The Political Ideology of Ayatollah Khamenei Yvette Hovsepian-Bearce, 2015-07-03 Ayatollah Ali Hosseini Khamenei, Supreme Leader of the Islamic Republic of Iran, is one of the most controversial and influential Muslim leaders in the world today. As Iran's main decision maker, his theocratic ideology and decisions carry global consequences. *The Political Ideology of Ayatollah Khamenei* is the first book to identify and analyze the development and evolution of the theocratic ideology of the Supreme Leader from 1962 to 2014, using his own writings, speeches, and biographies as well as literature published in the Islamic Republic of Iran. This work provides new insights into Khamenei's political thought and behavior and their impact on Iran's domestic, regional, and international policies. Correlating the development of Khamenei's personality, character, and political behavior with Iran's internal and external challenges, this study explores key issues of the Middle East region, in particular Iran's political posture toward Israel, the United States, and the Muslim world, and the diplomatic crises unfolding over Iran's nuclear development program. This work provides a comprehensive chronological and thematic survey of Khamenei's life. This book will be of interest to students, scholars, researchers, diplomats, and policymakers focusing on Middle Eastern politics, Iranian affairs, Islamic studies, and international relations, and could serve as an essential resource for those striving to understand Iran's policies toward Israel, the United States, and the Muslim world as shaped by its supreme autocrat.

Revolution and Accommodation in Ayatollah Khomeini's Political Thought Sibylle Landurie, Carleton University. Dissertation. International Affairs, 1982

Aspects of the Political Theory of Ayatollah Muhammad Shirazi Muhammad G. Ayub, 1999

Out of the Mouth of the Leader Yvette Hovsepian Bearce, 2013 The political ideologies of Ayatollah Ali Hosseini Khamenei, Supreme Leader of Iran, are identified and analyzed based on 500 speeches (1989-2013), 100 interviews (1981-1989), his biography, and other works published in Iran. Islamic supremacy, resistance to foreign powers, and progress are the core elements of his ideology. Several critical themes emerge that are consistently reflected in the formation of his domestic and foreign policies: America, Palestine, Israel, Muslim unity, freedom, progress, the nuclear program, youth, and religious democracy. Khamenei's sociopolitical development is examined in three critical phases. In Phase I, prior to the revolution, he is seen as a political activist protesting for an Islamic government; factors shaping his early political ideology are evaluated. Phase II examines Khamenei's post-revolutionary appointments and election to president; he governs the country through the eight-year Iraq-Iran war. After the death of the father of the revolution, Ayatollah Khomeini, Khamenei enters into Phase III when he assumes the office of supreme leadership; internal and external issues test and reveal his political ideologies. Research indicates that Khamenei continues to proclaim Khomeini's ideals from the 1979 Islamic Revolution, which include supremacy of Islam, the isolation policy of Neither East Nor West, and enmity with the U.S. and Israel. His chief foreign policies are to free Palestine, spread the ideals of Iran's Islamic Revolution, and create a global Islamic

power His main domestic focus is progress which entails advances in knowledge science and technology and military and nuclear power Despite severe economic sanctions and confrontations with the West Khamenei claims that Iran is not producing a bomb While he clings to an ideology that began over 50 years ago ideals rooted in a government where religious rule is interpreted within a political setting Khamenei is faced with discontent Iranian youth who feel isolated from the global community With few emotional ties to the revolution they prefer a government separate from religion For Khamenei however there is no compartmentalization He maintains his predecessor's isolation policy of resisting colonization oppression domination and opposition CODO Out of the mouth of the leader presents Khamenei's ideology in his own words
