read most leadership books in print None have resonated more than this one It is timeless relevant and energizing and should be required reading for all business leaders of the 21st century Pamela Slim author *Escape from Cubicle Nation From Corporate Prisoner to Thriving Entrepreneur* I've read the original *Radical Leap* over a dozen times and year after year experience after experience I have found that the concepts hold fast and true The *Radical Leap Re Energized* kick starts and expands the experience to the next level This really is a masterpiece Burton M Goldfield President and CEO TriNet

The Radical Leap Steve Farber, 2014-09-01 A new tenth anniversary edition of the leadership classic that was hailed as one of the 100 Best Business Books of All Time In his exciting and timeless business parable *The Radical Leap* Steve Farber explores an entirely new leadership model one in which leaders aren't afraid to take risks make mistakes in front of employees or actively solicit employee feedback His book dispenses with the typical tired notions of what it means to be a leader Farber's modern parable begins on a sunny California beach where he has a strange and unexpected encounter with a surfer named Edg Despite his unassuming appearance the enigmatic Edg seems to know an awful lot about leadership and this brief interaction propels Steve into an unforgettable journey Along the way he learns about Extreme Leadership and what it means to take the *Radical Leap* Cultivate Love Generate Energy Inspire Audacity Provide Proof Geared to people at any level who aspire to change things for the better *The Radical Leap* is creating legions of Extreme Leaders in business education non profits and beyond

The Radical Leap Steve Farber, 2009-03-03 The business world is ready for an entirely new approach to leadership Steve Farber has written the perfect book to energize business leaders and help them make the leap into extreme leadership In fact taking a giant L E A P forward is exactly what Farber prescribes What exactly is an extreme leader One who cultivates love generates energy inspires audacity and provides proof In his exciting and innovative business parable *The Radical Leap* Farber explores an entirely new leadership model one in which leaders are not afraid to take risks make mistakes in front of employees or actively solicit employee feedback His book dispenses with the typical tired notions of what it means to be a leader Farber former Vice President and Official Mouthpiece of the Tom Peters Company has written a business parable like no other filled with vivid fully realized and eccentric characters crazy plot twists honest and believable conversations about leadership and most importantly an innovative program for leaders to inspire and engage their companies In *The Radical Leap* we meet Steve a leadership consultant who is intrigued and challenged by an enigmatic man named Edg from whom he learns the concept of L E A P Steve is then asked to help a friend Janice overcome conflicts at the biotech company where she works and bring back the company's inspiring former CEO The company is revitalized having undergone a radical and successful transformation Farber's book reveals the questions leaders must ask themselves in order to truly become extreme leaders including Why do I love my business my employees and my customers and how can I show them how I feel What effect do my actions have on the energy of the people around me OR what are the unnecessary time consuming bureaucratic policies and procedures that suck our energy How are we going to change the world of our company

our employees customers marketplace and industry What have I done today to show my commitment to my colleagues and customers

The Radical Leap Steve Farber, 2014-09 The Radical Leap is a business parable originally launched in 2004 In the last 10 years the book has sold over 100 000 copies and inspires business leaders all over the world to bring Love Energy Audacity and Proof to their work and their life

The Radical Edge Steve Farber, 2014-09-07 In his bestselling book The Radical Leap Steve Farber introduced readers to Extreme Leadership showing them how to renew their passion and excitement and become committed to changing the world for the better by disregarding normal constraints Now Farber takes us to a new level of self discovery in The Radical Edge Re energized from a recent transformational experience Steve attempts to coach a young VP who has superstar sales skills but a severe and demoralizing leadership style Along the way a cast of provocative characters challenges us to stoke the fires of success amplify personal joy and change the world for the better all at the same time

The Radical Leap Re-Energized Steve Farber, 2011-05-20 **Life M.**

Kronegger, Anna-Teresa Tymieniecka, 2012-12-06 In her Introduction Tymieniecka states the core theme of the present book sharply Is culture an excess of nature s prodigious expansiveness an excess which might turn out to be dangerous for nature itself if it goes too far or is culture a natural congenial prolongation of nature life If the latter then culture is assimilated into nature and thus would lose its claim to autonomy its criteria would be superseded by those of nature alone Of course nature and culture may both still be seen as being absorbed by the inner powers of specifically human inwardness on which view human being caught in its own transcendence becomes separated radically in kind from the rest of existence and may not touch even the shadow of reality except through its own prism Excess therefore or prolongation And on what terms The relationship between culture and nature in its technical phase demands a new elucidation Here this is pursued by excavating the root significance of the multiple rationalities of life In contrast to Husserl who differentiated living types according to their degree of participation in the world the phenomenology of life disentangles living types from within the onto-poietic web of life itself The human creative act reveals itself as the Great Divide of the Logos of Life a divide that does not separate but harmonizes thus dispelling both naturalistic and spiritualistic reductionism

The Radical Edge Steve Farber, 2006-04-01 In his bestselling book The Radical Leap Steve Farber introduced readers to Extreme Leadership showing them how to renew their passion and excitement and become committed to changing the world for the better by disregarding normal constraints Now Farber takes readers to an even higher level of self discovery in The Radical Edge Management guru Steve is back working with young Senior VP Cameron Summerfield who has superstar sales skills but a severe and demoralizing leadership style Along the way both Steve and Cameron learn how taking responsibility for making the future markedly better than the present can improve the world Readers will learn answers to these questions How can people amp up their lives to amazing levels of achievement If individuals assume personal responsibility can customers companies and employees change for the better Is it really possible to shake off inertia and transform your work and your life The best book you ll read this year

Captivating from the first page and jam packed with invaluable lessons This is a must read The Radical Edge is terrific Jason Jennings New York Times bestselling author It s Not The Big That Eat The Small It s The Fast That Eat The Slow Less is More and Think BIG Act Small Farber s style is disarmingly honest as he gives us a playbook for harnessing the power of the human spirit Invite your team to read The Radical Edge and you ll have a lasting framework to move your life and business forward Simon Billsberry CEO Kineticom 33 on the Inc 500 2005

Impetus and Equipose in the Life-Strategies of Reason Anna-Teresa Tymieniecka,2000-12-31 Employing her original concept of the onto-poiesis of life the author uncovers the intrinsic law of the primogenital logos that which operates in the working of the indivisible dyad of impetus and equipose This is the crucial intrinsically motivated device of logoic constructivism This key instrument is engaged is at play at every stage of the advance of life In a feat unprecedented in the history of western philosophy the emergence and unfolding of the entire orbit of the human universe is shown to bear out this insight Furthermore the intrinsic rhythms of impetus and equipose are taken as a guide in uncovering the workings of the logos all at once in contrast to the piecemeal exposition of a single line of argument In a schema covering the entire career of beingness in becoming between the infinities of origin and destiny an historically unprecedented harmonizing all sectors of rationality is accomplished in a span of reflection comparable to Spinoza s Ethics The work draws on interdisciplinary investigations in both science and the arts All of the history of Occidental philosophy finds summary in it even as feelers guidelines leitmotifs are thrown out for its future development A landmark of Occidental philosophy at the turn of the millennium
