

Political Participation In Canada Prospects For Democratic Citizenship

**Allan Kornberg, Joel Smith, Harold D.
Clarke**

Political Participation In Canada Prospects For Democratic Citizenship:

Political Participation in Canada William Mishler, 1979 *Political Support in Canada* Richard A. Preston, E. Donald Briggs, 1983 All governments require popular support and in democracies this support must be maintained by noncoercive means This book analyzes the question of political support in Canada a country in which the maintenance of the integrity of the political community has been and continues to be in the words of the editors the single most salient aspect of the country's political life The nature of popular support is first considered in broad theoretical terms then from the standpoint of those agents most responsible for maintaining support in Canadian democracy then as influenced by particular issues and policies and finally as it affects and is affected by the separatist movement in Quebec *Canada Votes, 1935-1988* Frank B. Feigert, 1989 This work updates and enhances Howard Scarrow's *Canada Votes* 1962 with complete election data from the constituency level through the province region and nation for more than a half century of Canadian political life since the benchmark election of 1935 Frank Feigert adds a description of the circumstances of all the elections since and he gives background descriptions of the electoral systems in each province and territory The result is a compendium of data and analysis that can be found nowhere else and which will be an invaluable sourcebook for students of Canadian political behavior **Continental Divide** Seymour Martin Lipset, 2013-10-11 Seymour Martin Lipset's highly acclaimed work explores the distinctive character of American and Canadian values and institutions Lipset draws material from a number of sources historical accounts critical interpretations of art aggregate statistics and survey data as well as studies of law religion and government Drawing a vivid portrait of the two countries *Continental Divide* represents some of the best comparative social and political research available **Elections in Canada** Tamara Small, Royce Koop, 2025-05-06 Elections serve as a reflection not only of voter choices but also of the historical and legal context of a country's governance Emphasizing the significant influence of the electoral process *Elections in Canada* examines the intricate relationships between voter preferences historical and legal frameworks campaign dynamics political figures and media platforms Organized into five comprehensive sections the book provides a detailed exploration of Canadian electoral processes Beginning with a broad examination of election administration it situates the analysis within a wider democratic and comparative context The book outlines key institutional building blocks and the unique constitutional and legislative settings that have evolved since Confederation It analyses national campaigns constituency campaigns third parties and journalists as well as the pivotal role of political communication debates and polling Reflecting on the diverse landscape of voter participation the book considers the engagement of women Indigenous peoples racialized individuals and LGBTQ2 communities It sheds light on landmark cases discussing five pivotal elections that had long standing impacts on the development of Canadian political history Ultimately *Elections in Canada* draws on a variety of perspectives to provide politics students and instructors with a comprehensive overview of both contemporary and historical Canadian elections

Representative Democracy in the Canadian Provinces Allan Kornberg, William Mishler, Harold D. Clarke, 1982

The Myth of the North American City Michael Goldberg, John Mercer, 2011-11-01 The continuing tendency to continentalize Canadian issues has been particularly marked in the area of urban studies where United States based research findings methodologies and attitudes have held sway In this book Goldberg and Mercer demonstrate that the label North American City as widely used is inappropriate and misleading in discussion of the distinctive Canadian urban environment Examining such elements of the cultural context as mass values social and demographic structures the economy and political institutions they reveal salient differences between Canada and the United States One of the most important of the many contextual differences is the strong collective sense in Canada which accepts more public intervention in social and economic matters in contrast to the American commitment to individualism Canadians consequently expect a livable central city which is compact and well served by public transit and which has a fiscally sound local government To demonstrate these issues the discussion includes a detailed cross national empirical analysis of over 300 North American metropolitan areas along some three dozen dimensions including density transportation household change and structure income and fiscal disparities and economic structure Since much urban planning in Canada is based upon the continentalist assumption this volume should generate a reassessment of policy and encourage the development of a research base to suit the distinctiveness of the Canadian experience With growing pressures to take a North American view of Canadian policies it is vitally important that the differences delineated in this book are understood not just for their urban policy implications but for broader purposes as well

Citizen Politicians--Canada Allan Kornberg, Joel Smith, Harold D. Clarke, 1979 *Ibss Poli Sci 29 1980*

"International Committee For Social Sciences Documentation", 2013-10-15 The International Bibliography of the Social Sciences IBSS is an essential tool for librarians academics and researchers wishing to be kept up to date with the published literature in the social sciences IBSS is compiled in four divisions Anthropology Sociology Economics and Political Science This is Volume XXIX of the International bibliography of political science as of 1980 Politics in Manitoba Christopher Adams, 2008-09-15 Politics in Manitoba is the first comprehensive review of the Manitoba party system that combines history and contemporary public opinion data to reveal the political and voter trends that have shaped the province of Manitoba over the past 130 years The book details the histories of the Progressive Conservatives the Liberals and the New Democratic Party from 1870 to 2007 Adams looks in particular at the enduring influence of political geography and political culture as well as the impact of leadership campaign strategies organizational resources and the media on voter preferences Adams also presents here for the first time public opinion data based on more than 25 000 interviews with Manitobans conducted between 1999 and 2007 He analyzes voter age gender income education and geographic location to determine how Manitobans vote In the process Adams dispels some commonly held beliefs about party supporters and identifies recurring themes in voter behaviour
