Steven R. Smith

Radical Agenda After The New Right And The Old Left:

The Centre-left and New Right Divide? Steven R. Smith, 2018-11-09 First published in 1998 this volume offers some solutions to the inherent difficulties with moving from philosophical generalities to specific policies by exploring how a bridge might be built between political philosophy and social policy analysis In light of these findings Steven R Smith evaluates the relationship between the Centre Left and the New Right focusing on the way in which concepts of individual autonomy and equality are used by political philosophers and social policy makers Smith explores post 1945 training education social security and community care policy within the United Kingdom *A Radical Agenda* David Donnison, 1991

A Radical Agenda David Donnison, 1991 *Social Policy Towards 2000* Prof Vic George, Vic George, Stewart Miller, 2013-07-23 Governments in all advanced industrial societies are involved in an endless struggle of how to square the welfare circle as demand for public services rises due to demographic social and labour market factors Government ability to finance this rising tide of public service demand is constrained by economic and at times ideological factors but failure to make welfare provision has adverse electoral consequences This is not an issue which is likely to go away *Social Policy Towards 2000* examines the issues and factors affecting the welfare state and by comparing the proposals of the three main UK political parties for the welfare system for the remaining part of the decade offers a prospective analysis of the future of welfare

The Three Pillars of Liberty Francesca Klug, Keir Starmer, Stuart Weir, 2003-09-02 First published in 2004 Routledge is an imprint of Taylor Francis an informal company *Changes in Society, Crime and Criminal Justice in Europe* C. J. C. F. Fijnaut, Johan Goethals, 1995 In 1994 the School of Criminology a part of the Department of Criminal Law Criminal Procedure and Criminology in the Faculty of Law of the Katholieke Universiteit Leuven celebrated the 25th anniversary of its study programme To give added lustre to this landmark in its history the Institute accepted the invitation from the International Society of Criminology to organise the 49th International Course of Criminology The title of the course was *Changes in Society Crime and Criminal Justice in Europe* A challenge for criminological education and research This course explored two themes both of which are likely to be the focus of debate in criminal policy in the near future crime and insecurity in the city and international organised and corporate crime The presentation and discussion of both themes followed two main approaches Lectures and seminars focused on the analysis of the nature the quantity and the development of the phenomena and meetings were focused on the policy needed to gain control of these phenomena Moreover attention was paid to technical and ethical problems which show up at the moment that empirical research is carried out This publication brings together the main part of the introductory lectures Part one relates to the theme of crime and insecurity in the city the second part contains the lectures on international organised and corporate crime Together both parts present a good picture of what was explained and commented on during the Course especially in relation to important European developments concerning crime criminal justice and criminal policy This book will become an important source of inspiration for both

criminological education and research Christian Justice and Public Policy Duncan B. Forrester, 1997-08-28 Disagreements about justice are not simply academic matters They create problems for practice and for policy making In a morally fragmented society in which nobody knows what justice is issues such as wages policy punishment and poverty become particularly difficult to handle People striving to act justly are often uncertain how this might be done Secular theories such as those of Rawls Hayek Habermas and modern feminist theorists examined here give some guidance for problems of justice that arise on the ground but have serious limitations This book argues that Christian theology although it can no longer claim to provide a comprehensive theory of justice can provide insights into justice theological fragments which give illumination challenge some aspects of the conventional wisdom and contribute to the building of just communities in which people may flourish in mutuality and hope **Communitarianism** Henry Benedict Tam, 1998-05 Although communitarianism has a long history it has only recently emerged to pose a major challenge to the traditional left right divide in politics and the competing principles of individualism and collectivism Communitarianism is the first comprehensive and accessible introduction to communitarianism's ideas and their implications for politics and citizenship Drawing on a wide range of international examples and engaging with communitarianism's critics Tam demonstrates clearly its relevance to the United States and the world **Before and Beyond the 'Big Society'** Joseph Forde, 2022-01-01 John Milbank's theology has shaped much modern political thinking both within and without the Church In *Before and Beyond the Big Society* Joseph Forde presents the first study devoted exclusively to John Milbank's theology of welfare and how it has influenced policy in the Church of England since 2008 By examining the favourable response the Church gave to the Big Society project in 2010-12 Forde shows that Milbank's Blue Socialist fingerprint increasingly dominates Church policy This theology has not evolved in a vacuum however and Forde expertly places it in its historical and theoretical context He offers a detailed critical discussion of Milbank's own critique of what has been the mainstream Temple Anglican theology of welfare in the Church of England since the 1940s and a fresh contribution to the assessment of Anglican social theology Finally he demonstrates how Milbank's ideas have been furthered by other influential Anglicans It is this influence that will carry the greatest implications for the Church of England's policy on welfare in future making this study relevant to all who care about its contribution to the provision of welfare **Developing Communities 6e** Susan Kenny, Tammy Hand, 2022-10-27 The bestselling *Developing Communities* provides a comprehensive introduction to the theory processes and practices of community development It offers insights into the challenges of this demanding field and considers the ways in which it can empower citizens This sixth edition aims to expand on community development values community development in Aboriginal and Torres Strait Islander communities factors impacting community development now and future challenges The visually appealing layout combines with student friendly language and numerous local case studies to keep students engaged Instructor resources include a NEW instructor guide revision questions and revised PowerPoint presentations
