Private Faces Public Places:

Private Faces/public Places Abigail Quigley McCarthy, 1972 *Eugene McCarthy* Dominic Sandbrook, 2007-12-18
Eugene McCarthy was one of the most fascinating political figures of the postwar era a committed liberal anti Communist who broke with his party's leadership over Vietnam and ultimately helped take down the political giant Lyndon B Johnson His presidential candidacy in 1968 seized the hearts and fired the imaginations of countless young liberals it also presaged the declining fortunes of liberalism and the rise of conservatism over the past three decades Dominic Sandbrook traces Eugene McCarthy's rise to prominence and his subsequent failures and makes clear how his story embodies the larger history of American liberalism over the last half century We see McCarthy elected from Minnesota to the House and then to the Senate part of a new liberal movement that combined New Deal domestic policies and fierce Cold War hawkishness a consensus that produced huge electoral victories until it was shattered by the war in Vietnam As the situation in Vietnam escalated many liberals like McCarthy found themselves increasingly estranged from the anti Communism that they had supported for nearly two decades Sandbrook recounts McCarthy's growing opposition to President Johnson and his policies which culminated in McCarthy's stunning near victory in the New Hampshire presidential primary and Johnson's subsequent withdrawal from the race McCarthy went on to lose the nomination to Hubert Humphrey at the infamous 1968 Democratic National Convention in Chicago which secured his downfall and led to Richard Nixon's election but he had pulled off one of the greatest electoral upsets in American history one that helped shape the political landscape for decades These were tumultuous times in American politics and Sandbrook vividly captures the drama and historical significance of the period through his intimate portrait of a singularly interesting man at the center of it all W.H. Auden Peter Edgerly Firchow, 2002 This book is not a survey or a guide to all or even most of Auden's poetry though it does follow the general outlines of Auden's development as a poet and thinker BOOK JACKET *Christopher Isherwood* David Garrett Izzo, 2001 The first thorough examination of Isherwood's work and life in twenty years Izzo's analysis brings into play the Mortmore stories by Isherwood and Edward Upward dating from the 1920s but published only in 1994 and the Diaries 1939-1960 published in 1996 to reposition Isherwood within a circle of British writers that included besides Upward W H Auden Stephen Spender and Cecil Day Lewis
Outlook, 2008-04-07 The Known Citizen Sarah E. Igo, 2020-03-10 A Washington Post Book of the Year Winner of the Merle Curti Award Winner of the Jacques Barzun Prize Winner of the Ralph Waldo Emerson Award A masterful study of privacy Sue Halpern New York Review of Books Masterful and timely A marathon trek from Victorian propriety to social media exhibitionism Utterly original Washington Post Every day we make decisions about what to share and when how much to expose and to whom Securing the boundary between one's private affairs and public identity has become an urgent task of modern life How did privacy come to loom so large in public consciousness Sarah Igo tracks the quest for privacy from the invention of the telegraph onward revealing enduring debates over how Americans would and should be known The Known

Citizen is a penetrating historical investigation with powerful lessons for our own times when corporations government agencies and data miners are tracking our every move A mighty effort to tell the story of modern America as a story of anxieties about privacy Shows us that although we may feel that the threat to privacy today is unprecedented every generation has felt that way since the introduction of the postcard Louis Menand New Yorker Engaging and wide ranging Igo's analysis of state surveillance from the New Deal through Watergate is remarkably thorough and insightful The Nation

Lewis James Como,2009-12-04 In this intimate candid and sometimes surprising community biography of the celebrated author and Christian apologist twenty four men and women who knew C S Lewis as teacher colleague friend offer their reminiscences and impressions of the complex man behind the critical and academic acclaim Through their recollections we see Jack Lewis dazzling Oxford as he takes on atheists materialists and a host of other challengers Most poignantly we see him in everyday settings striding up and down the platform at a railroad station presiding over leisurely dinners with students expounding on the virtues of the pub The net effect of this collection said the Catholic Review is to make us feel that we know Lewis as well as his friends And to quote the New Yorker The heterogeneity
