Robert Lowe – the 'Adullamite'

Radical Liberal P

David Dutton

Radical Liberal P:

Ecuador George I. Blanksten, 2023-11-15 *Ecuador Constitutions and Caudillos* is a scholarly exploration of the political system and instability of Ecuador offering valuable insights into Latin American governance. The book addresses the broader issues of political instability that have plagued many Latin American countries particularly in relation to revolution caudillismo and ineffective constitutional structures. Professor Blanksten's study based on both library research and fieldwork in Ecuador examines the country's political landscape including its chronic problems and the broader implications for similar issues in other nations with large indigenous populations. Ecuador is presented as a classic case for studying Latin American political instability and while the book does not offer a definitive solution to these problems it contributes to a deeper understanding of the challenges faced by Ecuador and other Hispano American states. The volume aims to make two key contributions. First it provides an interpretation of political instability in Ecuador which may help shed light on comparable issues in other Latin American republics. Second it contributes to the development of political science literature on Latin America by filling in a crucial gap in basic knowledge about the individual countries. The author's personal connection to Ecuador having lived there for six months and interacted with people from various regions of the country adds depth to the study. The book is not only a research project but also a personal reflection on the Ecuadoran people and their political struggles balanced with the academic rigor needed for understanding the broader political issues in Latin America. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact. Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology. This title was originally published in 1951.

Liberal Parties in Europe Emilie van Haute, Caroline Close, 2019-02-12 This book investigates how liberal parties have evolved over time as a party family in a comparative perspective. Through a discussion of the applicability of the concept of party family to liberal parties it gives a better picture of the development challenges and opportunities for liberal parties in Europe. The history of liberal parties in Europe is peculiar and the origins of the liberal family are not clearly defined. Liberal parties are still quite heterogeneous given the various meanings embraced in the idea of liberalism including economic liberalism cultural liberalism progressivism social liberalism. Bringing together the best specialists engaged in the study of liberal parties and with a two levels perspective comparative and case study this book renews and expands our knowledge on the liberal party family in Europe. Four major themes are developed linked to the four approaches of the concept of party family electoral performances participation to power ideology and political program and party organization. These themes are systematically developed in case studies and in comparative chapters. Primarily aimed at scholars and students in comparative politics this book should especially appeal to scholars in the fields of political parties and party systems representation and elections voting behavior and public opinion.

Historical Dictionary of the Dirty Wars

David Kohut, Olga Vilella, 2016-11-16 The Historical Dictionary of the Dirty Wars covers the period 1954-1990 in South America when authoritarian regimes waged war on subversion both real and imagined. The term dirty war, *guerra sucia*, though originally associated with the military dictatorship in Argentina from 1976 to 1983, has since been applied to neighboring dictatorships in Paraguay 1954-1989, Brazil 1964-1985, Bolivia 1971-1981, Uruguay 1973-1985, and Chile 1973-1990. Although the concept is by no means peculiar to Latin America, the term has become a byword for state-sponsored repression anywhere in the world; these regimes were among its most notorious practitioners. In the mid-1970s they joined forces along with Ecuador and Peru to create Operation Condor, a top secret network of military dictatorships that kidnapped, tortured, and disappeared one another's political opponents. Their death squads operated both nationally and internationally, sometimes beyond the region. This third edition of *Historical Dictionary of the Dirty Wars* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on the countries themselves, guerrilla and political movements that provoked, though by no means exonerated, governmental reaction; leading guerrilla, human rights, military, and political figures; local, regional, and international human rights organizations; expressions of cultural resistance; art, film, literature, music, and theater; and artistic figures, filmmakers, novelists, and playwrights whose works attempted to represent or resist the period of repression. This book is an excellent access point for students, researchers, and anyone wanting to know more about the dirty wars of South America.

The Downfall of the Liberal Party, 1914-1935 Trevor Wilson, 2011-07-21 By 1914 the Liberal Party had been governing Britain ever since its stunning general election victory of 1906. Four years later the Party was out of office and so enfeebled it would never again form a government. What prompted the Liberal decline in the years of The Great War, and why did this decline then accelerate? Trevor Wilson's classic study analyses the strains exerted on Liberal principles by war and the leadership crisis induced in 1916 by Lloyd George's ousting of Asquith. A good political mystery, and Mr Wilson has told it in fine dramatic style. A. J. P. Taylor offers portraits of those rivals Asquith and Lloyd George that are among the best, the most plausible, and the most temperate available. *New Yorker*.

A History of the Liberal Party since 1900 David Dutton, 2013-04-26 Once teetering on the brink of oblivion, the British Liberal Party has again re-established itself as a major force in national and local politics. David Dutton's approachable study offers new insights into the waning, near-death, and ultimate recovery of the Liberal Party from 1900 to the present day. Discussions of politics, philosophy, and performance are all skilfully interwoven, as Dutton demonstrates how the party has become once more a formidable player on the political stage. The second edition of this established text offers an entirely new chapter on the coalition government. A chronology of key events. Numerous suggestions for further reading. This lively survey of British Liberalism from the era of Campbell Bannerman to that of Nick Clegg reviews existing literature while offering its own distinctive perspective on one of the most compelling of political dramas.

Political Change and the Labour Party 1900-1918 Duncan Tanner, 2003-02-13 Dr Tanner utilises extensive

data from the respective party records to examine the nature of the Liberal and Labour parties prior to 1914

Policy Networks Under Pressure Carsten Daugbjerg, 2018-11-09 First published in 1998 this book examines how established policy networks and the broader context within which they are embedded influence the choice of policy when change has been put on the agenda It criticises the existing network literature for being predominantly descriptive for having little to say on the choice of policy and for omitting the analysis of the broader political structures which have consequences for meso level policy making In order to reinforce the explanatory power of policy network analysis the book develops both a meso and a macro level theoretical model They help to explain why policy change is more radical in some settings than in others The theoretical arguments are tested by the use of detailed comparisons of agricultural policy making in Denmark and Sweden and of agricultural policy reforms in the European Union and Sweden

Evolution of the British Party System Robert C. Self, 2014-07-30 By the end of the nineteenth century reform and development of the British electoral system had inaugurated a new style of mass politics which fundamentally transformed the face of the British party system This book traces the evolution of recognisably modern parties from their roots in the 1880s through half a century of dramatic change in organisational structure electoral competition and constitutional thought In the House of Commons the Labour Party replaced the Liberals as the radical answer to the Conservative Party In the country at large the complex web of Victorian social regional and religious allegiances gave way to a cruder but more dynamic model of modern political loyalties The transformation at Westminster and in the constituencies is surveyed in relation to changes to the franchise including the vote for women class consciousness political organisation and doctrine The comprehensive account explains the varying fortunes of the parties in the face of mass democracy collectivism the First World War and economic uncertainty It also provides a critical insight into the debates and conflicts of interpretation which surround this pivotal period in British political history

From Popular Liberalism to National Socialism Oded Heilbrunner, 2017-05-15 Long live liberty equality fraternity and dynamite So went the traditional slogan of the radical liberals in Greater Swabia the south western part of modern Germany This book investigates the development of what the author terms popular liberalism in this region in order to present a more nuanced understanding of political and cultural patterns in Germany up to the early 1930s In particular the author offers an explanation for the success of National Socialism before 1933 in certain regions of South Germany arguing that the radical liberal sub culture was not subsumed by the Nazi Party but instead changed its form of representation Together with the famous völkisch fraction and the leftist fraction within the chapters of the Nazi Party there were radical liberal associations ex members of radical liberal parties sympathizers with these parties and notables with a radical orientation derived from family and regional traditions These people and associations believed that the Nazi Party could fulfil their radical liberal vision rooted in the local democratic and liberal traditions which stretched from 1848 to the early 20th century By looking afresh at the relationship between local regional identities and national politics this book makes a major

contribution to the study of the roots of Nazism *Green Taxation in Question* C. Daugbjerg, G. Svendsen, 2001-10-16

Environmental economists have in general paid little or no attention to the political context within which green taxation would be introduced. In order to understand the real life politics of green taxation it is necessary to establish which political constraints determine the actual design of green taxes. Daugbjerg and Svendsen identify rent seeking party politics and policy networks as the three main constraints in environmental regulation. This analysis forms the basis of policy recommendations on the future design of green taxation and international permit trading. Even though these policy recommendations are second best in strict economic terms they are the best economic designs given that they must be politically feasible.

Recognizing the artifice ways to get this books **Radical Liberal P** is additionally useful. You have remained in right site to start getting this info. acquire the Radical Liberal P associate that we have enough money here and check out the link.

You could buy guide Radical Liberal P or acquire it as soon as feasible. You could quickly download this Radical Liberal P after getting deal. So, in the same way as you require the book swiftly, you can straight get it. Its fittingly very simple and hence fats, isnt it? You have to favor to in this tell
