

POLITICAL THEORY & MODERNITY

WILLIAM E. CONNOLLY

Political Theory And Modernity

Nicholas J. Rengger

Political Theory And Modernity:

Political Theory and Modernity William E. Connolly, 1993 Modernity is marked by acrimonious debate over the form of the good society and the proper shape of politics But these struggles are set within a frame that supports some arguments and rules other possibilities out of contention If late modernity is a time of danger as well as significant achievement it is necessary to ask how can we become more reflective about the economies of thought that have governed modern political discourse William Connolly clarifies the affinities binding together disparate theorists who have sought to comprehend the shape and prospects of modernity He reveals how thinkers adamantly opposed to one another at one level implicitly share assumptions and demands at a more basic level and invites Nietzsche the thinker who disturbs modern theories by assessing them from the hypothetical perspective of a non modern future to expose patterns of insistence inside the theories of his predecessors

Political Theory and Modernity William E. Connolly, 1988-01 Modernity is marked by acrimonious debate over the form of the good society and the proper shape of politics But these struggles are set within a frame that supports some arguments and rules other possibilities out of contention If late modernity is a time of danger as well as significant achievement it is necessary to ask how can we become more reflective about the economies of thought which have governed modern political discourse William Connolly clarifies the affinities binding together disparate theorists who have sought to comprehend the shape and prospects of modernity He reveals how thinkers adamantly opposed to one another at one level implicitly share assumptions and demands at a more basic level and invites Nietzsche the thinker who disturbs modern theories by assessing them from the hypothetical perspective of a non modern future to expose patterns of insistence inside the theories of his predecessors

Political Theory and Modernity William E. Connolly, 1989 **Political Theory, Modernity, and Postmodernity** Nicholas J. Rengger, 1995-01-01 An account of the modernity debate and an analysis of its implications for political theory **Political Theory, Modernity and Postmodernity** N. J. Rengger, 1995-10-30 Debates about the nature character and implications of modernity have moved centre stage within contemporary social thought but there has as yet been little work addressing the relevance of these debates to the agenda of Anglo American political theory In this pioneering survey N J Rengger remedies the problem by providing a short accessible and comprehensive account of the modernity debate and an analysis of its implications for political theory

Political Theory in Modern Germany Chris Thornhill, 2013-06-10 This book provides an accessible and comprehensive introduction to the major political thinkers of modern Germany It includes chapters on the works of Max Weber Carl Schmitt Franz Neumann Otto Kirchheimer Jurgen Habermas and Niklas Luhmann These works are examined in their social and historical contexts ranging from the period of Bismarck to the present day A clear picture is presented of the connections between individual theoretical positions and the general political conditions of modern Germany Areas of political history covered in particular depth include nineteenth century legal and parliamentary history aspects of German liberalism Weimar social democracy political Catholicism

Adenauer and Erhard Brandt's reforms and the Tendenzwende of the late 1970s. By closely linking intellectual and political history, this work examines how recent German political theory has developed as a set of varying responses to recurring aspects and problems of political life in modern Germany. At the same time, it addresses the philosophical and political implications of the works which it treats and critically examines how modern German political theory has contributed to broader attempts to theorize political legitimacy and politics itself. This book will be of interest to students of political theory, German studies, and European political history.

Political Theory and the Modern State David Held, 2013-04-24. This volume offers an incisive overview of central issues and controversies in political thought and analysis. It includes major discussions of the idea of the modern state, contemporary theories of the state, problems of power and legitimation, new forms of democratic ideal citizenship, and social movements, the direction of public policy, and the fate of sovereignty in the modern global system. While analysing these topics, the author critically assesses the thought of many of those who have contributed decisively to political discussion. Among those whose works are discussed are classic figures such as Hobbes, Locke, Mill, and Marx, as well as contemporary writers such as Habermas, Offe, and Giddens. *Political Theory and the Modern State* is an ideal resource for students seeking an introduction to modern politics and political sociology. It is also an original statement about the many competing perspectives in political thought today.

An Introduction to Modern Political Theory Norman P. Barry, 1989-09-15. This student textbook introduces the concept of political theory from various viewpoints such as justice and the law, government and the state, and equality and human rights. It analyzes the concepts of power, liberty, and a series of political principles.

What is Political Theory? Stephen K. White, J. Donald Moon, 2004-03-08. This title provides students with a comprehensive overview of the current state of the discipline. Topics addressed include what resources do the classic texts still provide for political theorists, and what areas will political theorists focus on in the future.

The Anti-Pelagian Imagination in Political Theory and International Relations Nicholas Rengger, 2017-03-31. This volume draws together some of the key works of Nicholas Rengger focusing on the theme of the anti-Pelagian imagination in political theory and international relations. Rengger frames the collection with a detailed introduction that sketches out this imagination, its origins, and character, and puts the chapters that follow into context with the work of other theorists, including Bull, Connolly, Gray, Strauss, Elshtain, and Kant. The volume concludes with an epilogue contrasting two different ways of reading this sensibility and offering reasons for supposing one is preferable to the other. Updating and expanding on ideas from work over the course of the last sixteen years, this collection will be of great interest to students and scholars of international relations, political theory, political thought, and political philosophy.

Uncover the mysteries within Explore with is enigmatic creation, Embark on a Mystery with **Political Theory And Modernity** .
