studies in Law and Politics reveals Laski's growing realization that the road to socialism might be more difficult than what he had believed when he wrote his pluralist works The book reflects the mind of a thinker who was not content to write exclusively as an academic or a political activist His view was that while progressive reforms have been achieved in the past they are not easily accomplished and obstacles to further reforms should not be underestimated This sober work offers much insight into Laski's intellectual development as well as the times about which he wrote

When somebody should go to the books stores, search foundation by shop, shelf by shelf, it is in reality problematic. This is why we offer the books compilations in this website. It will entirely ease you to look guide **Political Ideas Of Justice Holmes** as you such as.

By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly.
