Political Change in Latin America Luis F. Jimenez, 2018-04-23 This book reveals how migrants shape the politics of their countries of origin drawing on research from Mexico Colombia and Ecuador and their diasporas the three largest in Latin America Luis Jimenez discusses the political changes that result when migrants return to their native countries in person and also when they send back new ideas and funds social and economic remittances through transnational networks Using a combination of rich quantitative analysis and eye opening interviews Jimenez finds that migrants have influenced areas such as political participation number of parties electoral competitiveness and presidential election results Interviews with authorities in Mexico reveal that migrants have inspired a demand for increased government accountability Surveys from Colombia show that neighborhoods that have seen high degrees of migration are more likely to participate in local politics and also vote for a wider range of parties at the national level In Ecuador he observes that migration is linked to more competitive local elections as well as less support for representatives whose policies censor the media Jimenez also draws attention to government services that would not exist without the influence of migrants Looking at the demographics of these migrating populations along with the size and density of their social networks Jimenez identifies the circumstances in which other diasporas such as those of south Asian and African countries have the most potential to impact the politics of their homelands

Transforming Latin America Craig Arceneaux, David Pion-Berlin, 2005-07-14 This ambitious book offers a clear and unified framework for understanding political change across Latin America The impact of U S hegemony and the global economic system on the region is widely known and scholars and advocates alike point to Latin America's vulnerability in the face of external forces In spite of such foreign pressure however individual countries continue to chart their own courses displaying considerable variation in political and economic life Looking broadly across the Western Hemisphere with examples from Brazil the Southern Cone the Andes and Central America Arceneaux and Pion Berlin identify general rules that explain how international and domestic politics interact in specific contexts The detailed accessible case studies cast new light on such central problems as neoliberal economic reform democratization human rights regional security environmental degradation drug trafficking and immigration And they consider not only what actors institutions and ideas

matter in particular political contexts but when where and how they matter By dividing issues into the domains of high and low politics and differentiating between short term problems and more permanent concerns they create an innovative typology for analyzing a wide variety of political events and trends *Political Change in Latin America* John J. Johnson,1965
